

Meet, share and brainstorm together.

A platform that gives an overview of education innovation/materials.

Informal meetings on a regular basis on a certain current topics.

INFORMAL

FORMAL

Inspiration
and input

Lecturers work collaboratively in a project-based way on certain topics or challenges they are faced with in their teaching.

Write and submit a proposal for an (evidence-informed) innovation project.

Proposals are reviewed on quality, in terms of intended outcomes, feasibility and dissemination plan, using a concise set of criteria (in line with Recognizing & Rewarding teaching).

Projects are (partly) facilitated in terms of time and resources. Coaching and consultation of experts is also available.

Communicate and disseminate the results to a larger audience.

RECOGNIZING &
REWARDING TEACHING

EVIDENCE OF COMPETENCE,
KNOWLEDGE, AND SKILLS
FOR LECTURERS
