

Declaring your candidacy 2011

You need to declare your candidacy to stand for the University Council elections before 5 PM on Wednesday 30 March at Spiegel room 300.

The candidacy registration forms are available at the Central Polling Committee (Spiegel, room 300). To stand as a candidate you need to submit a list with at least one candidate (and a maximum of fifteen candidates) and signatures of at least five voters (students registered at the UT), who do not also occur on the candidate list. If there are errors in the submitted forms, these can be corrected.

Besides submitting your own list of candidates, it is also possible to join an existing party. The advantage of this is that there is a lot of experience within these parties and there is an existing party organization to support you. The following student parties are represented on the University Council: UReka, PvdUT and Campus Coalitie (CC). But starting your own list is always a possibility.

Membership

Students receive a fee for their membership. There is an additional amount for special positions.
