Dear Herbert,

As promised, yesterday afternoon the ITC Faculty Council discussed the above issue.

Additionally, we asked the ITC Education Manager (Emile Dopheide) for his thoughts on the matter.

As expected, the issue was a well known one with the Educational management department, as it had been discussed rather extensively within the PIA forum.

It was also established that (at present) ITC is not intending to offer the possibility of a February enrollment for its two MSc programmes.

Notwithstanding this position, ITC has already forwarded its stance, which is fundamentally that rather than restructuring the educational timetable (with the resulting conflict with the school holiday week), the root cause of the difficulty, namely the lack of available student accommodation for the February participants, should be solved.

In conclusion the ITC Faculty Council expresses concern about the rescheduling of the MSc programme and its intake period and encourages steps to be taken to solve the student housing shortage that leads to the problem in the first place.

With regards

John Horn
Chair, ITC Faculty Council

Dear Herbert,
First of all, thank you so much for the valuable opportunity to meet last week. As, always, I learned a lot.
Regarding the '*Enrolment moment for semester 2'*, I have [placed this on our agenda for the ITC Faculty Council meeting of Wednesday 1th September.
I will try hard to send you our response the next day.
Regards

John

Subject: RE: Enrolment moment for semester 2

Dear all,

Thanks once again for the issues raised and comments given last Wednesday. We send around the document enrollment moment 2nd semester as the current advices are quite diverse. We would appreciate your position (or at least issues you think will be important). To be able to take these into account, we would have them preferable September 10th or at the latest September 17th. I know this is a horrible schedule but I appreciate any effort from your side to get to a well-founded decision. To shorten the communication you may also send your comments to the chair of the responsible committee, Hanneke Becht j.g.m.becht@utwente.nl.

Best regards

Herbert Wormeester
