**Learn to captivate your audience**

**Attention decreases  
drastically  
after 10 minutes**

Rather than compete  
with **smartphones,**

**wooclap**

**turns them into  
an exceptional learning tool.**

# How to use wooclap?

What is the capital of Uganda?

1

## Create your questions

Sign up on the web and create the questions you wish to ask. You can start from scratch or use one of our practice examples.

wooclap EN  
What is the capital of Uganda?  
1 Kampala  
2 Brussels  
3 Paris

2

## The participants vote

Your audience goes to the voting website, enters the code for your presentation, and votes. No installation or setup needed.

What is the capital of Uganda?

1 Kampala  
2 Brussels  
3 Paris

3

## Display the results

The results will be displayed in real time as the votes come in. Of course, you can also hide the results until everyone is finished.

# Table of contents

Part 1:

# General description

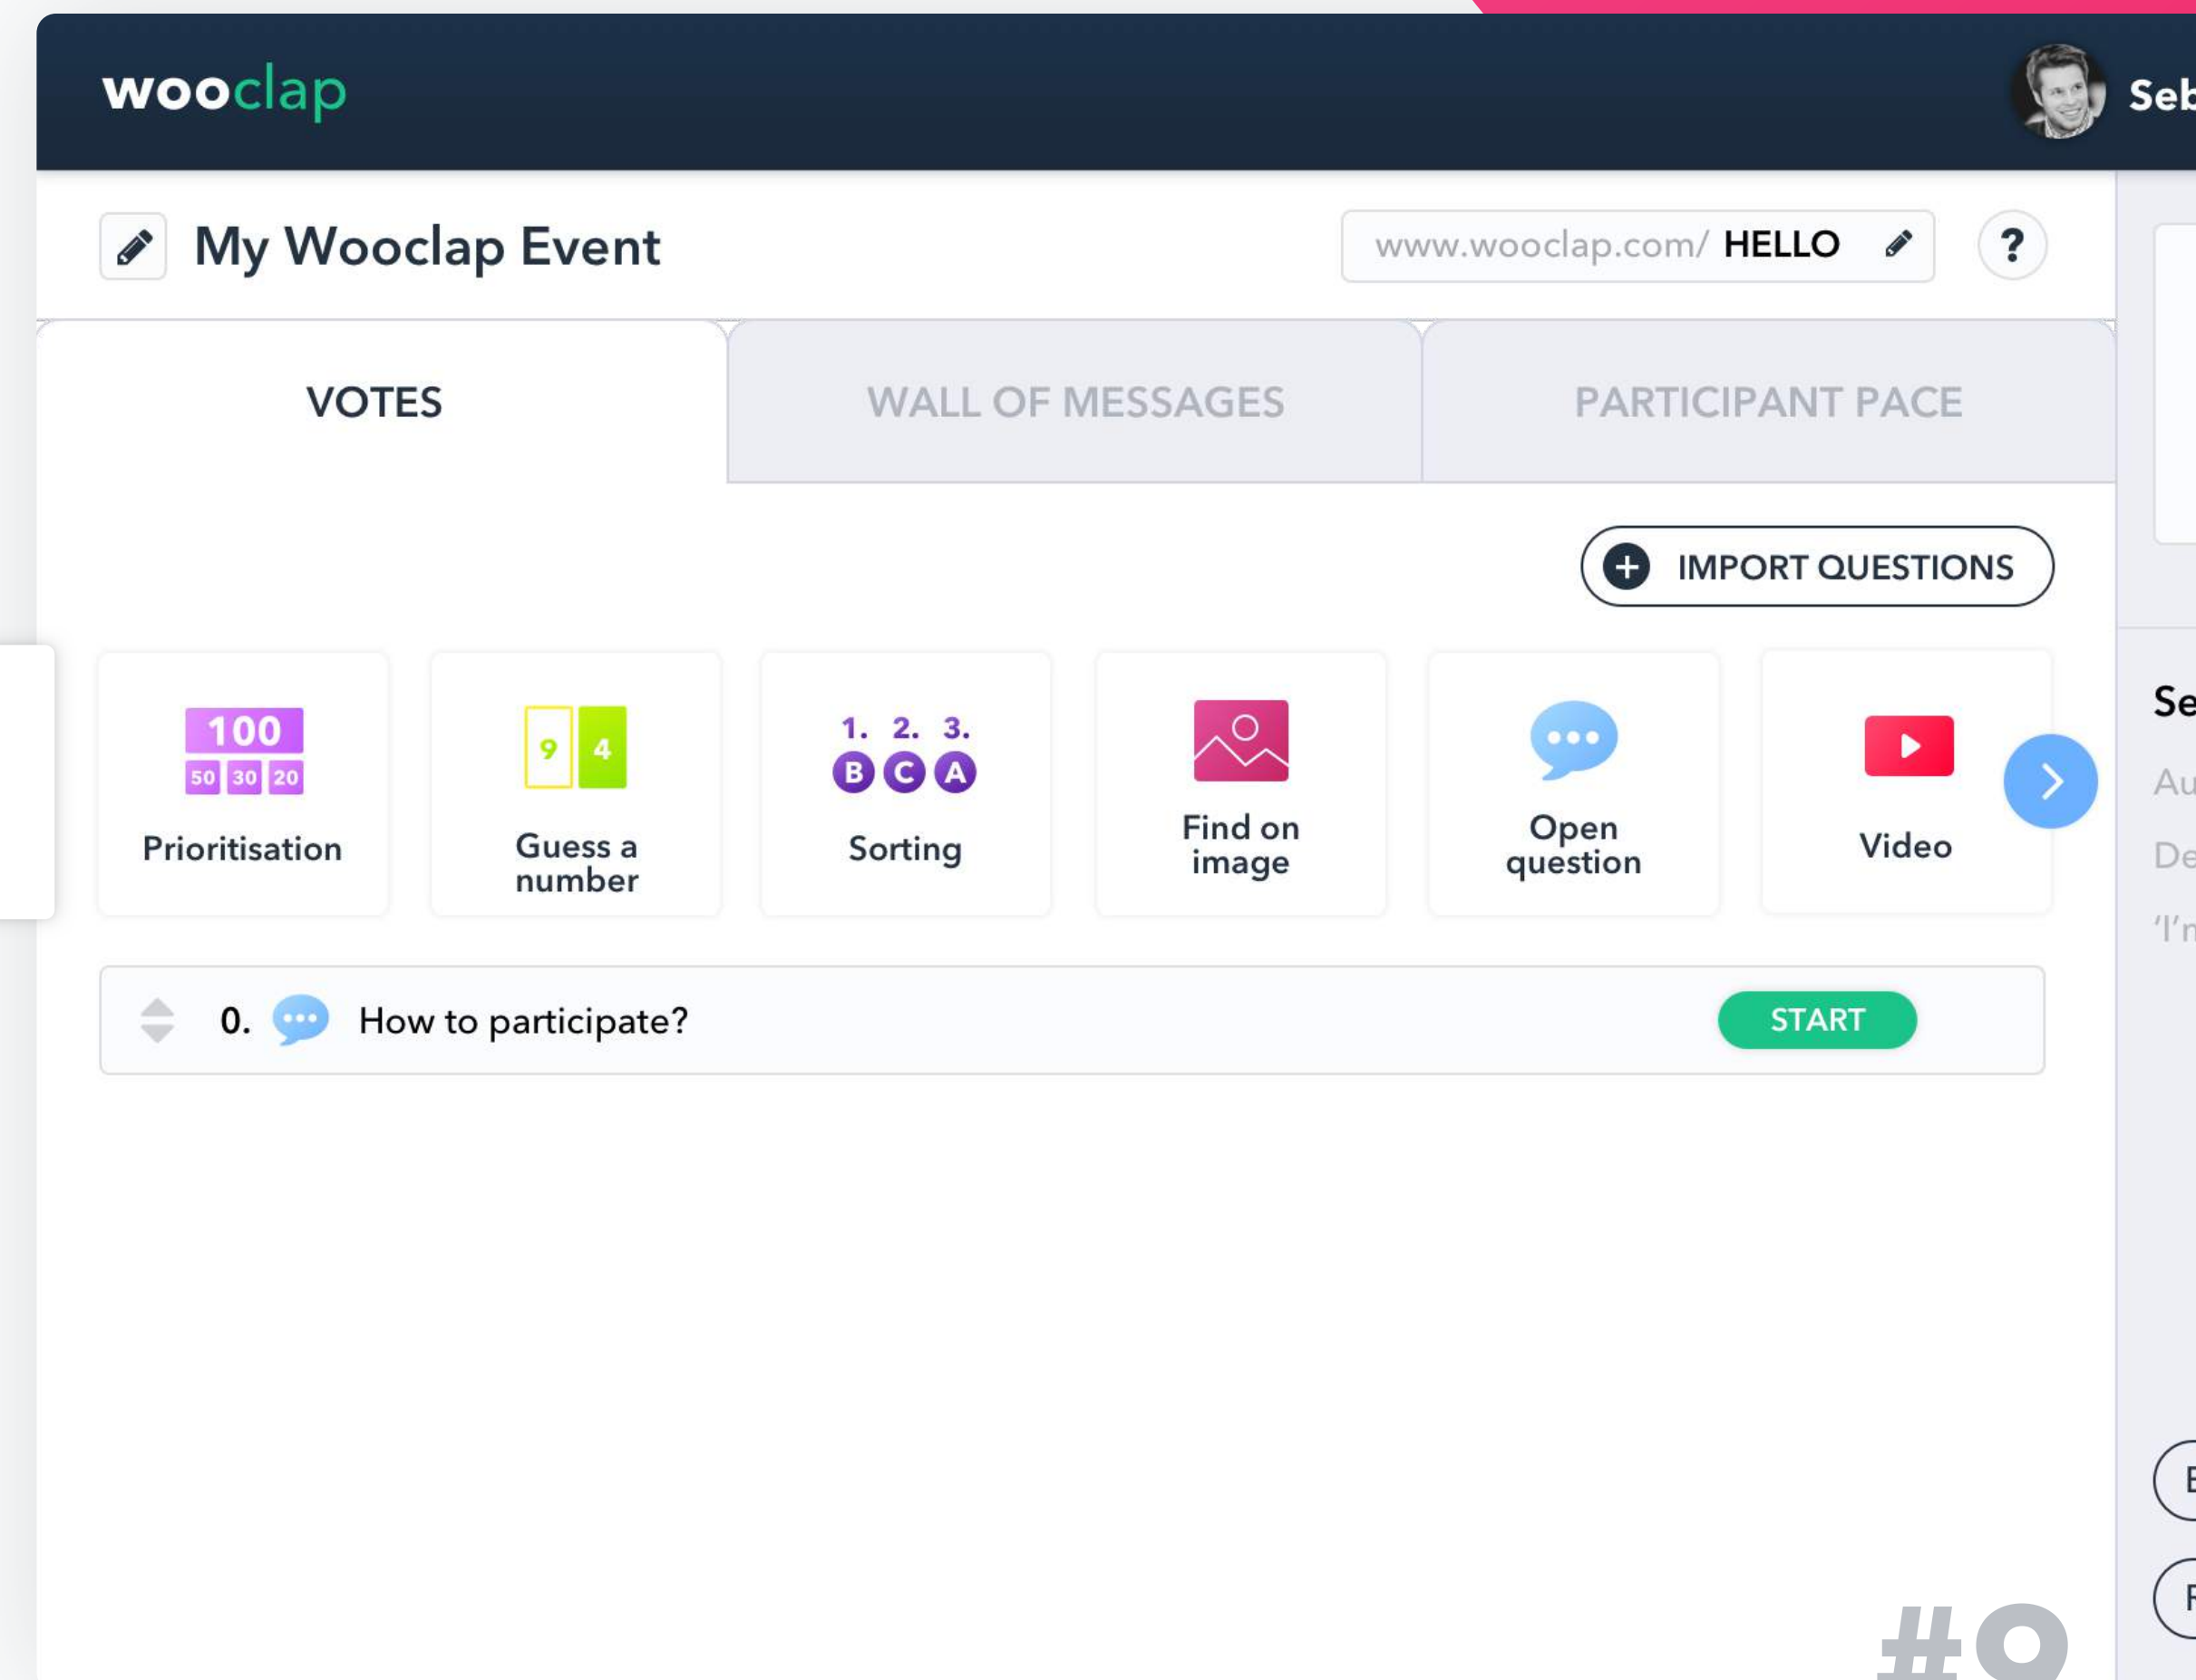

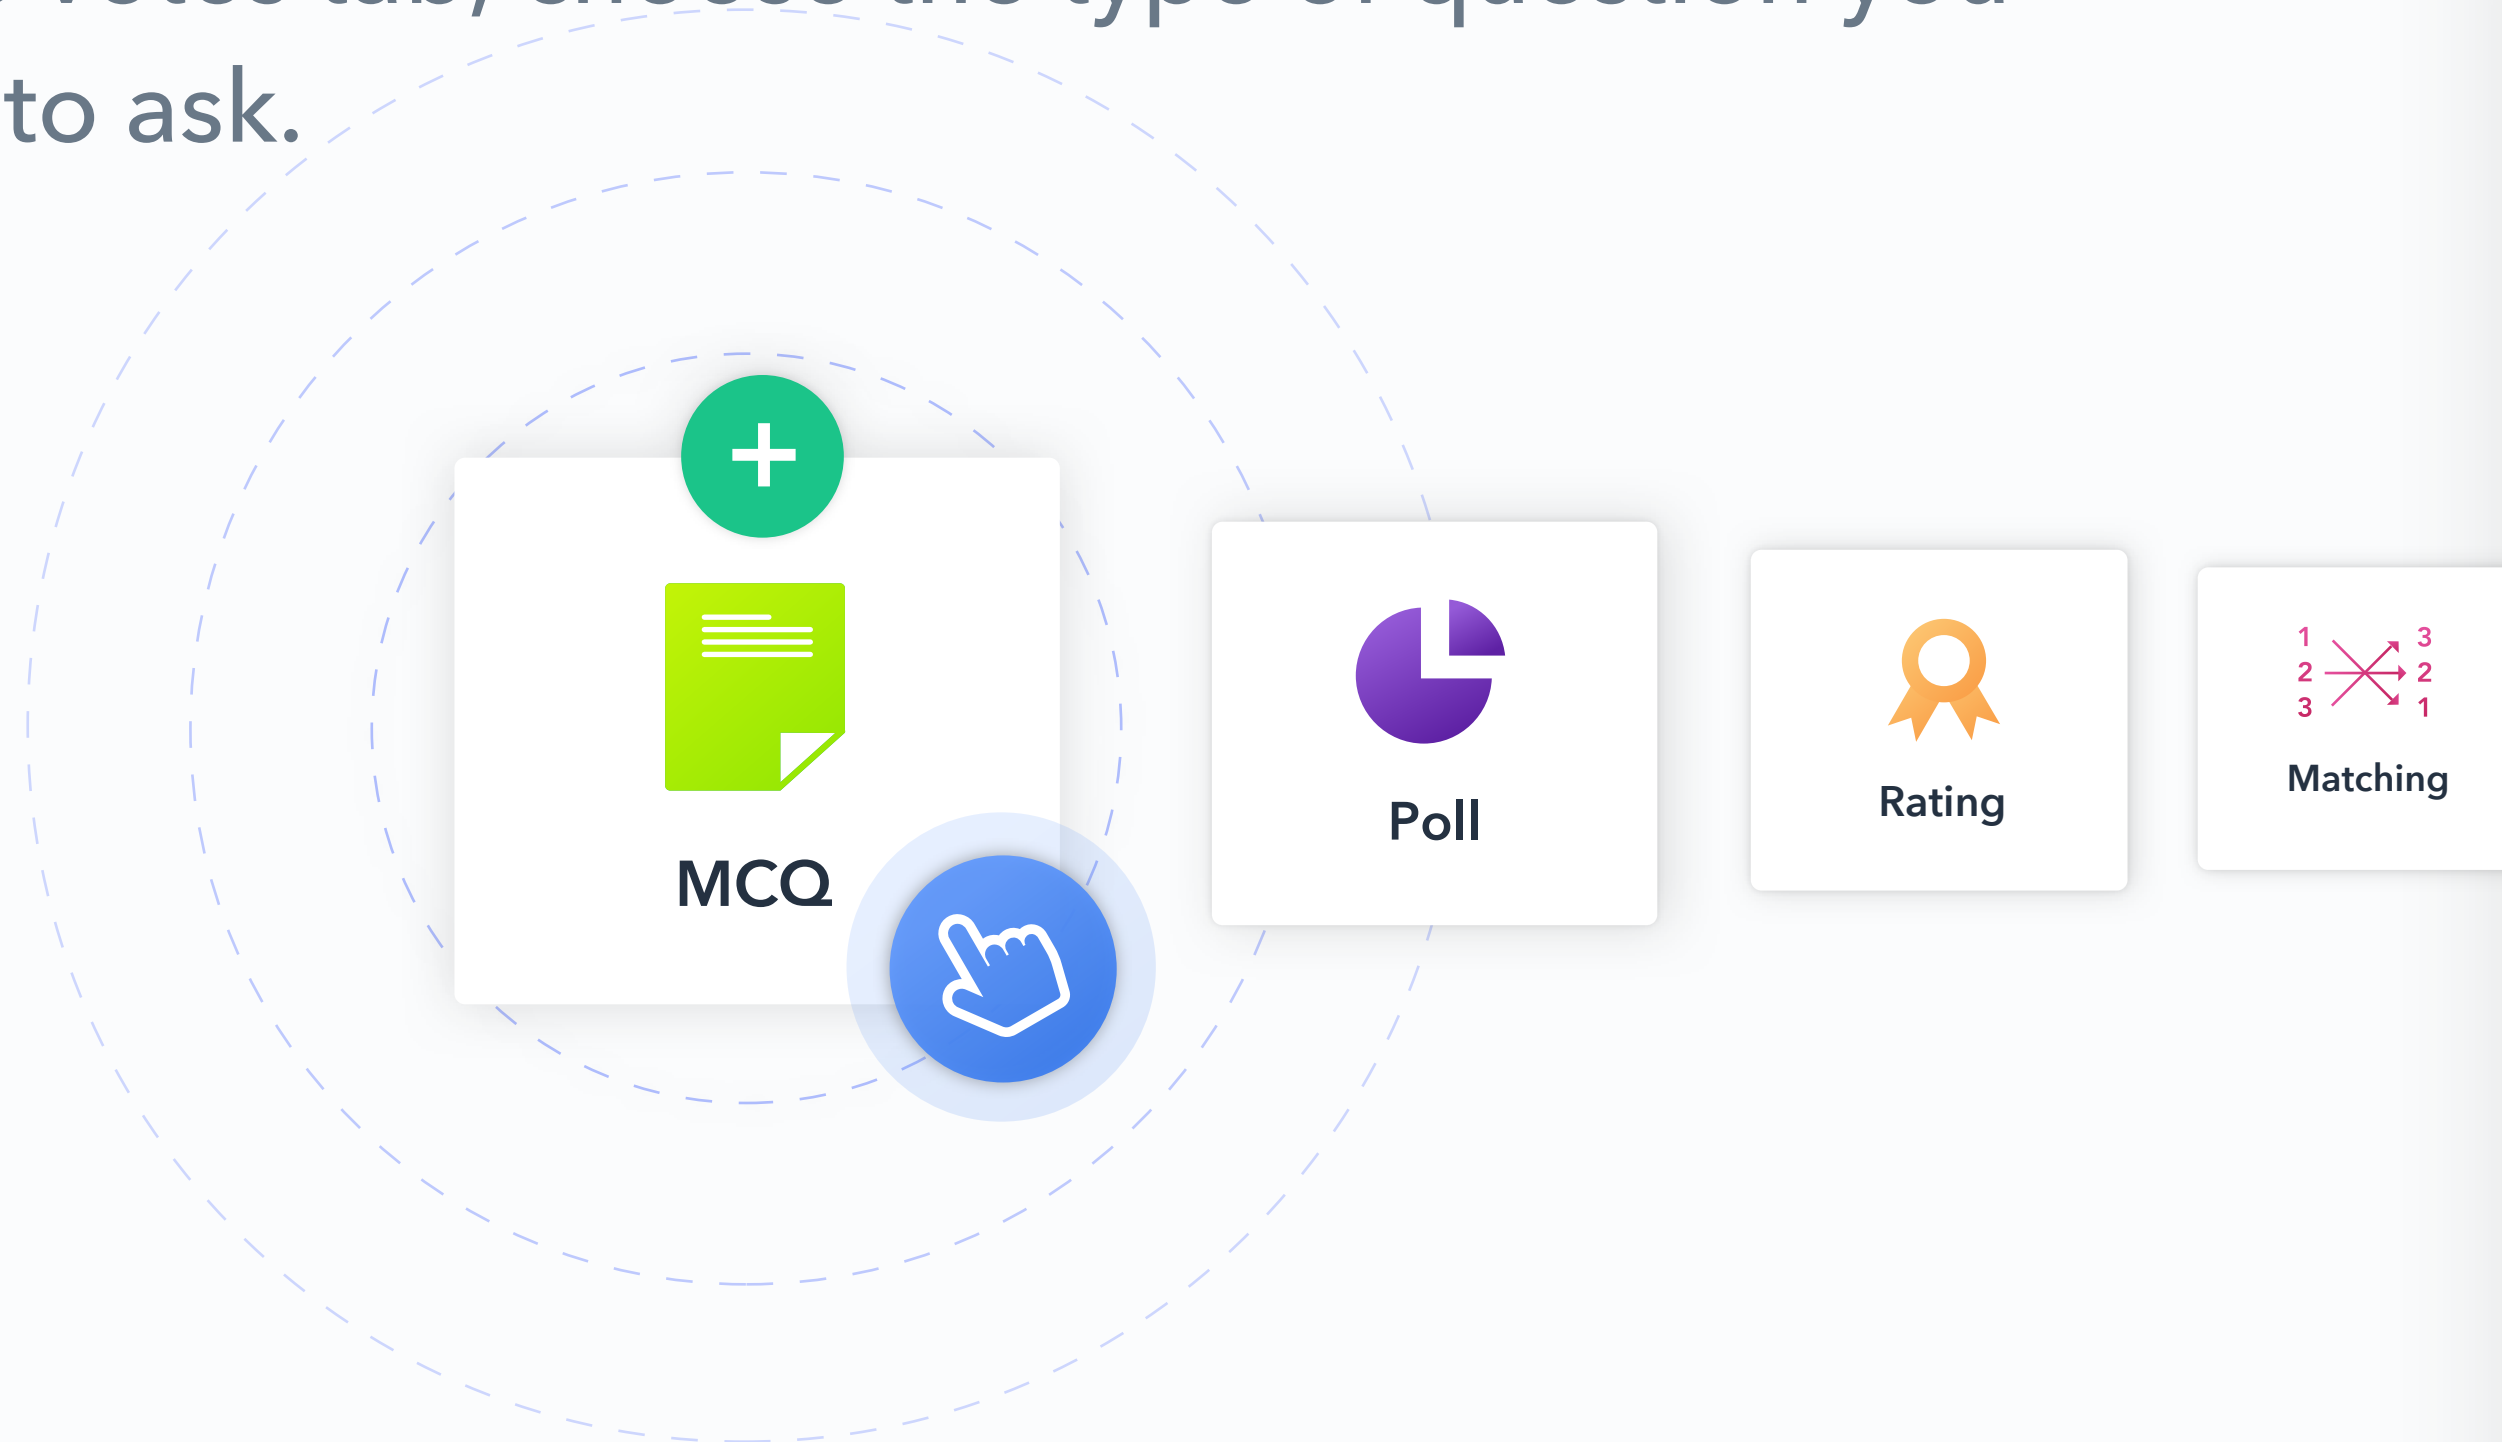

# ■ 1.1

## Votes: real-time interactions

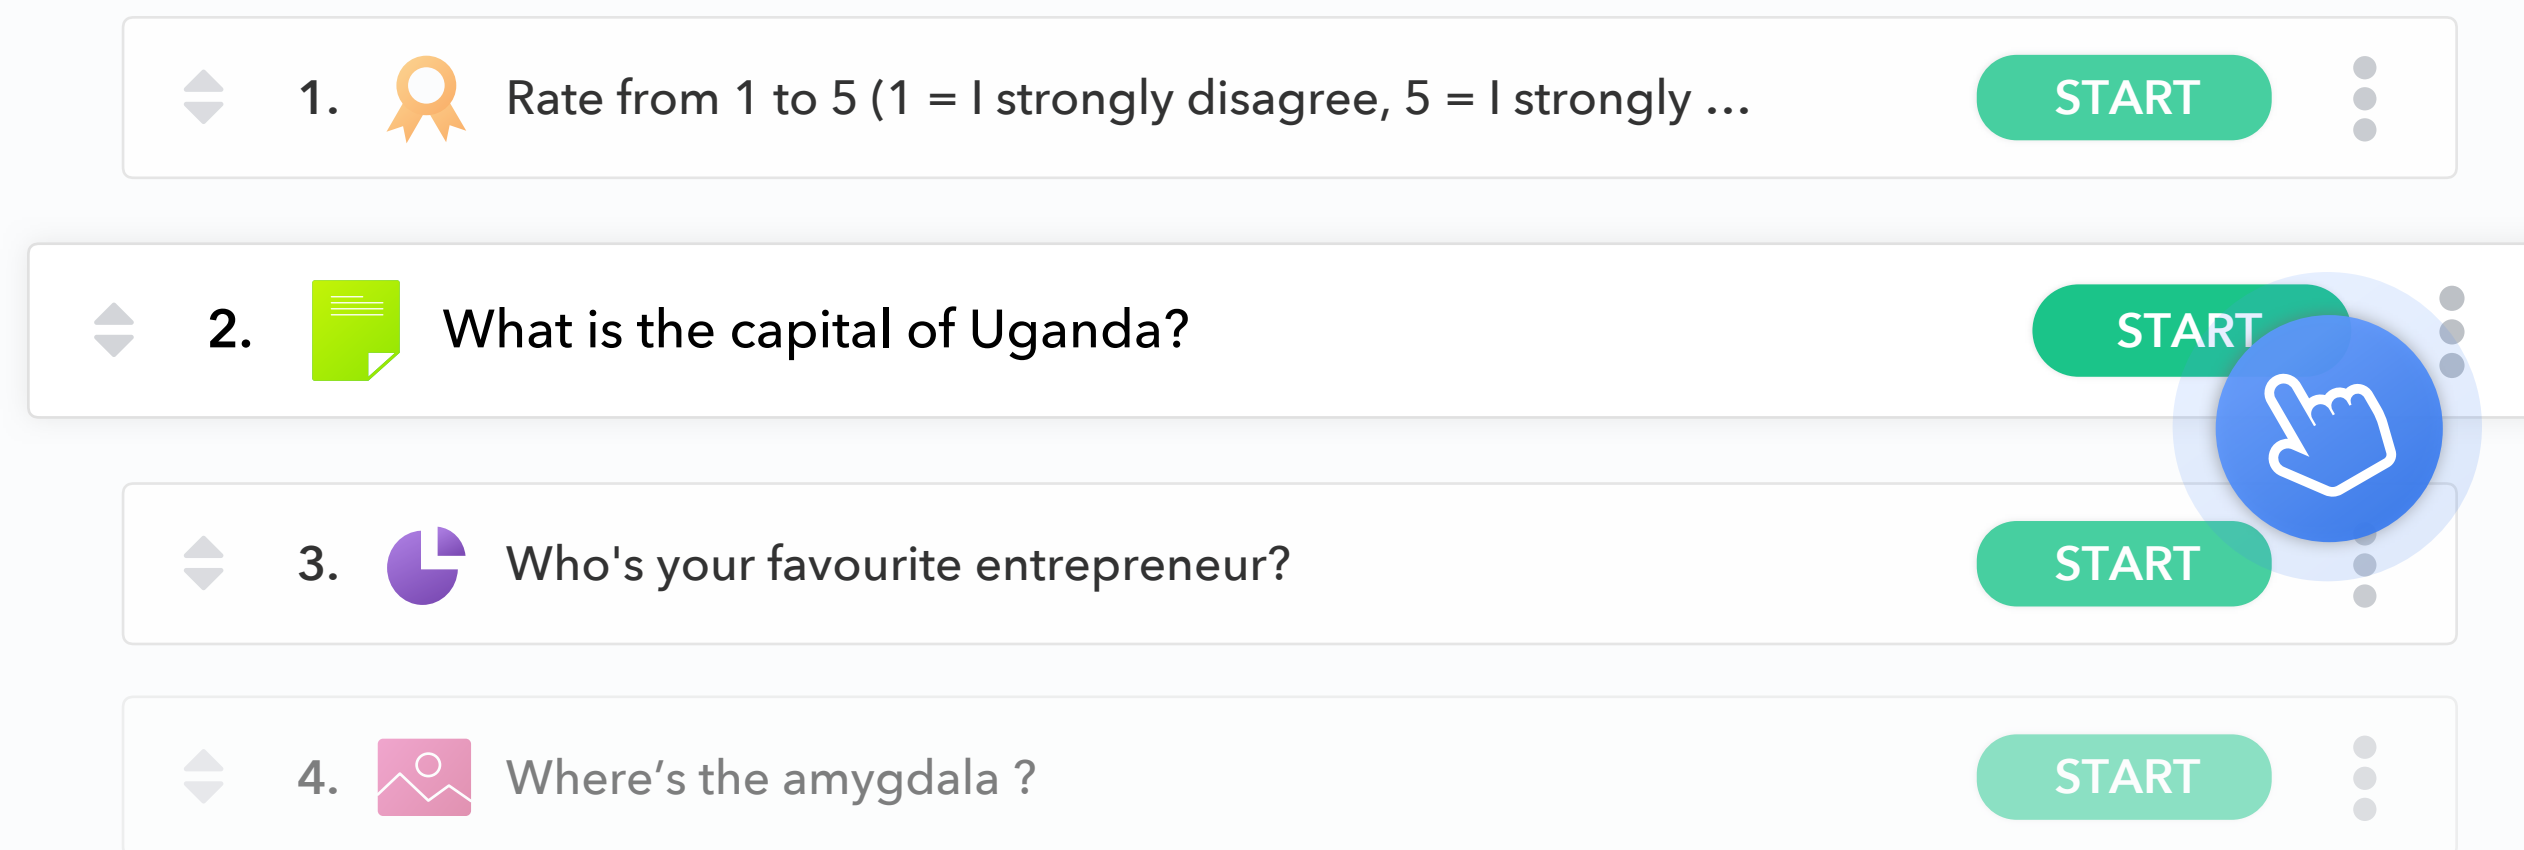

### Step 1

In the votes tab, choose the type of question you want to ask.

## Step 2

Create your question, save it and click **Start** to display the question on the screen.

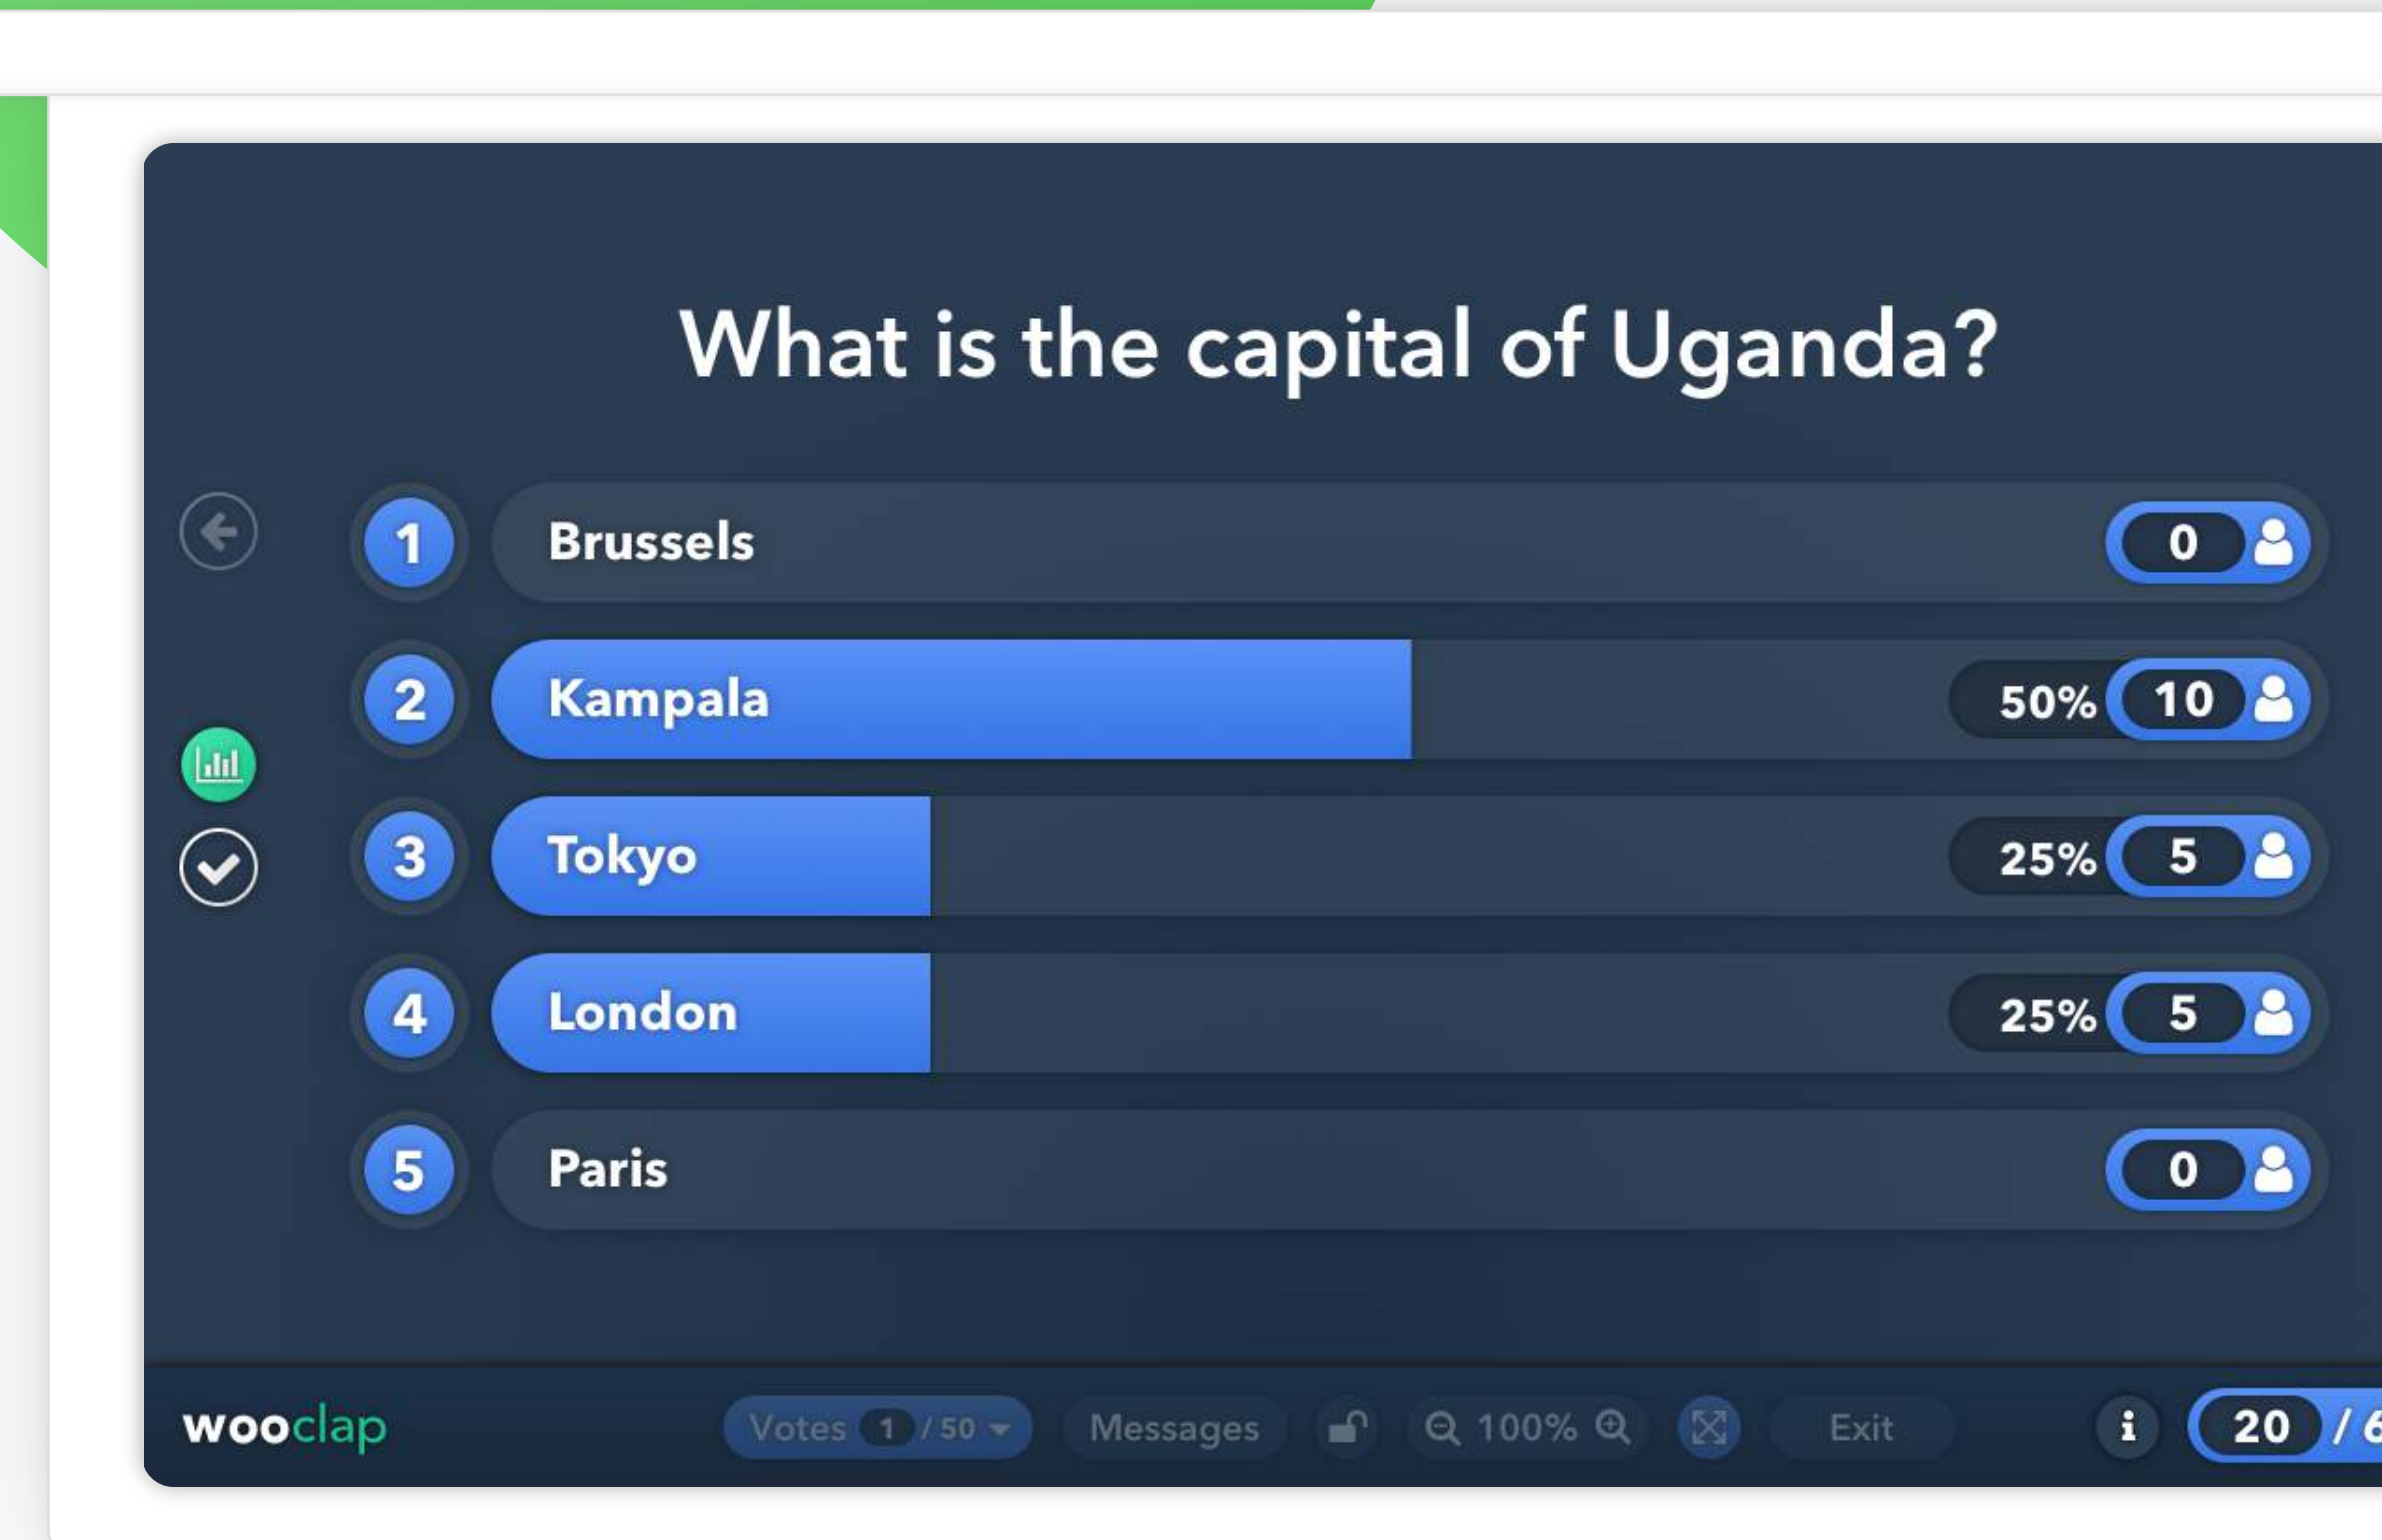

1.  Rate from 1 to 5 (1 = I strongly disagree, 5 = I strongly ... **START**

2.  What is the capital of Uganda? **START**

3.  Who's your favourite entrepreneur? **START**

4.  Where's the amygdala ? **START**

### What is the capital of Uganda?

Option	Percentage	Votes
1 Brussels	0%	0
2 Kampala	50%	10
3 Tokyo	25%	5
4 London	25%	5
5 Paris	0%	0

wooclap | Votes 1 / 50 | Messages | 100% | Exit | 20 / 6

Please note that participants will be able to answer only the question you are currently displaying. If you'd rather set up a series of questions they will answer at their own pace, use the "Participant Pace" tab.

# Step 3

Personalise your event's code and invite your audience to answer the question by connecting to it, either by **SMS (text messaging)** or via the **URL displayed on screen**. Do so by starting the "0. How to participate?" question.

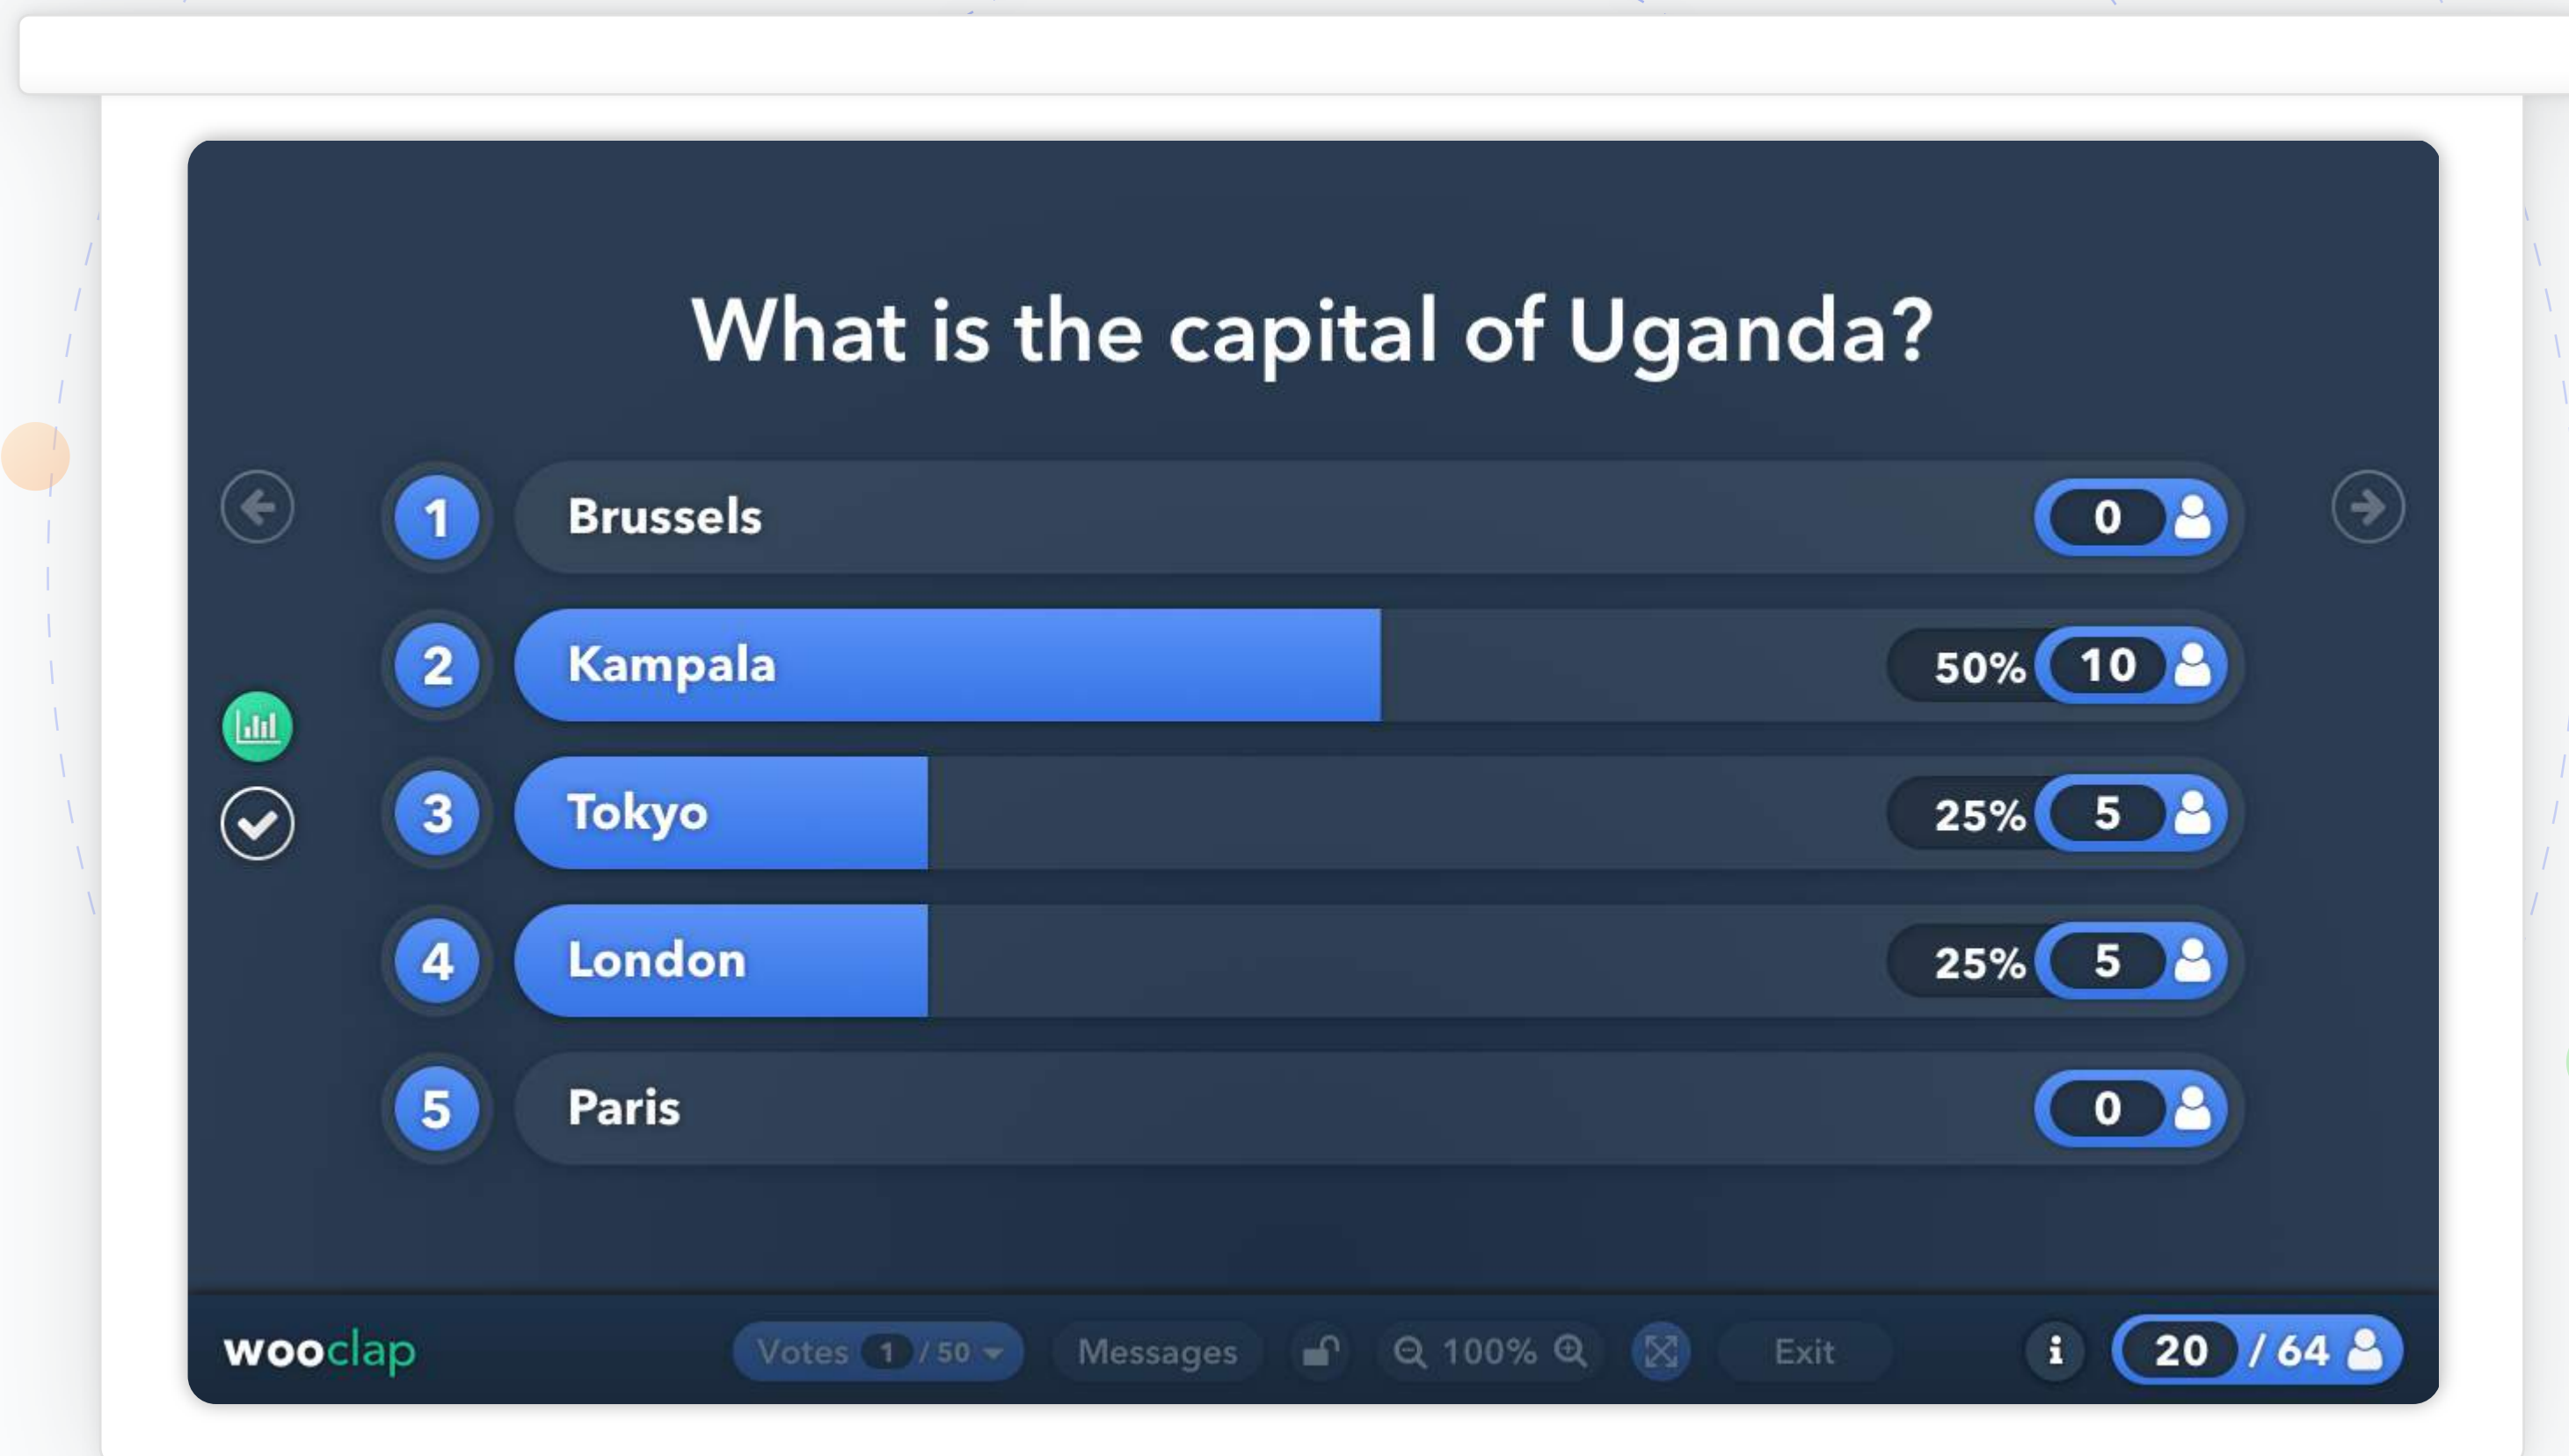

The screenshot shows the Wooclap event management dashboard. At the top, the user is logged in as 'Sebastien'. The main area is titled 'My Wooclap Event' and displays the event URL 'www.wooclap.com/HELLO'. Below this, there are tabs for 'VOTES', 'WALL OF MESSAGES', and 'PARTICIPANT PACE'. A row of question types is visible: Prioritisation, Guess a number, Sorting, Find on image, Open question, and Video. At the bottom, a question titled '0. How to participate?' is selected, with a 'START' button and a hand cursor icon pointing to it.

The screenshot shows the 'How to participate?' screen for an event. It features two main options: 'SMS' (represented by a smartphone icon) and 'WEB' (represented by a globe icon). Under 'SMS', there are two steps: 1. Send @HELLO once to 0460 200 711, and 2. Send your answer to the same number (ex. 1 ou 2 ou ...). Under 'WEB', there is one step: 1. Connect to www.wooclap.com/ZNFRNZ. The bottom of the screen shows the Wooclap logo, navigation buttons for 'Votes', 'Messages', and 'Exit', and a progress indicator '20 / 6'.

## Step 4

Display results on the screen in real time.

## ■ 1.2

# Wall of messages

## Activate the wall ①

**Activate** the wall of messages to allow the audience to post messages or ask questions.

## Display the wall ②

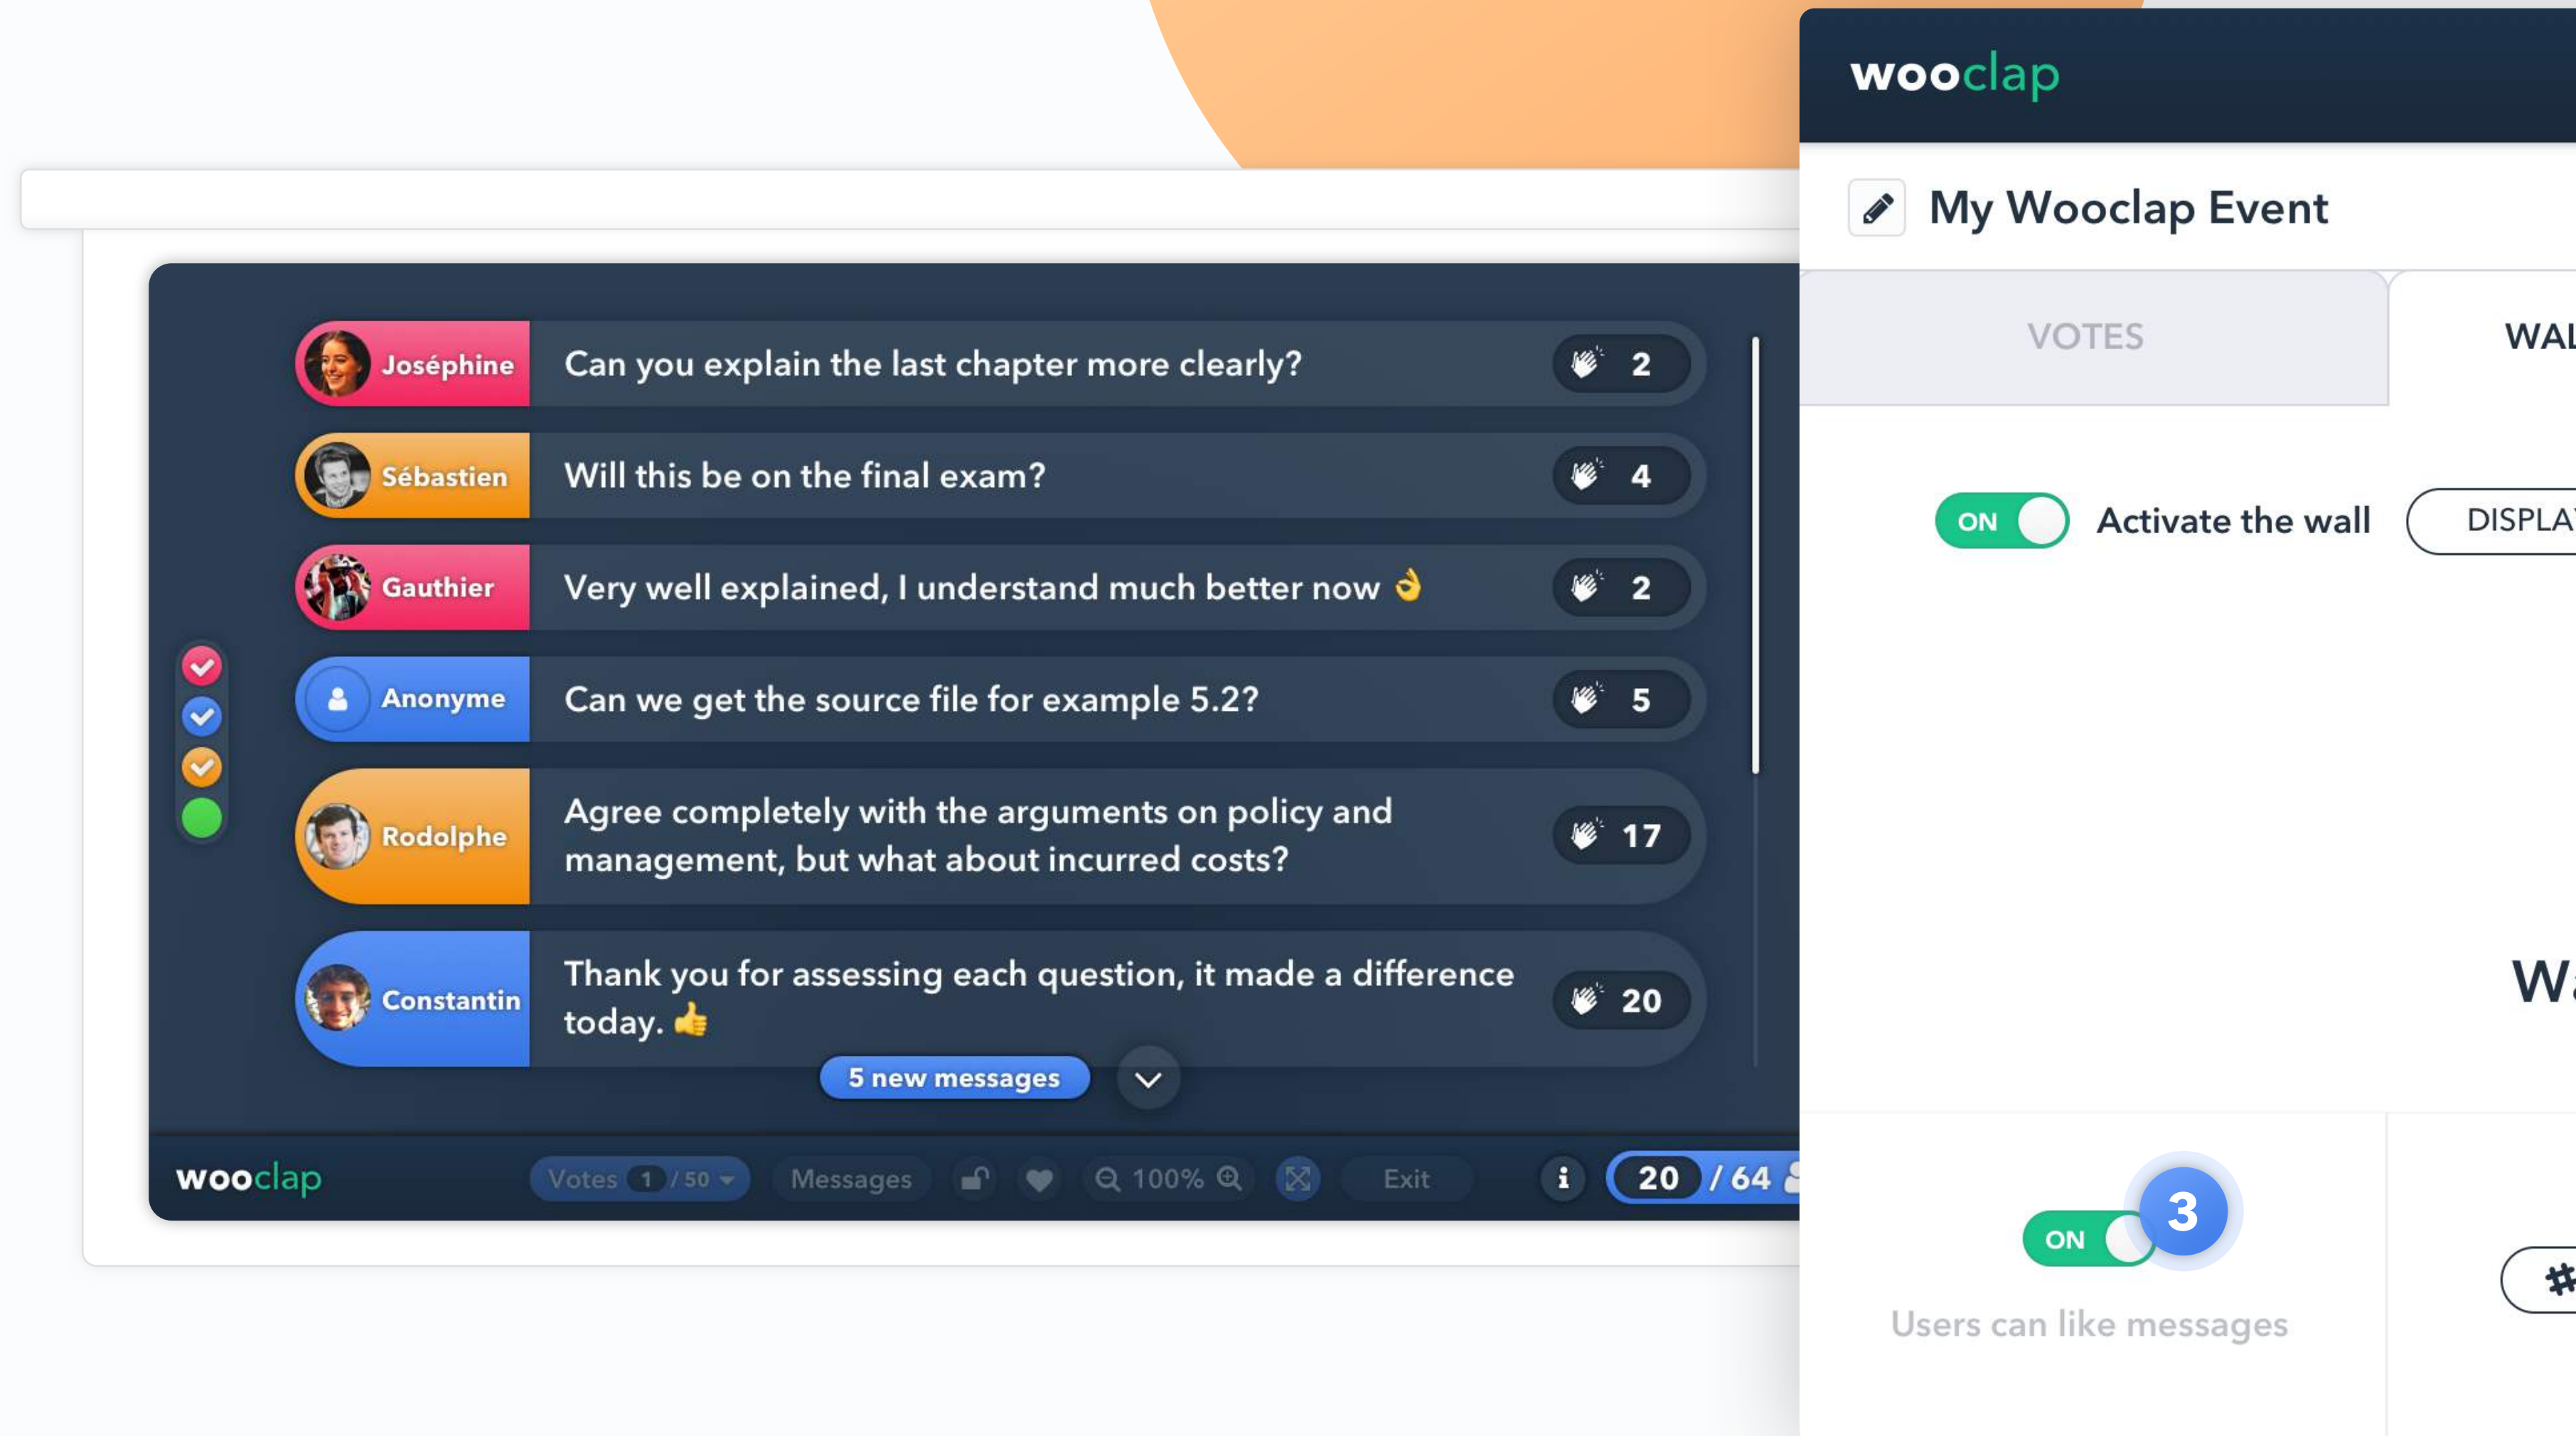

To display the messages on the screen, click on **Display**.

The screenshot shows the WooClap event management interface. At the top, the 'wooclap' logo is on the left, and a user profile for 'Sebastien' is on the right. Below the header, the event title 'My WooClap Event' is displayed, along with a URL 'www.wooclap.com/ HELLO' and a help icon. The main content area is divided into three tabs: 'VOTES', 'WALL OF MESSAGES', and 'PARTICIPANT PACE'. The 'WALL OF MESSAGES' tab is active. In this tab, there is a toggle switch labeled 'ON' and 'Activate the wall' with a blue circle containing the number '1' next to it. To the right of the toggle are three buttons: 'DISPLAY' (with a blue circle containing the number '2' next to it), 'RESET', and 'EXPORT MESSAGES'. Below this section is a 'Wall settings' section with three items: a toggle switch labeled 'ON' and 'Users can like messages', a button labeled '# ADD TO SLACK', and a button labeled 'TWITTER'. On the right side of the interface, there is a sidebar with a 'Settings' section containing options like 'Authenticati...', 'Default visibl...', and 'I'm confused...', and a 'More c...' section with buttons for 'Export resu...' and 'Reset'.

# Allow likes 3

Allow students to see and like each other's questions on their devices.

You can choose to sort them by popularity, by clicking on the ♥ in the navigation bar.

## ■ 1.3

# Questionnaire: participant's pace

## Step 1

Create a series of questions the students can answer at their own pace. For example, 15 questions your students will have to answer before or after class.

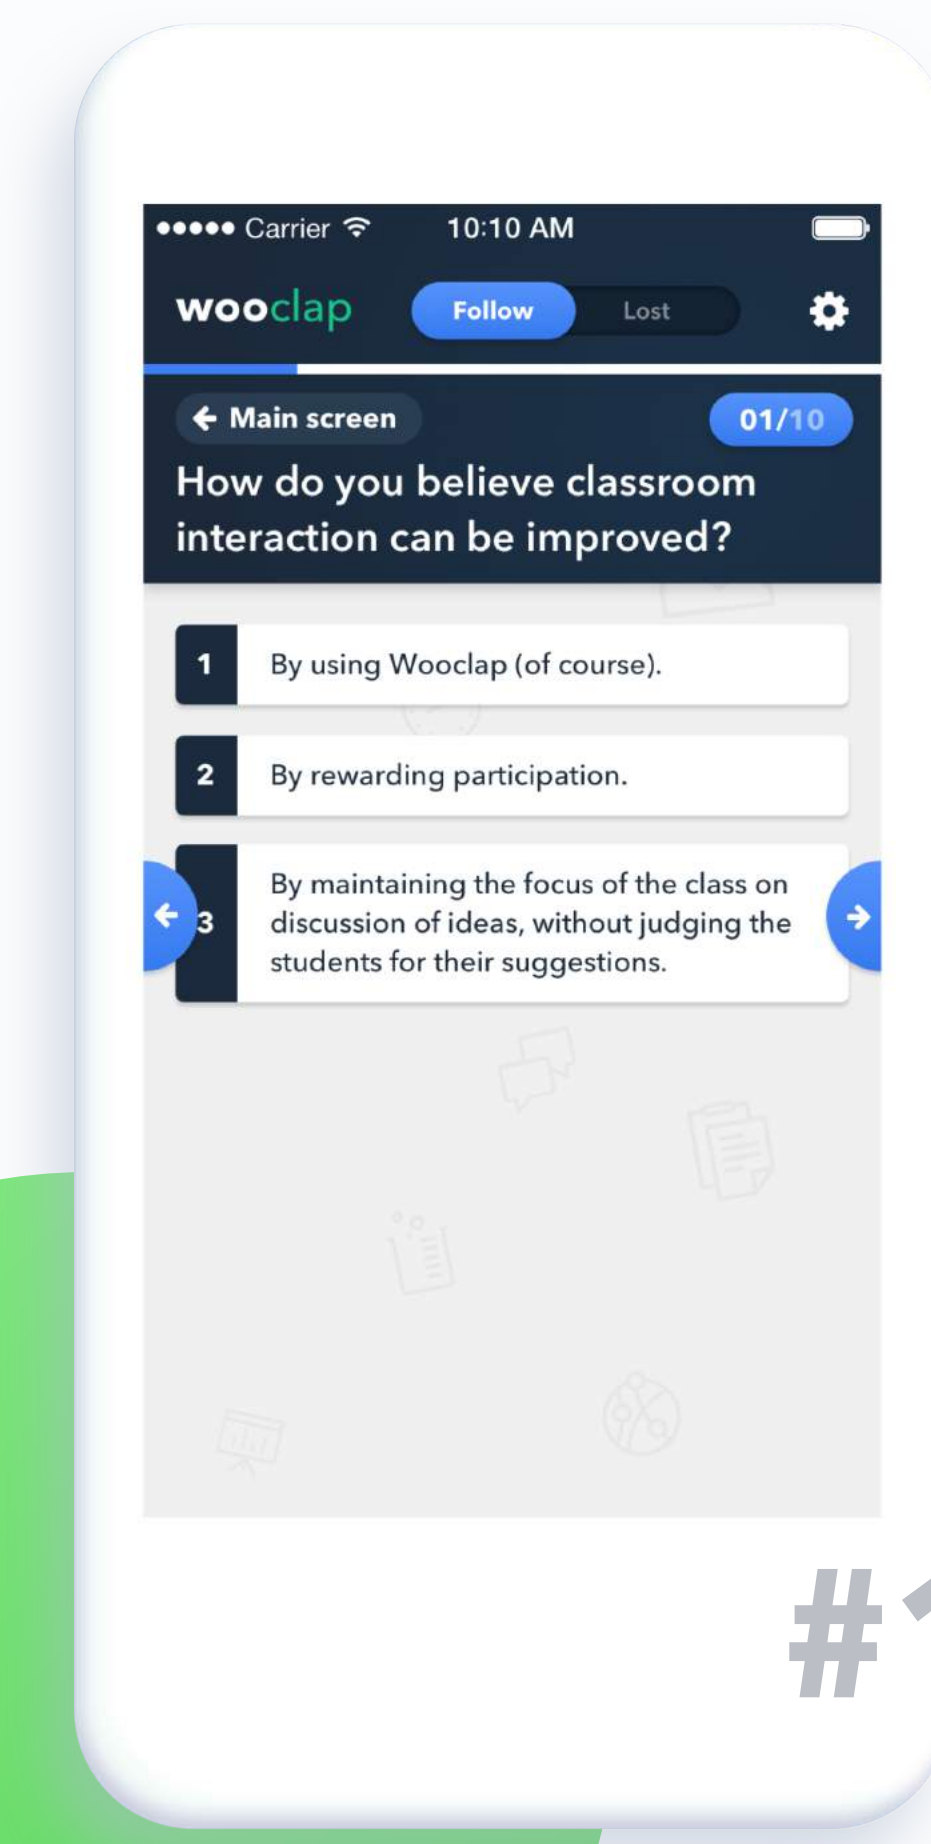

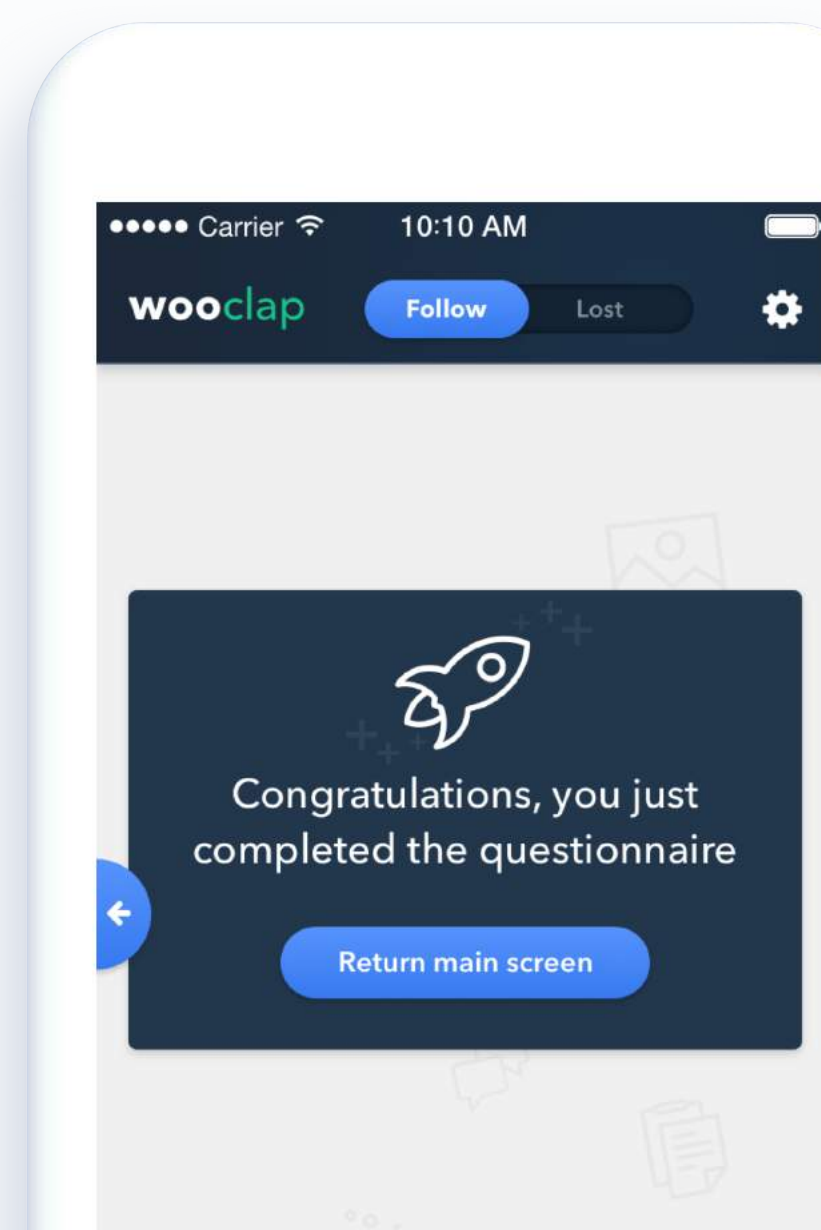

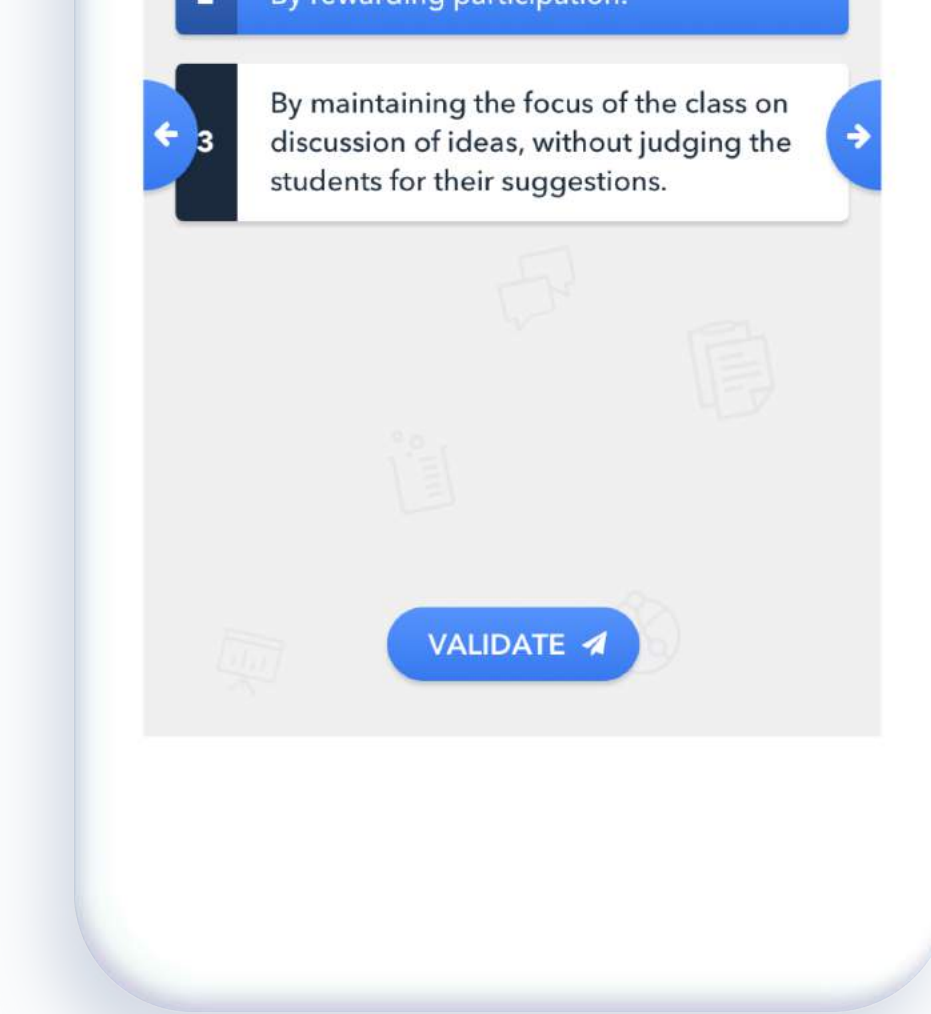

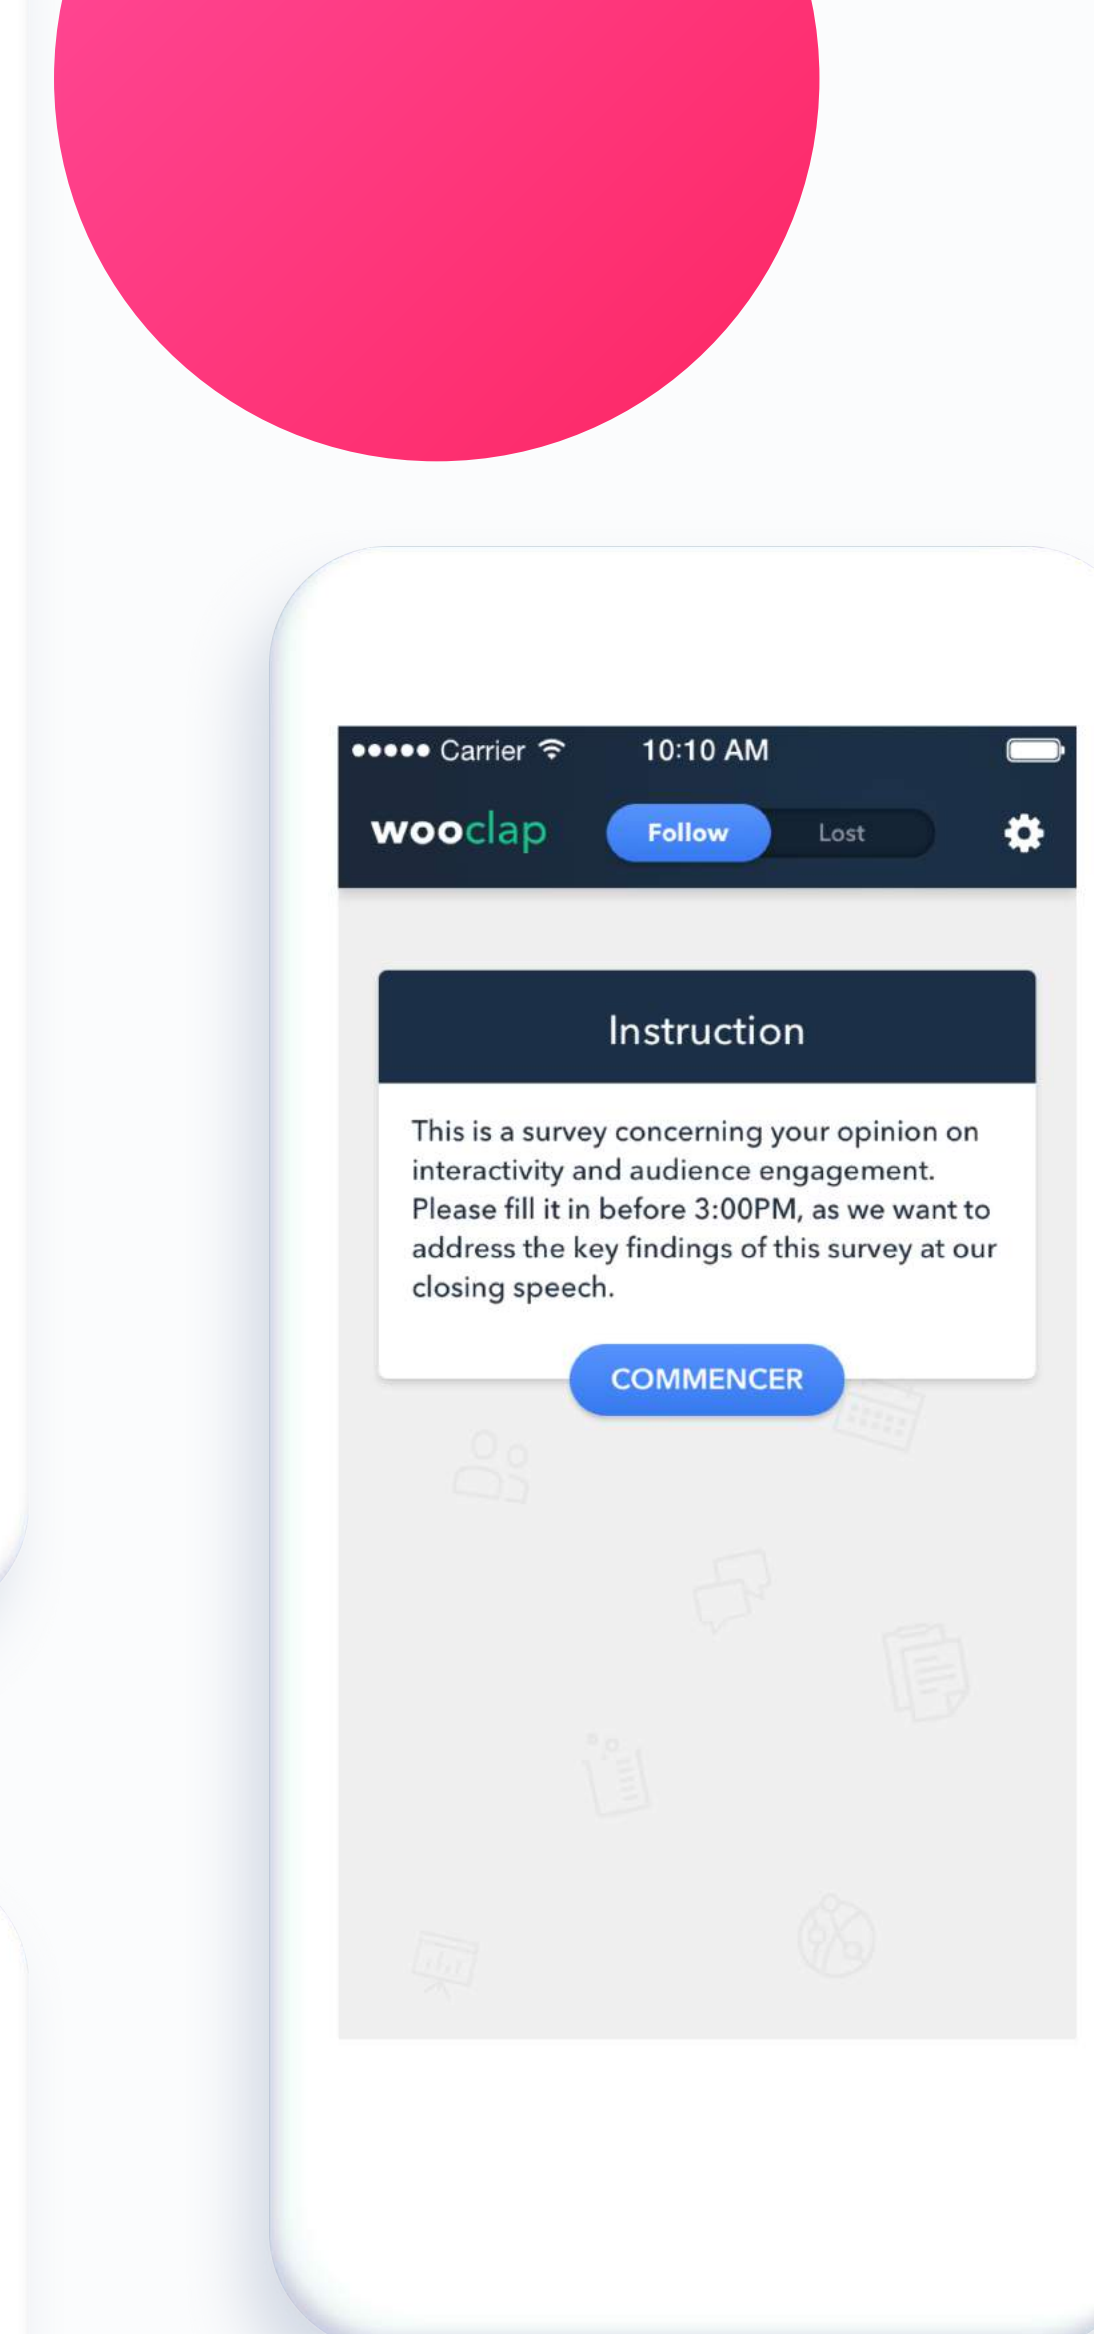

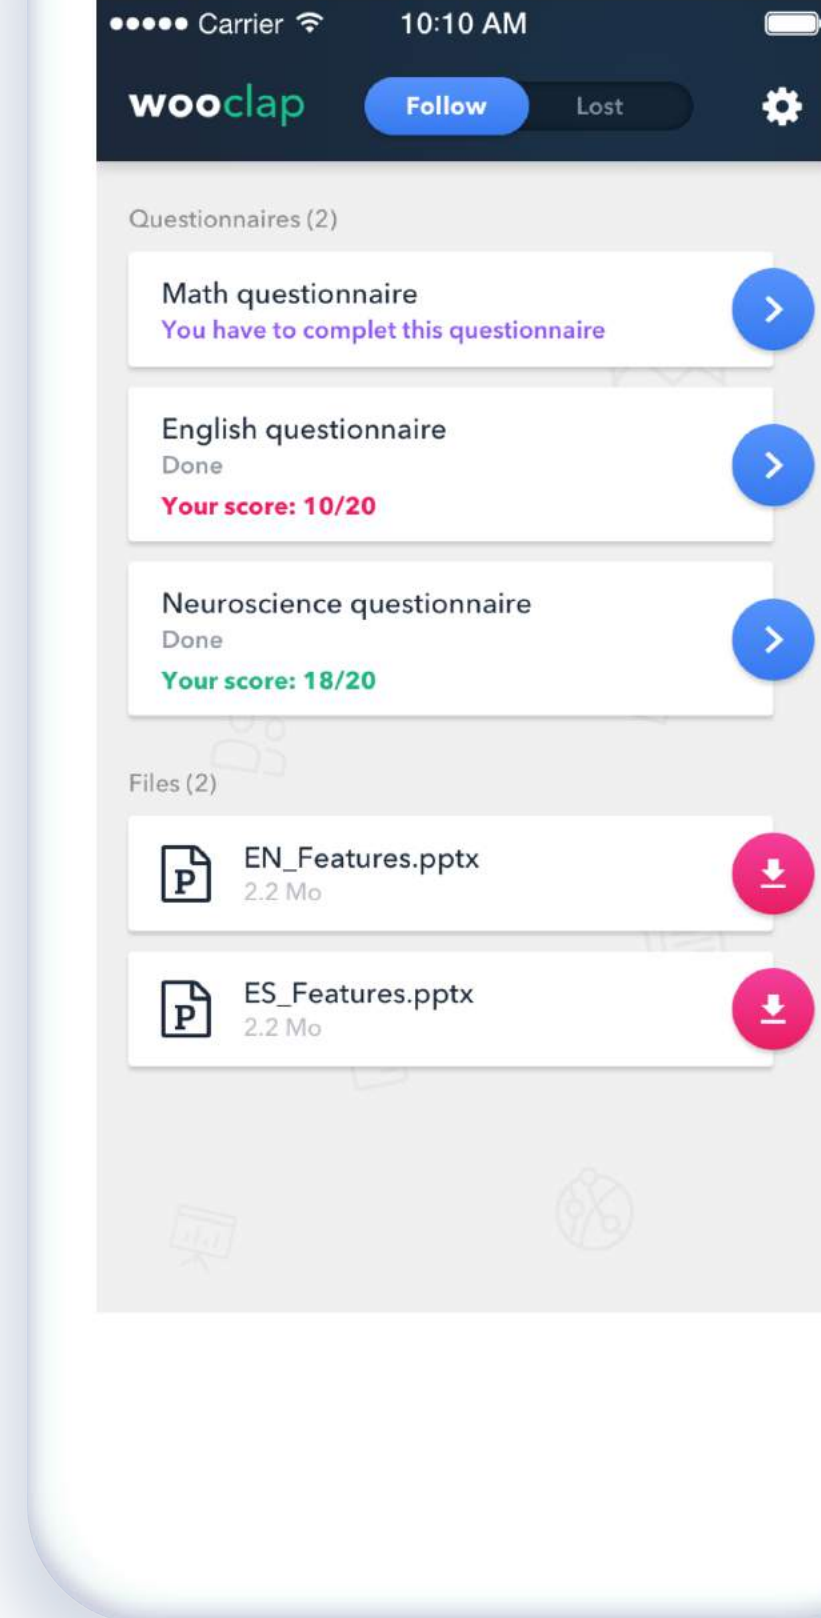

## Step 2

Activate the questionnaire before, during or after your class. These questionnaires will be available as long as you leave them online.

The screenshot displays the Wooclap web interface. At the top, the 'wooclap' logo is on the left, and a user profile for 'Sebastien' is on the right. Below the header, the page title is 'My Wooclap Event' with a URL 'www.wooclap.com/ HELLO'. Three tabs are visible: 'VOTES', 'WALL OF MESSAGES', and 'PARTICIPANT PACE', with the latter being the active tab. Under the 'PARTICIPANT PACE' tab, there are two main sections: 'Questionnaires' and 'Files'. The 'Questionnaires' section has an 'ADD NEW' button and a list of questionnaires. The first one is '1. Countries questionnaire', which has a green 'ON' toggle switch highlighted by a blue circle with the number '2'. Other options for this questionnaire are 'GRID' and 'REPORT'. The 'Files' section also has an 'ADD NEW' button and a list of files. The first file is '1. Presentation\_FR.pdf' with an 'OFF' toggle switch. The second file is '2. Presentation\_EN.pdf' with an 'OFF' toggle switch. On the right side of the interface, there is a 'Settings' sidebar with various options like 'Authentif...', 'Default vi...', and 'I'm confu...'. At the bottom right, there are buttons for 'Export' and 'Reset'.

# Step 3

Invite your participants to connect to your event's URL

# ■ 1.4

## 'I'm confused' button

### Step 1

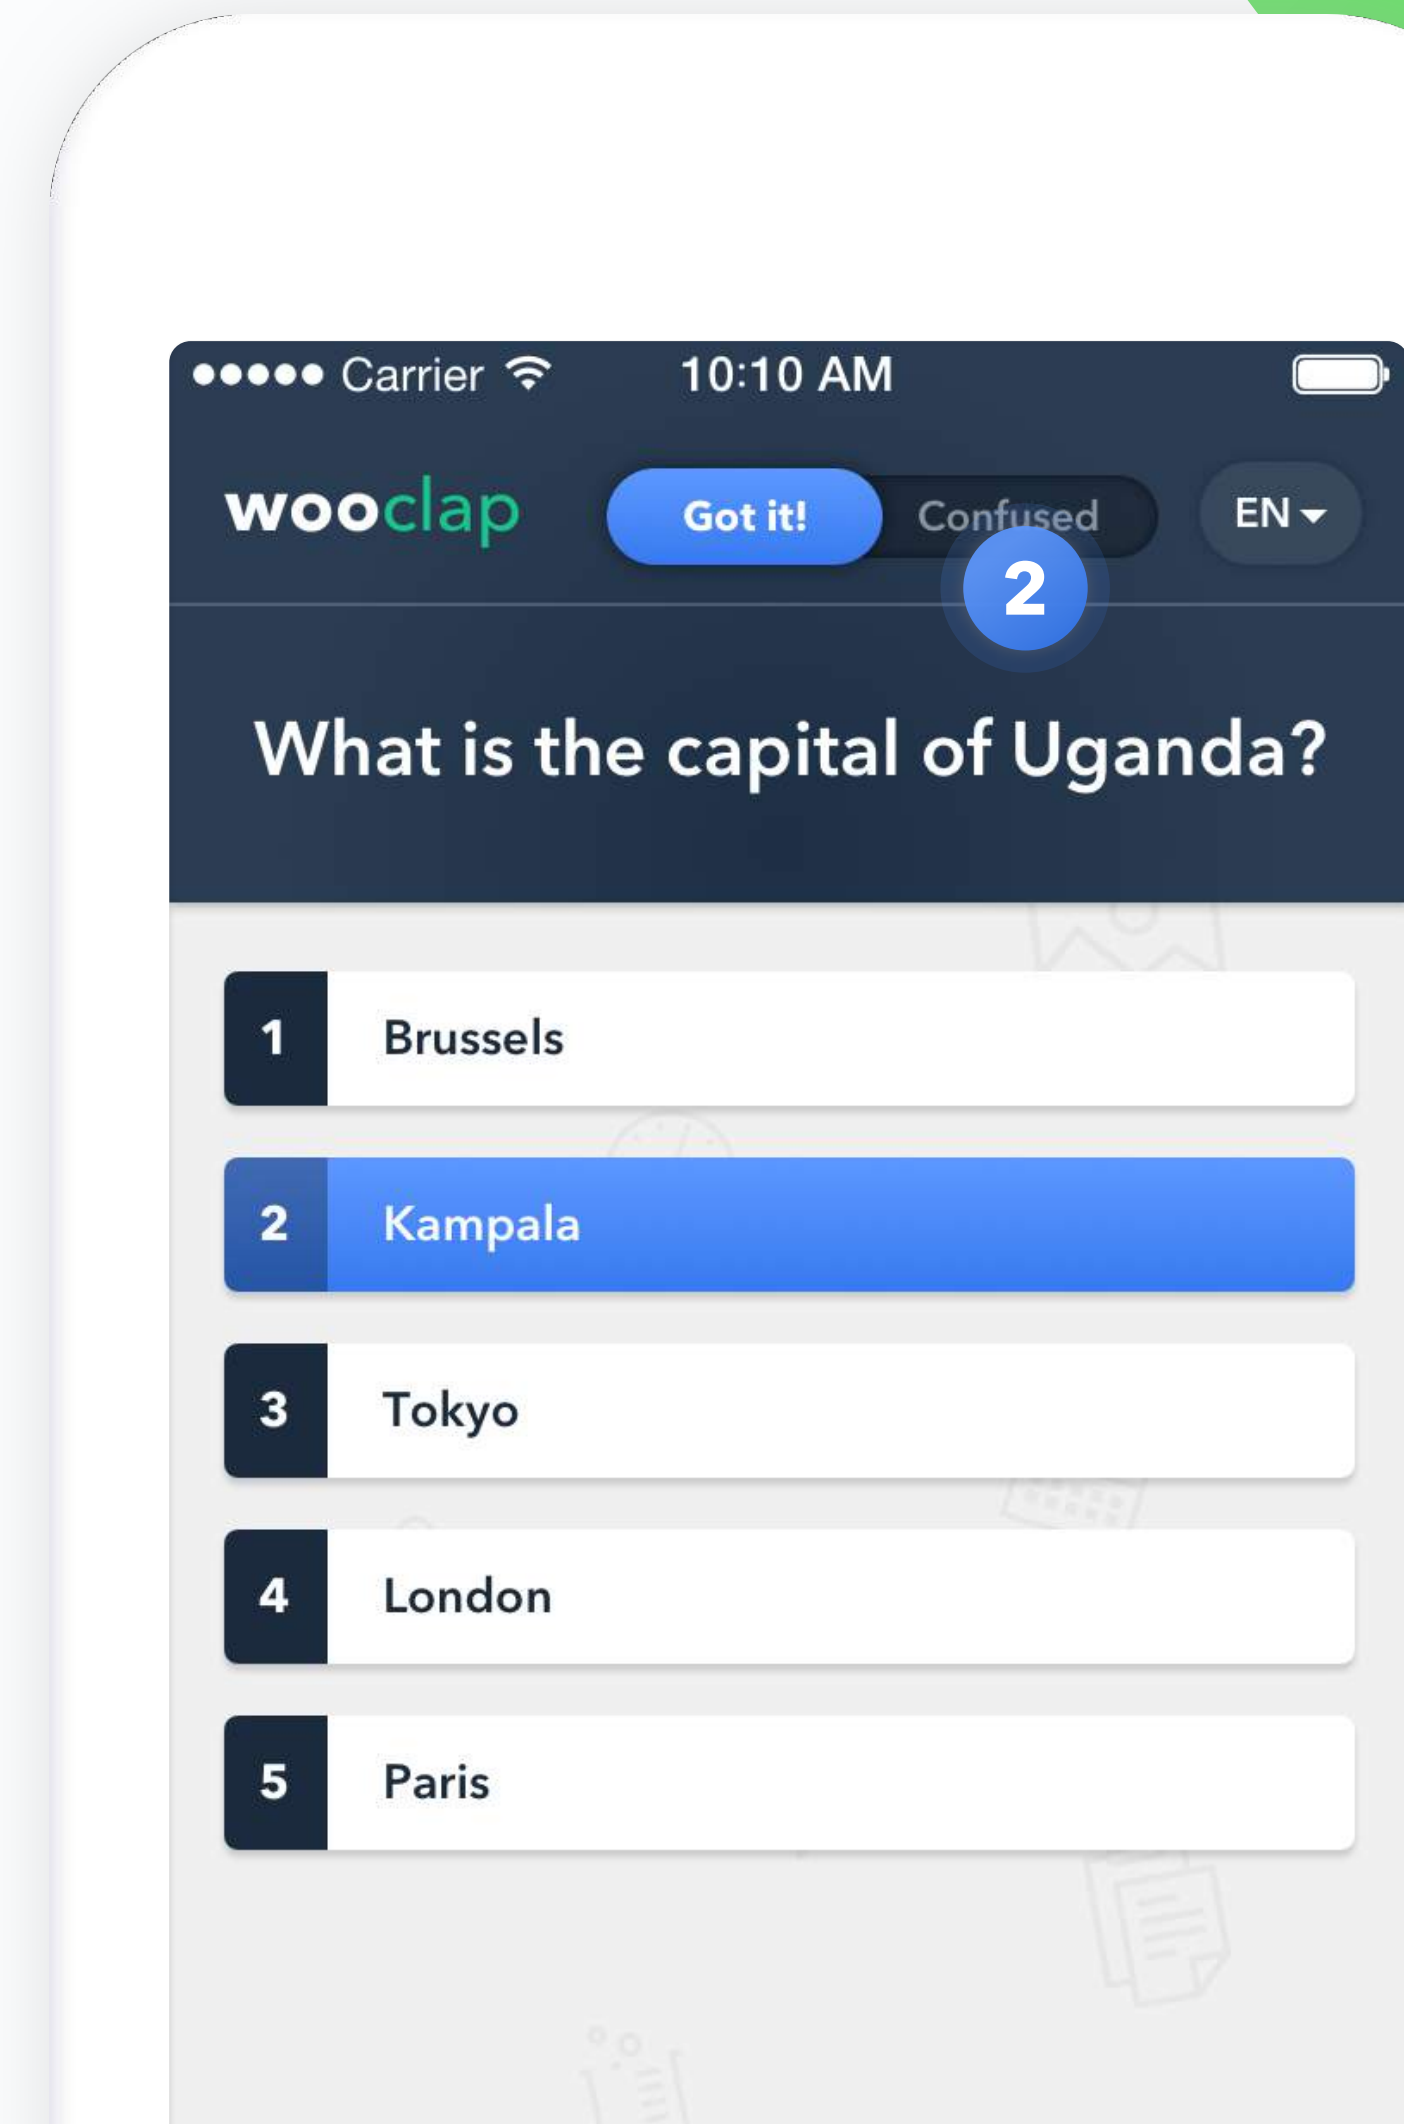

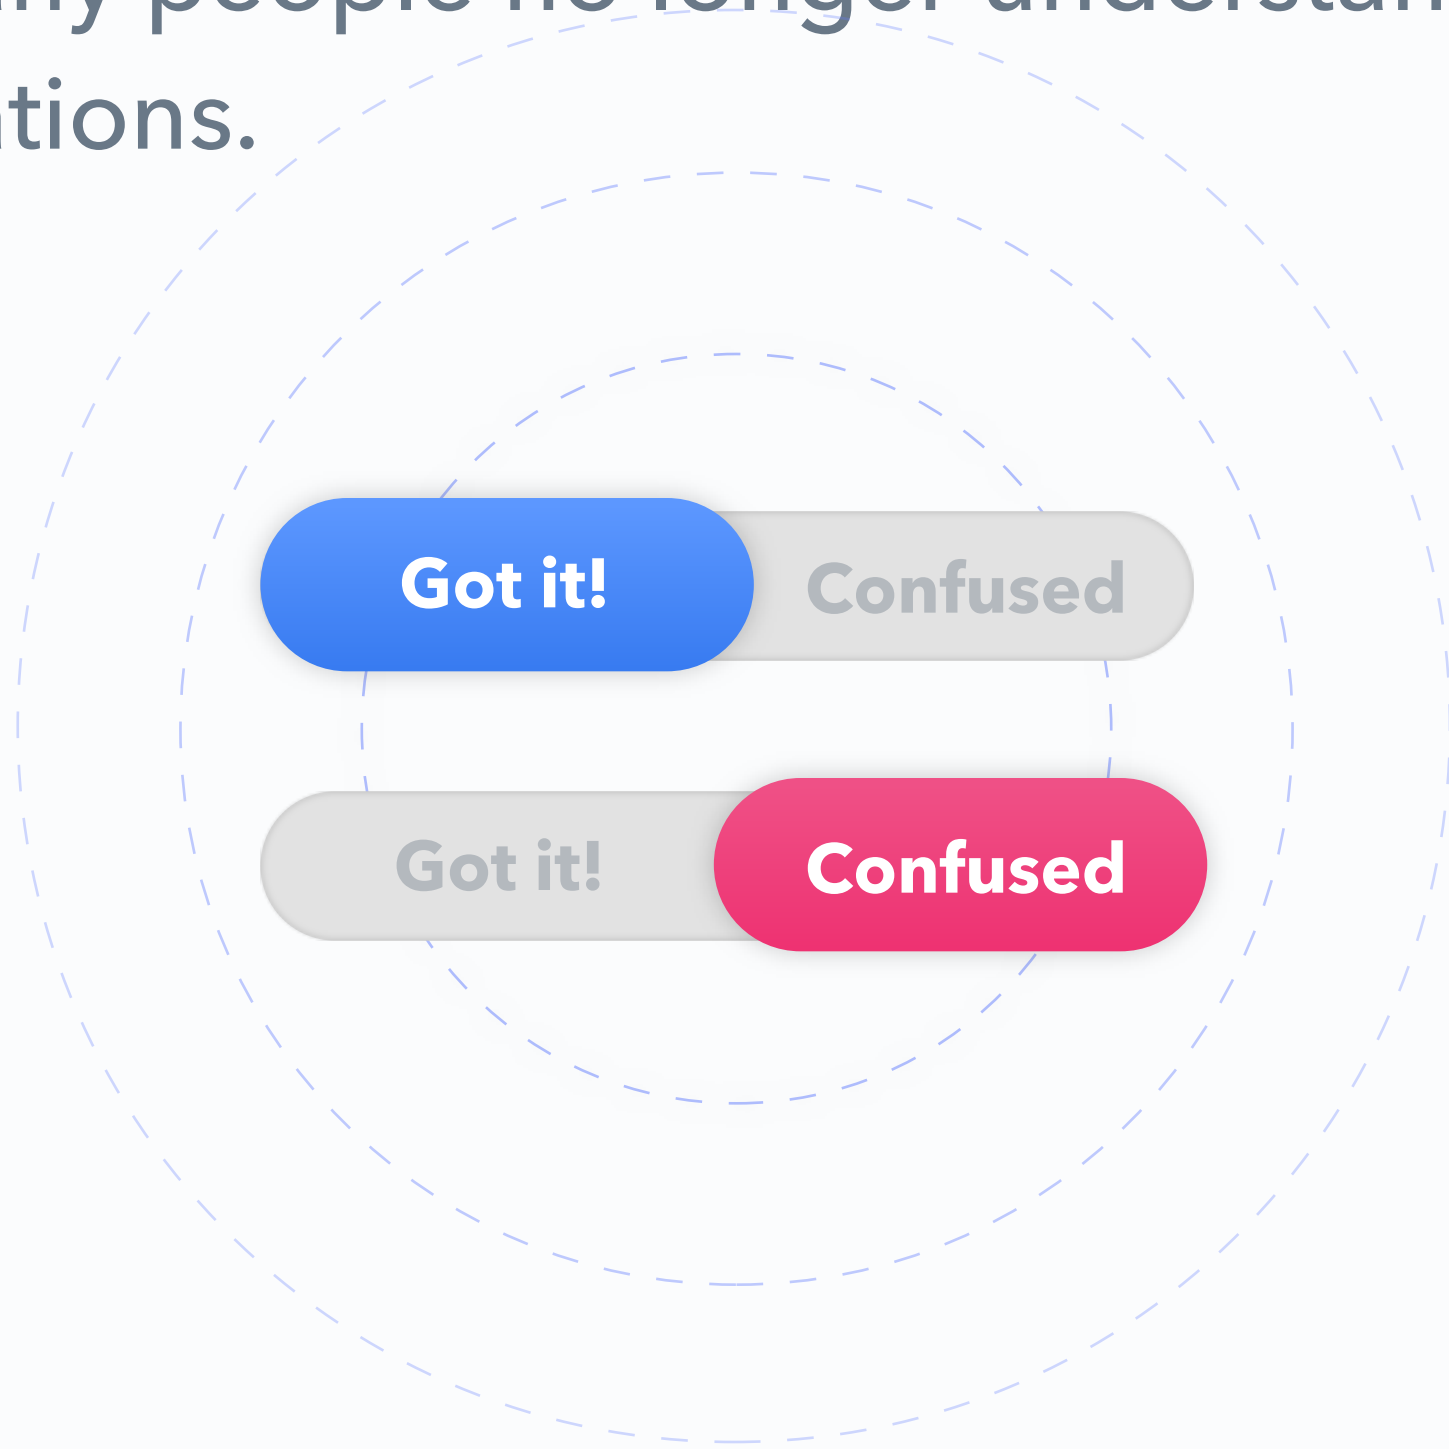

Activate the "I'm confused" button for the participants.

The screenshot shows the WooClap control panel. At the top, it displays the user's name 'Sebastien' and the language 'EN'. Below this, there are navigation tabs for 'WALL OF MESSAGES' and 'PARTICIPANT PACE'. A central area contains an 'IMPORT QUESTIONS' button. On the left, there are several interactive buttons: 'Guess a number', 'Sorting', 'Find on image', 'Open question', and 'Video'. At the bottom, there is a 'START' button. On the right side, there is a 'Settings' section with the following options: 'Authentication' (OFF), 'Default visible results' (OFF), and '"I'm confused" button' (ON). A blue circle with the number '1' is overlaid on the '"I'm confused" button' toggle.

The screenshot shows the participant's voting interface. At the top, it displays the user's name 'Confused' and the number of votes '30'. The question is 'What is the capital of Uganda?'. Below the question, there is a list of five options: 1. Brussels, 2. Kampala, 3. Tokyo, 4. London, and 5. Paris. The 'Kampala' option is selected and highlighted in blue. To the right of the options, there are progress bars and percentages: Brussels (0%), Kampala (50%), Tokyo (25%), London (25%), and Paris (0%). At the bottom, there is a 'WooClap' logo, a 'Votes 1 / 50' indicator, a 'Messages' button, a search icon, a '100%' zoom level, and an 'Exit' button.

## Step 2

At any time during your presentation, the participants can toggle this button to change their state from 'Got it!' to 'Confused' and vice versa, so you will be able to tell instantly how many people no longer understand your explanations.

# ■ 1.5

## Export your results to Excel or PDF

You can export your questions and their results to Excel/PDF as a grid or as a report.

The screenshot displays two poll results screens. The first screen, titled "Mon event woodlap" with 5 participants, shows a question "What is the capital of Ouganda?". The results are: Kampala (60%, 3 votes), Brussels (20%, 1 vote), and Nairobi (20%, 1 vote). The second screen, titled "My new event" with 11 participants, shows a question "How involved are you with sustainability?". The results are: "I recycle even if it takes more time." (0%, 0 votes) and "I always try to take the public transportation, or share my car on car-sharing websites when I use it." (0%, 0 votes). Both screens have "BACK", "PRINT AS PDF", and "EXPORT TO EXCEL" buttons. A table on the right shows a grid of results for 11 participants across 6 questions (Q1-Q6).

TOTAL	Q1	Q2	Q3	Q4	Q5	Q6

## ■ 1.6

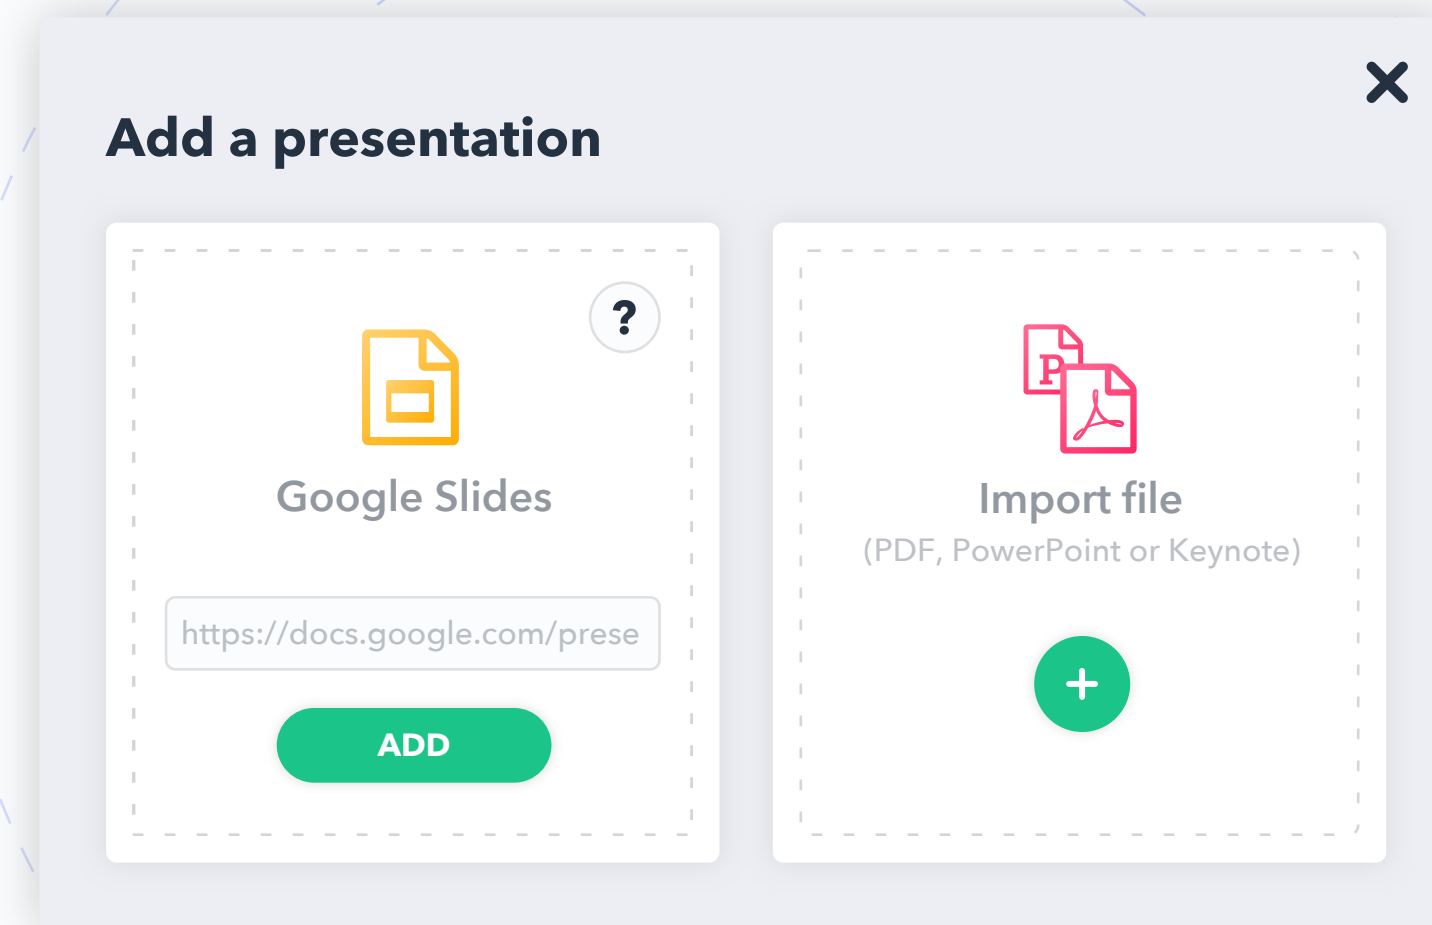

# How to integrate your questions into your presentation

## Step 1

Upload your presentation on Wooclap. We support PowerPoint, Keynote, PDF and Google Slides presentations.

The screenshot shows the Wooclap interface. At the top, the user's name 'Sebastien' and language 'EN' are visible. The main area is divided into 'WALL OF MESSAGES' and 'PARTICIPANT PAGE'. Below this, there are several interactive buttons: 'IMPORT QUESTIONS', 'Guess a number', 'Sorting', 'Find on image', 'Open question', and 'Video'. A 'START' button is located at the bottom right. On the right side, there is a 'Settings' panel with options for 'Authentication', 'Default visible results', and 'I'm confused' button, all currently turned off. At the bottom of the settings panel, there are 'Export results' and 'Reset' buttons. A modal window titled 'Add a presentation' is open, showing options to 'Add a presentation' (PDF, PowerPoint or Google Slides) and 'Import file' (PDF, PowerPoint or Keynote). The modal also includes a 'Google Slides' option with a URL input field and an 'ADD' button.

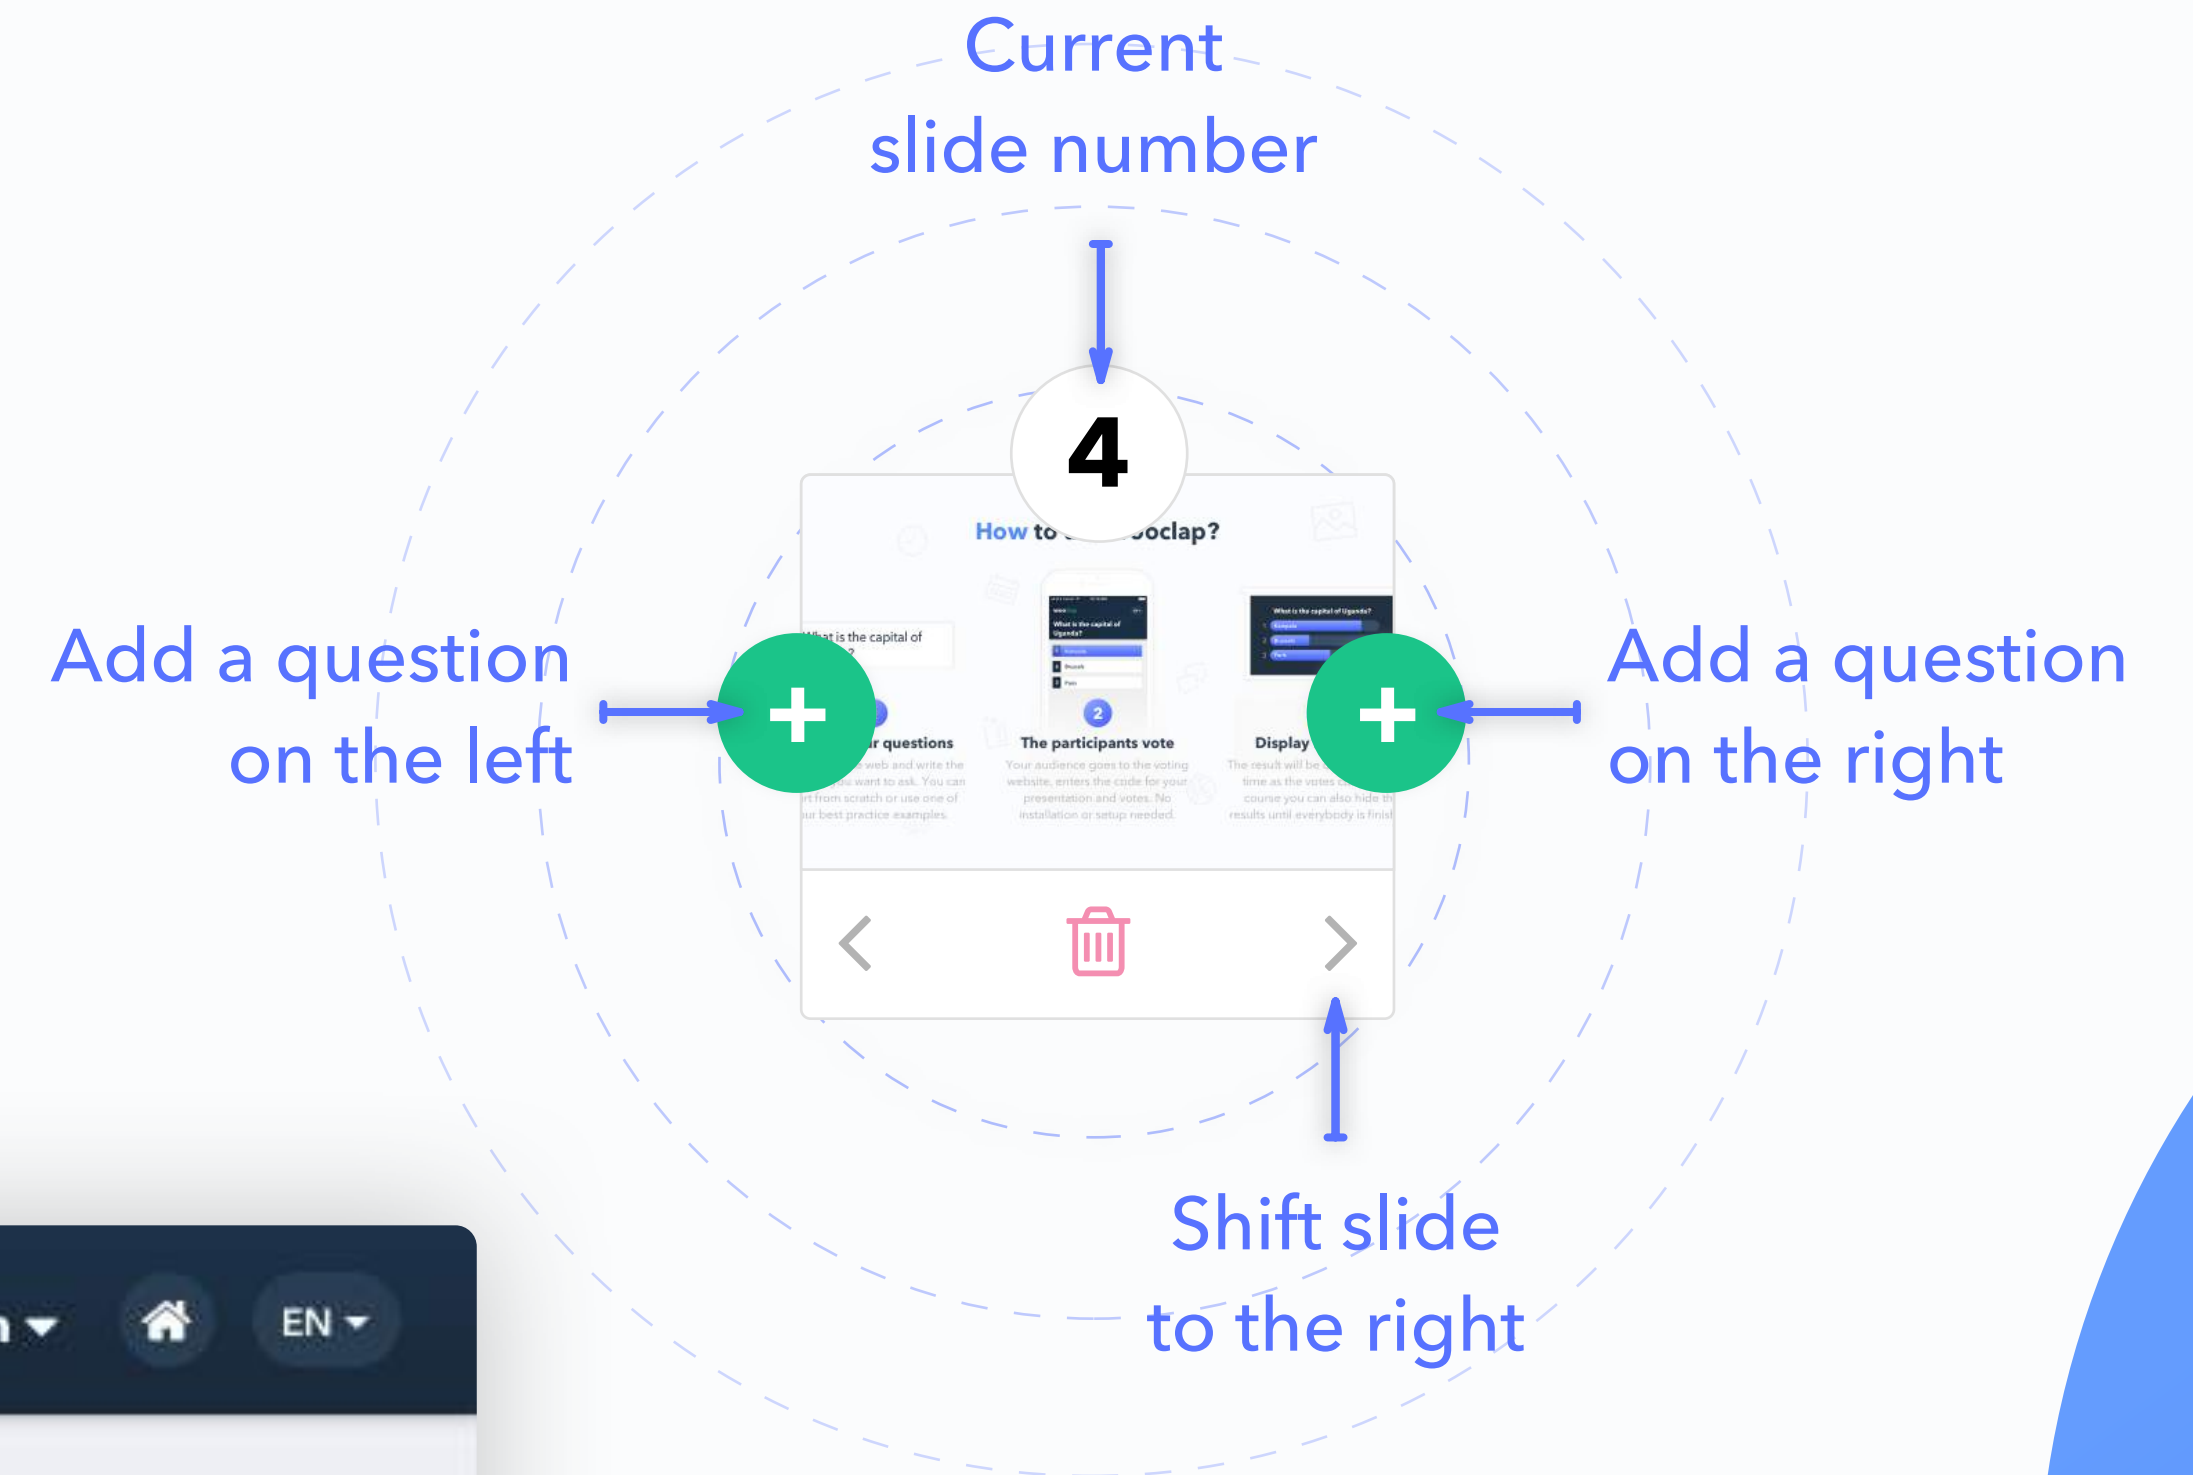

This is a close-up of the 'Add a presentation' modal. It features two main options: 'Google Slides' and 'Import file'. The 'Google Slides' option includes a document icon, a question mark icon, a text input field containing 'https://docs.google.com/prese', and a green 'ADD' button. The 'Import file' option includes a document icon, the text '(PDF, PowerPoint or Keynote)', and a green '+' button. The modal has a close button (X) in the top right corner.

# Step 2

Insert questions into your presentation by clicking the « + » button in between the slides (on the left) and selecting the questions in the list (on the right).

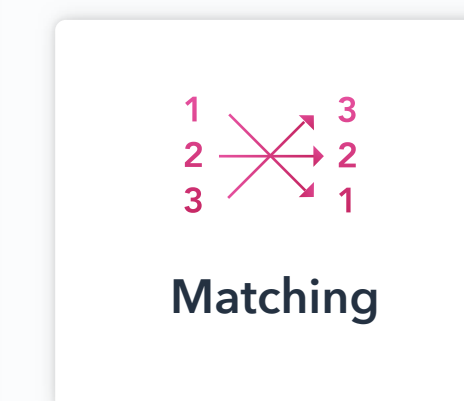

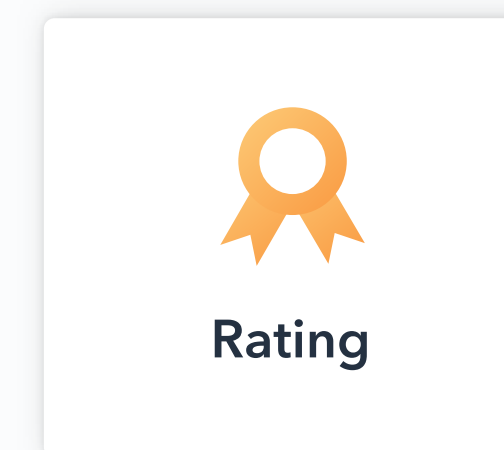

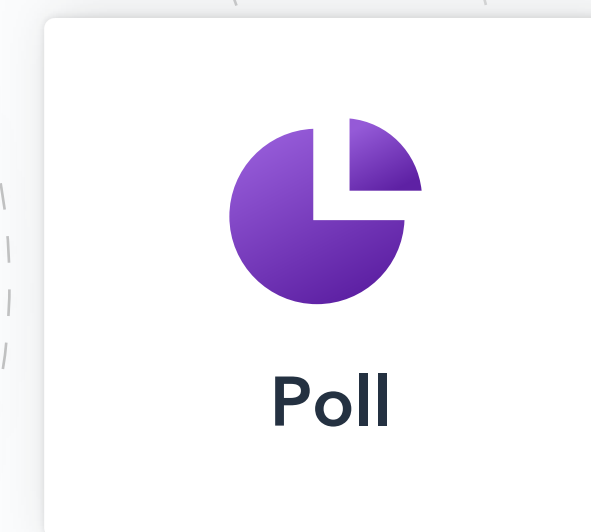

The screenshot shows the Wooclap interface. The top bar includes the "wooclap" logo, the user name "Sebastien", and a language dropdown set to "EN". The main area is divided into two panels:

- Slides:** A grid of slide thumbnails for "EN\_Features.pptx". The thumbnails are numbered 1 through 4. Slide 4 is highlighted with a green circle and a "+" button, indicating where a new question can be added.
- List of interactions:** A list of three questions with their respective icons and numbers:
  - 1: Who's your favourite entrepreneur? (Pie chart icon)
  - 2: How many people will attend this year's TechCrunch Disrupt SF? (Green square icon)
  - 3: Where is Belgium located? (Map icon)

Part 2:

# Types of questions

## ■ 2.1

# Multiple choice question

The image displays two screenshots of a mobile application interface for a multiple-choice question. The question is "What is the capital of Uganda?".

The left screenshot shows the question and five options: 1 Brussels, 2 Kampala, 3 Tokyo, 4 London, and 5 Paris. A "VALIDATE" button is visible at the bottom.

The right screenshot shows the same question with a progress bar and vote counts for each option:

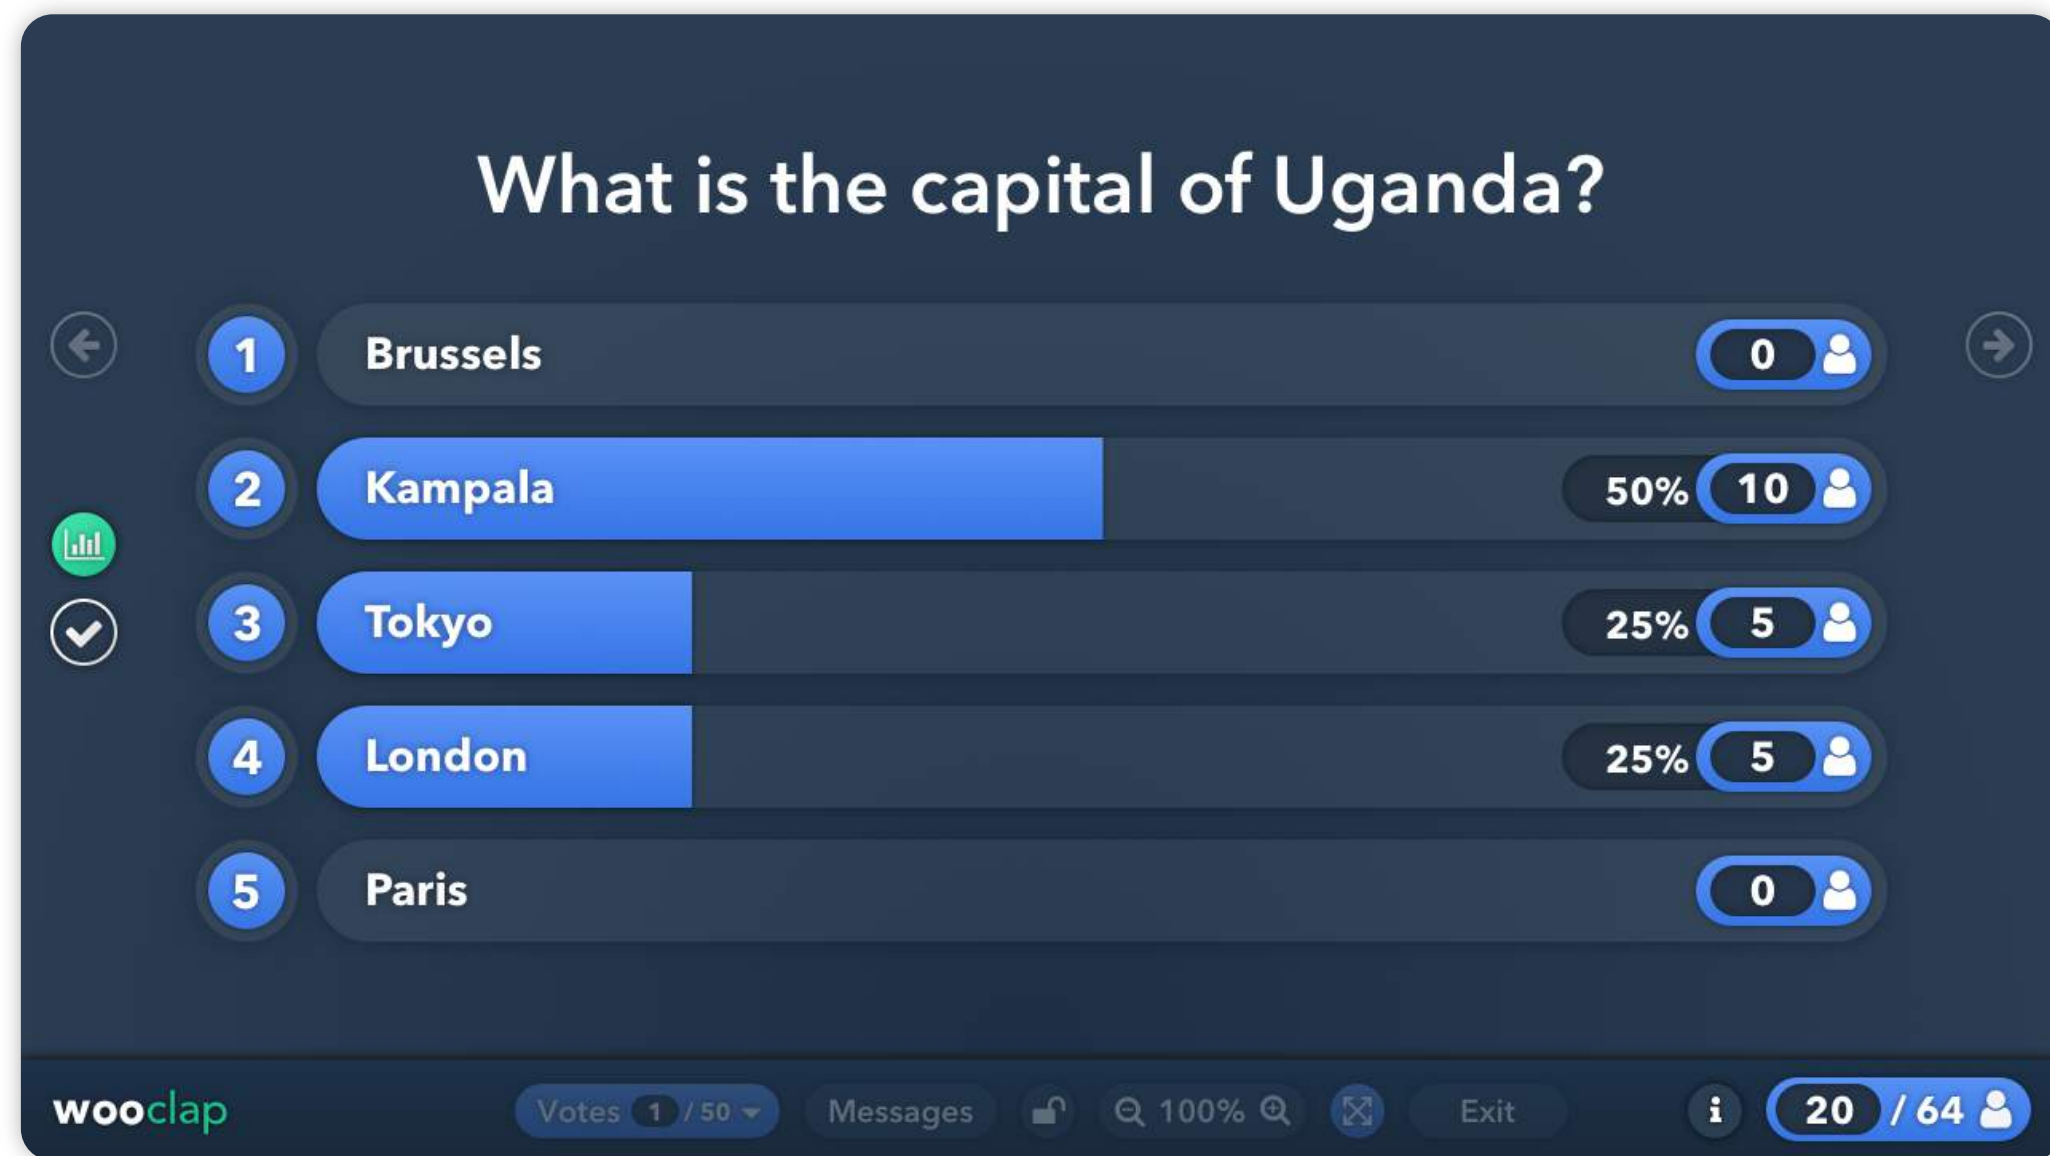

Option	Percentage	Count
1 Brussels	0%	0
2 Kampala	50%	10
3 Tokyo	25%	5
4 London	25%	5
5 Paris	0%	0

The bottom of the right screenshot shows a navigation bar with "clap", "Votes 1 / 50", "Messages", "100%", "Exit", and "20 / 64".

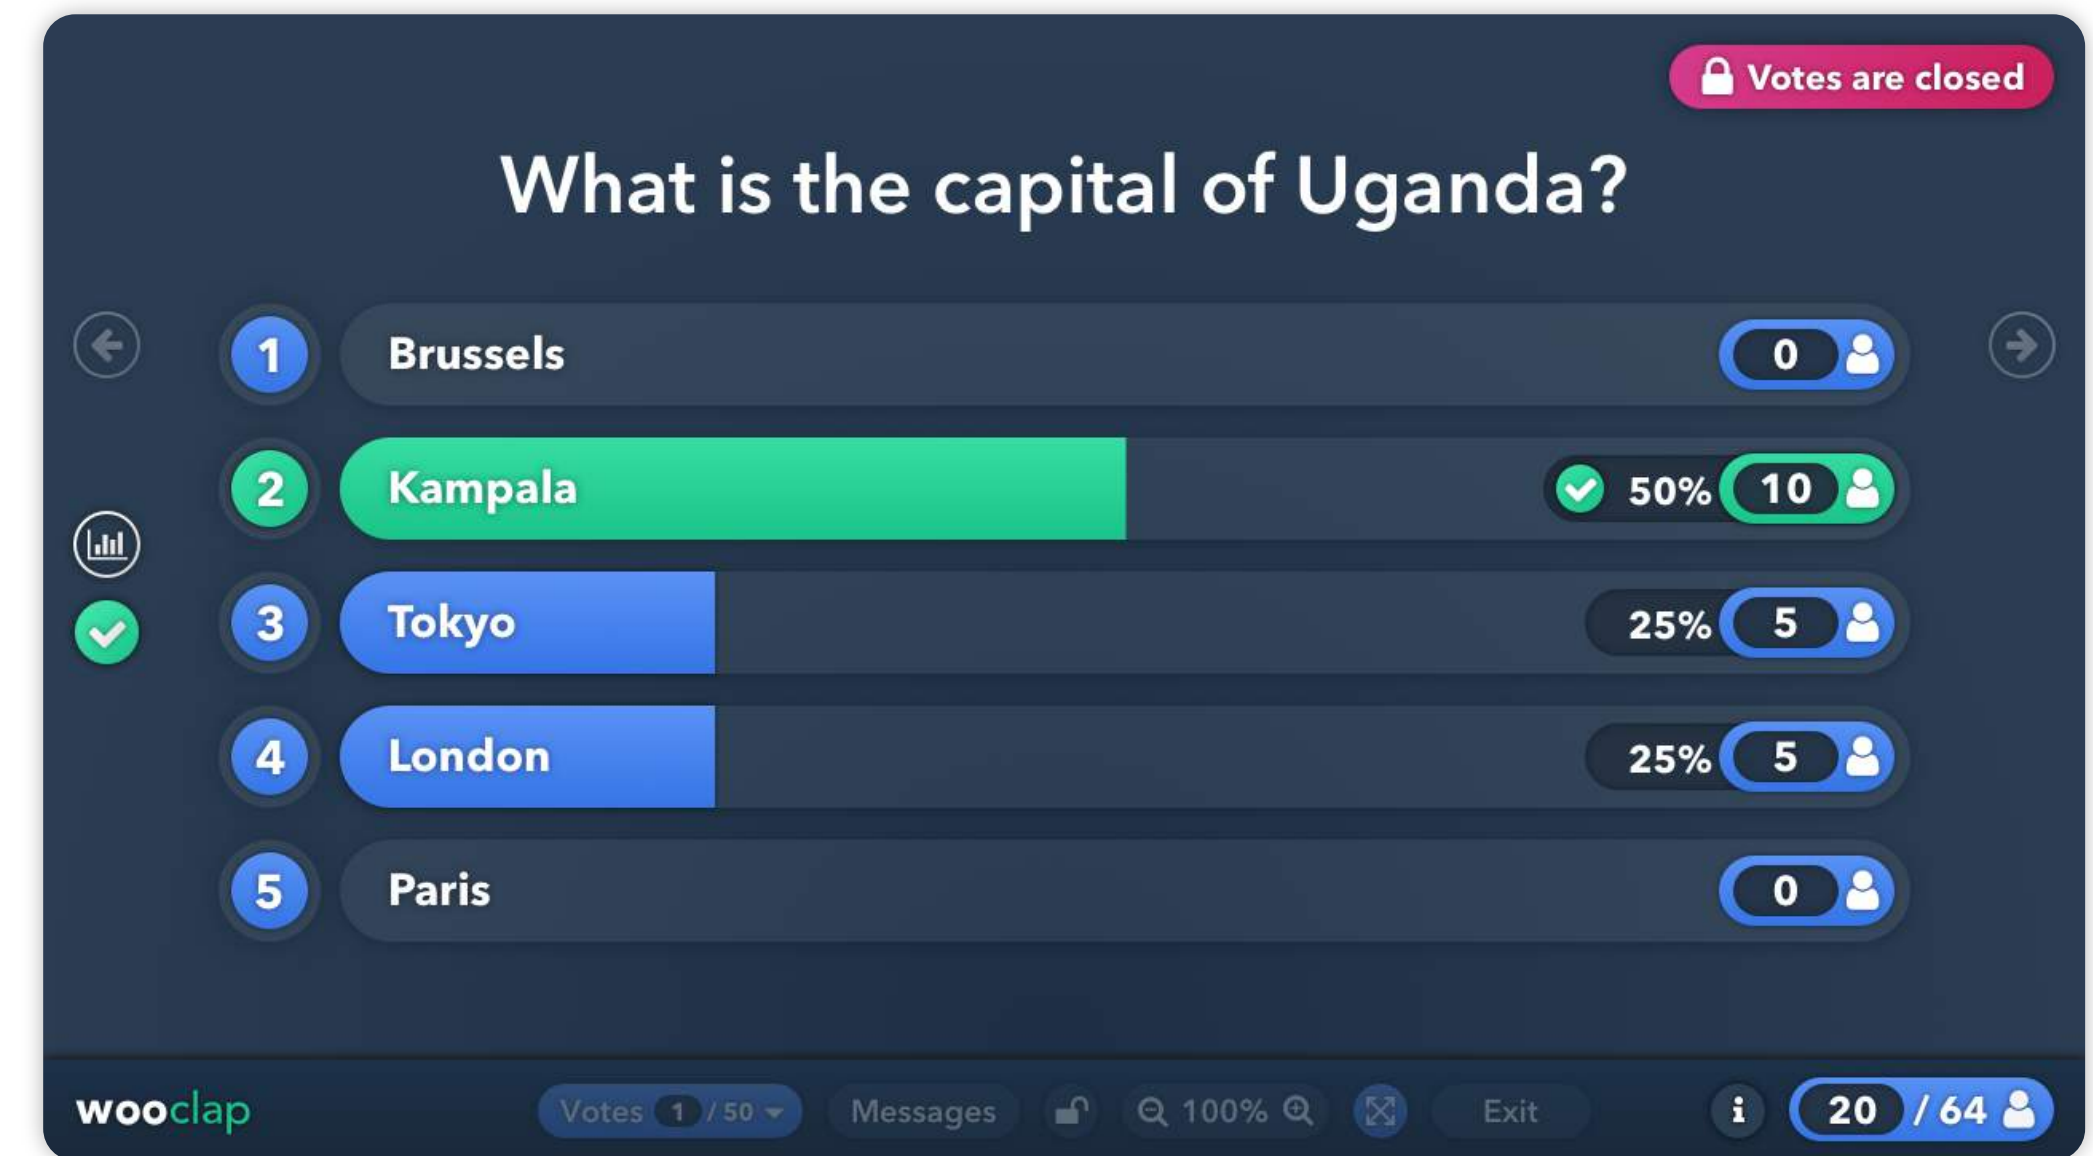

## Results

## Correct answer

# 2.2

## Poll

The image shows a mobile poll interface on a smartphone and a desktop monitor. The poll is titled "How involved are you with sustainability?" and lists five options. The desktop monitor shows the poll results, with the second option selected.

Option	Percentage	Count
1 I recycle even if it takes more time.	0%	0
2 I always try to use public transportation and share my car on car-sharing websites when I use it.	50%	10
3 I mostly eat locally produced goods, as long as it doesn't cost more.	25%	5
4 Even if it costs more, I will still only buy locally produced goods.	0%	0
5 I don't believe I can have an impact and don't take sustainability into account in my daily life.	25%	5

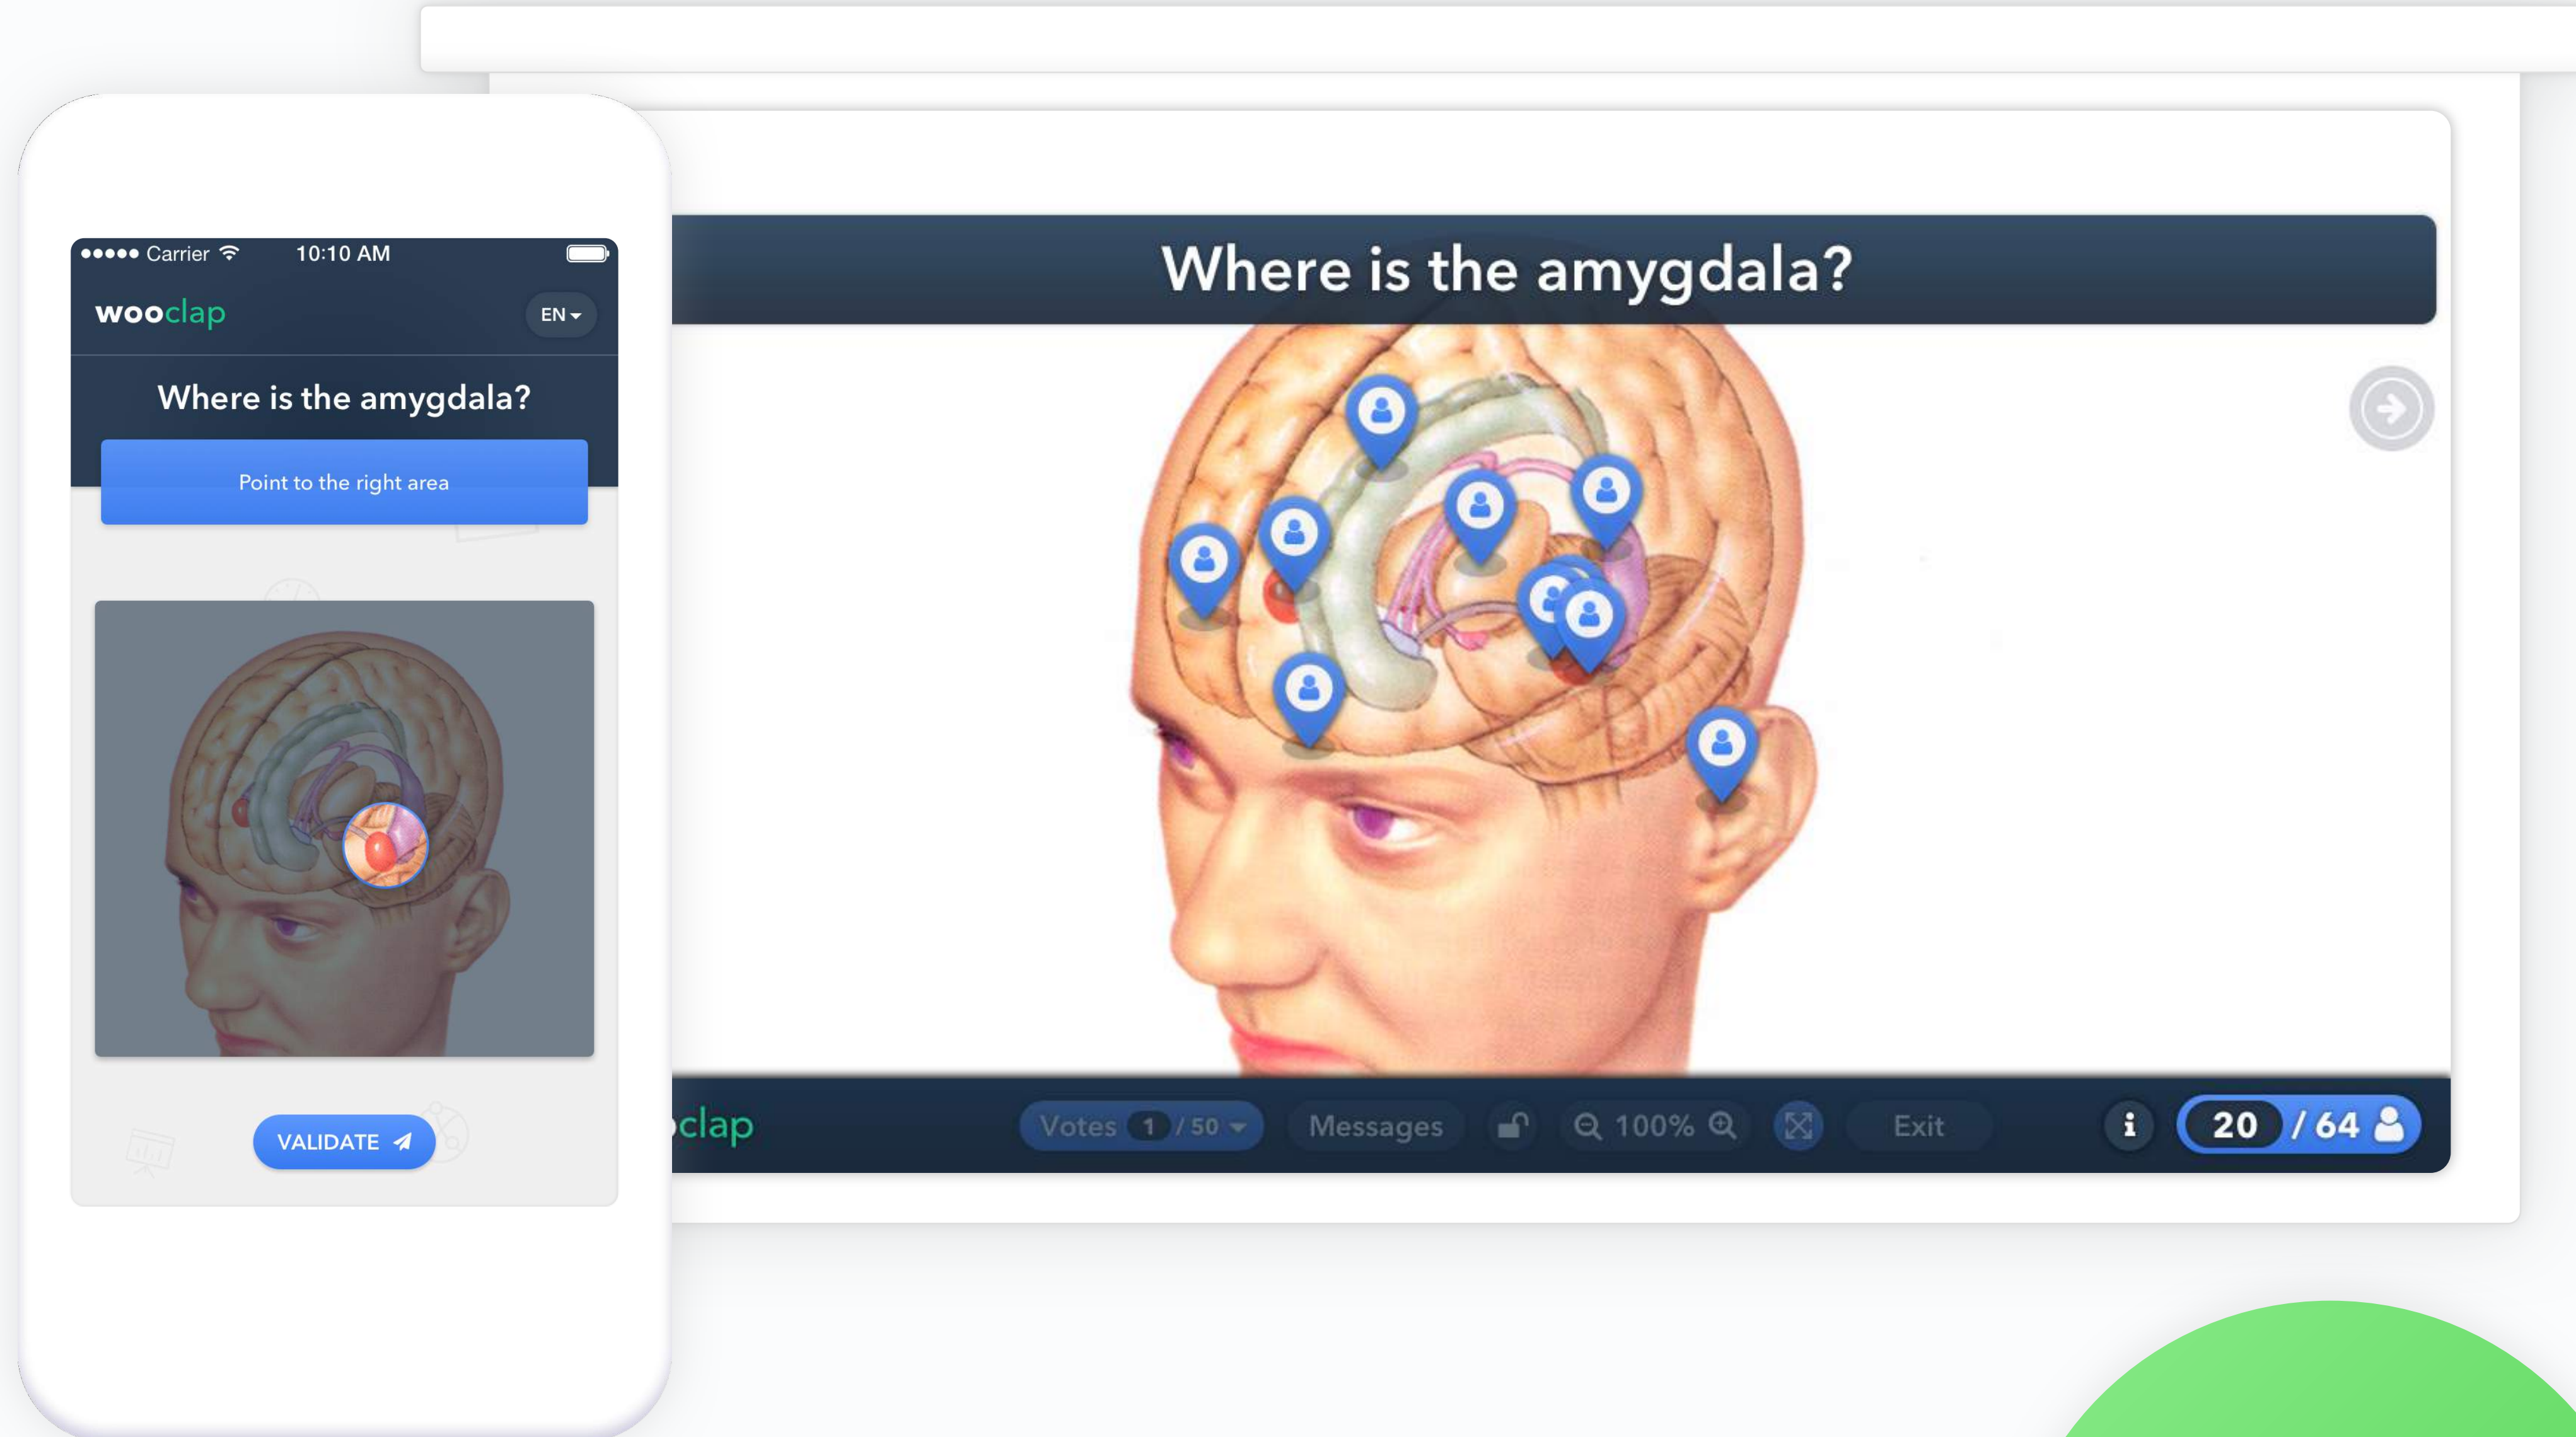

Additional details from the desktop monitor interface:

- Carrier: 10:10 AM
- wooclap logo
- EN language selector
- VALIDATE button
- Votes: 1 / 50
- Messages icon
- 100% zoom
- Exit button
- Info icon
- 20 / 64 total votes

## Rating

The image displays a mobile application interface for rating classes. It is divided into two main sections: a mobile phone view on the left and a larger tablet view on the right.

**Mobile Phone View (Left):**

- Header: "wooclap" logo and "EN" language selector.
- Instruction: "Rate the following classes from 1 to 5".
- Class 1: Geography. Rating: 2.
- Class 2: Mathematics. Rating: 2.
- Class 3: History. Rating: 1.
- Class 4: English. Rating: 1.
- Class 5: Science. Rating: 5. A "VALIDATE" button is visible next to the rating.

**Tablet View (Right):**

- Header: "Rate the following classes from 1 to 5".
- Class 1: Geography. Rating: 4.2.
- Class 2: Mathematics. Rating: 4.5.
- Class 3: History. Rating: 4.
- Class 4: English. Rating: 2.
- Class 5: Science. Rating: 0.

**Bottom Bar (Tablet View):**

- wooclap logo.
- Votes: 1 / 50.
- Messages icon.
- 100% zoom level.
- Exit button.
- Info icon.
- 20 / 64 (with user icon).

# 2.5

## ■ 3.2

# Results visible by default

If you activate this option, the results of any question will be visible in real time once it is displayed on screen.

The screenshot displays the Wooclap interface for a quiz titled "My Wooclap Event". The top navigation bar includes the Wooclap logo, the user name "Sebastien", a home icon, and the language "EN". Below the navigation bar, there are three tabs: "VOTES", "WALL OF MESSAGES", and "PARTICIPANT PACE". A central button labeled "IMPORT QUESTIONS" is visible. The main content area shows a list of question types: "Prioritisation" (with a score of 100), "Guess a number", "Sorting", "Find on image", "Open question", and "Video". At the bottom, there is a question "0. How to participate?" with a "START" button. On the right side, a "Settings" panel is open, showing the "Result visible by default" option turned on (indicated by a green toggle switch). A blue hand icon is pointing to this toggle. Other settings include "Authentication" (OFF), "'I'm confused' button" (ON), and "More options" (gear icon). At the bottom of the settings panel, there is an "Export results" button.
