Information on Pre-Master Programme

For those students that apply for admission to the MSc Business Administration programme, deficiencies may be present that need to be eliminated before admission to the MSc BA programme can be granted. If these deficiencies can be eliminated within 30 EC, as assessed by the Admission Committee, a bridging programme is appointed to the candidates, which is called a Pre-Master programme. The main objective of such a Pre-Master programme is to qualify and prepare students for the MSc BA programme. The Admission Committee will send each pre-master candidate a letter or e-mail consisting of the specific courses that need to be finalised within certain. In general, most individual Pre-Master programmes will consist of up to 30 EC of courses that are listed here:

The Pre-Master's is a six-monthly, full-time study programme which you have to complete within one year. For each exam you have maximum 2 attemps. For more information regarding the Pre-Master programme, please visit this [page](#).

* Following the principles of the Twente Educational Model (TEM), the exam format of each of the IBA modules and the modules offered at the UT for the minor consists of a mixture of assessment methods. These may include individual and group assessment, (various forms of) practical exercises, written tests and reports, different forms of presentations (poster, verbal, paper). For each TEM module, a test plan is in place, which is published on Canvas before the start of the module in question.
