As student, send this form to:

- the Educational-Affairs Office (BOZ) of MSc Robotics.

Check your research group whether the secretariat would like to have a copy of this form.

Updates, for instance w.r.t. planning, do *not* need to be filed again (in contrast to the MTP).

---

1   Relevant articles of the EER are: B3.1, B3.10, B4.6
2   Research group(s) involved in supervision. Use abbreviations including faculty, see table 16 of EER-B for a list.
3   Must be an Examiner in the MSc Robotics programme (no Senior Examiner needed!).
4   Is provisional title. Updates during project do not need to be put in this document.
5   Checks by committee chairperson.
6   Entry requirement is that at least 45 EC of courses must have been completed, in which the 6 compulsory courses of the Specialisation and CBL MSc Robotics I (202200115) are included.
7   F.T. Weeks are full-time weeks of 40 hours. Doing other tasks in parallel must be specified in the "Holidays…" table. A course is 5 EC, which is 140 hours, 3.5 weeks, or 17.5 days (1 EC is 28 hours).
8   The ASP is 10 EC, which is 280 hours, or 7 full-time weeks, or 35 days. Including 2 weeks slack time, the ASP is 360 hours, or 9 f.t. weeks, or 45 days.
9   Update calculation of total by updating "field codes" after other rows have been filled in (works only in MS Word).
10 Milestone PP – Must be after one third of the time spend on the Academic-Skills project.
11 Milestone D – Must be after two thirds of the time spend on the Academic-Skills project.
