Appendix A: Choosing year 2 electives (Milestone 1)

To be submitted at the Educational Affairs Office before 15 June

Family name: _____

Given name(s): _____

Student number: _____

I choose the following **5 PSTS electives** in the academic year 2026-2027 from the set of 8 courses (**Please tick - √**) (or: I choose only 3 or 4 PSTS electives, in combination with other electives – see below)

Quartile 1:

	Course code	Course name
	201800150	Minds, bodies and technologies
	202600196	Computation and the environment
	202500263	Sustainability and decolonisation
	201800148	Good technology for users and society
	(201800146)	Transformations of knowledge in a digital age (NOT OFFERED in 2026-2027)

Quartile 2:

	Course code	Course name
	202500290	Anticipation and the Ethics and Politics of Futures
	201800151	Rethinking science-technology relations
	202200010	Ethics and epistemology of AI and robotics
	202500262	Technologies and sustainable use

I choose **the alternative course** from another UT programme that have been approved as a suitable elective by the Examination Board:

Quartile 1:

	Course code	Course name
	201600012	Management and governance of innovation and creativity (from the UT MSc programme Business Administration - BA)

Check if applicable:

☐ I am considering/applying to the 4TU E&T track so therefore my choice of electives may change according to the E&T track's programme.
Note: deadline for this 4TU E&T application is 15 June.

Instead of choosing 5 electives from the lists above, other electives on master's degree level can (up to a **maximum of 2 x 5 EC**) be selected, upon approval of PSTS programme management. Written requests in this regard have to be submitted to the PSTS study adviser before 15 June.

I choose **another elective course***:

Course name (and course code)	Name University/programme	ECs	Quartile

* Please be aware that you yourself have to inquire whether you are eligible to take this course/these courses and arrange your admission, with the staff of the other programme/university.

Students are expected to be familiar with the University's policy on plagiarism, cheating and other forms of academic misconduct. If an examiner has a motivated suspicion of fraud, the Examination Board will be notified. The Examination Board will start a procedure according to the Rules and Guidelines:
https://www.utwente.nl/en/bms/examboard/

Student:	Signature:
Date:	
Submit before the 15th of June** at the PSTS Educational Affairs Office (EAO), with cc to the PSTS study adviser.	

** Students who need to submit their elective(s) request to PSTS programme management may not have a guarantee at this moment that they can take their preferred elective elsewhere, but they still need to hand in this form to the Educational Affairs Office and study adviser in time, so their participation in the PSTS courses can be noted.
