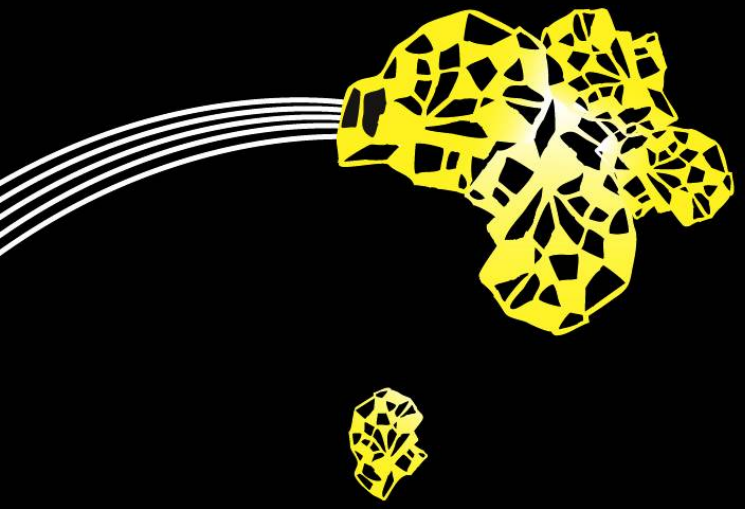
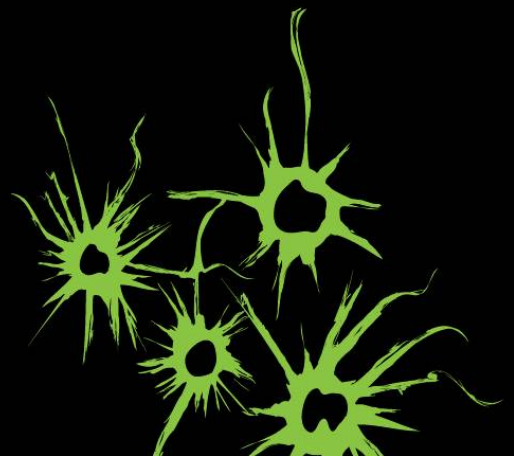
UNIVERSITY OF TWENTE.





Smart Industry Lunch Talks

BMS research – four roadmaps

The Smart Industry working group:

- Maria Iacob (IEBIS)
- Anna Bos – Nehles (HRM)
- Laura Franco Garcia (CSTM)
- Ben Jongbloed (CHEPS)
- Bas Kollofel (OWK)
- Holger Schiele (TMS)
- Erwin Hofman (TMS)
- Rainer Harms (NIKOS)
- Katrin Hahn (STEPS)
- Peter Stegmeier (STEPS)
- Adina Aldea (IEBIS)
- Fons Wijnhoven (IEBIS)
- Victoria Daskalova (CSTM)

- **Our task: write a vision and roadmap document for the BMS smart industry research**

What we hope to achieve

- Reality check of the research directions we defined in the roadmap
- Refinement of the research areas/problems into some concrete project ideas and identification of possible funding sources
- Create a community around our group
- Stay informed about other SI initiatives from industry, government, and academia

Today

- **Sebastian Piest, Cape Groep**
  - Sector: Smart Logistics
  - Profile: Sofware & Consulting
  - Collaboration with the UT (both teaching and research): since 2008
- **Melanie Braamhaar, University of Twente**
  - EU Grants Specialist
  - information to researchers on EU policy and grants
  - supporting the application procedure for international grants (administration, reviewing of proposals)
  - organizing meetings and training courses to inspire researchers to apply for grants
  - maintaining a network in Brussels for direct links between researchers and EU policy makers

Nice Funding Opportunity: Call National Research Agenda (NWA-ORC)

- https://www.nwo.nl/en/funding/our-funding-instruments/nwa/dutch-national-research-agenda---research-along-routes-by-consortia-nwa-orc/dutch-national-research-agenda---research-along-routes-by-consortia-nwa-orc.html
- Deadline preproposal: 11 September 2018 14:00
- Deadline full proposal: December 2018
