

ECIU University Research Conference

Engaging society through challenge-based R&I and learning

An interactive forum for EXTERNAL STAKEHOLDERS and RESEARCH **COMMUNITY** to present and discuss common challenges.

Why should you participate?

- It is great opportunity to present your research, analysis, studies and visions;
- Be part of ECIU University community is very exciting and fabulous;
- It is a perfect platform for networking and discussion of SDG11 relevant research challenges;
- It is excellent opportunity for researchers to get feedback on early-stage research.

- Circular Economy
- Transport and Mobility
- Energy and Sustainability
