

PRE-DEPARTURE MEETING

The background features several abstract geometric and organic shapes. In the top left, there is a cluster of green, translucent, cube-like structures. In the top right, a series of red, star-like or flower-like shapes are arranged in a fan pattern. In the center, a branching, coral-like structure is colored red and white. Below this, there is a green, cube-like structure with a white grid pattern. In the bottom right, a red, star-like shape is composed of many small dots. Thin white lines connect these various shapes, creating a sense of flow and movement across the slide.

TRANSCRIPT OF RECORDS

Your Transcript of Records will be generated from OSIRIS automatically and will be sent to you approximately five weeks after your last exam.

In order to receive the correct version, please pay attention to the following:

1. Keep an eye on your results in OSIRIS.
2. Make sure you are NOT registered for any courses for which you have not done any type of exam / are not planning to do an exam.
3. If some marks are still missing three weeks after the end of the semester, contact the relevant lecturer and explain that you are an exchange student who needs the results because of the Transcript of Records.
4. If some marks are still missing four weeks after the end of the semester, contact your Exchange Coordinator so that they can stop your Transcript of Records from being generated incorrectly.

You must finish your entire workflow in Mobility Online - this includes uploading your final signed Learning Agreement. You only receive a Transcript of Records once your workflow has been finalised.

PROOF OF ATTENDANCE

For a signature on a Proof of Attendance from your home university, please email the document to your UT Faculty Exchange Coordinator.

Note that the date of signature is always the current date.

LEARNING AGREEMENT

You can get your Learning Agreement signed by emailing it to your Faculty Exchange Coordinator. The agreement will only be signed if the courses/modules in Mobility Online are up-to-date & correct.

DE-REGISTER FROM COURSES & MODULES

If you registered for a course or module but **did not participate in it**, you need to de-register from it **before your final exams**.

As the registration period has already ended, please contact your Faculty Exchange Coordinator to de-register.

Please delete these courses/ modules in **Mobility Online** as well and create a new Learning Agreement (if applicable).
