

ANNOUNCEMENT

Defense PhD thesis by Anna Mueller

***Von Karman Institute for Fluid Dynamics
Environmental and Applied Fluid Dynamics Department***

***University of Twente
Faculty of Engineering Technology***

***Title: Large Eddy Simulation of cross-flow around a square rod at incidence
with application to tonal noise prediction***

Date: Friday January 20, 2012

Time: 16:45 o'clock

Room: Building de Waaier, lecture room 4

Promotor: Prof. dr. ir. A. Hirschberg

Assistant promotor: Dr. P. Rambaud
