SRF Application – Overview of Questions

This document provides an overview of the questions included in the SRF application process. Please note that this is not the official application form.

To submit your application, please use the official form: **Submit Application**

Section 1: Applicant Information

1.1 Main Applicant

1.2 Research Section (Main Applicant)

This is also the research section that will receive the money on their budget (from where it can be spent). Please make sure to notify your research section chair.

1.3 Co-Applicants or Consortium Members

Section 2: Funding Details

2.1 Target Funding Call(s)

Preference is given to applications that are aiming for a specific call or program. However, a general description of the type of funding applicable or to be expected calls are accepted as well.

2.2 Deadline for Funding Call(s)

2.3 Hyperlink to Funding Call(s)

Section 3: Research Project

3.1 (Working) Title of Research Project

3.2 Background of Research

3.3 Research Theme(s)

3.4 How does the proposed research fit with UT/Impact Domain/BMS/Theme/Department strategies?

At a minimum, please briefly outline the fit with the research theme and your department.

3.5 Anticipated impact of the proposed research if the funding application is successful:

Section 4: Budget and Timeline

4.1 Requested Amount

4.2 What support is requested and why?

Important note: The SRF cannot be used for hiring student assistants or for travel costs. Exception for travel costs related to Horizon Europe brokerage events.

4.3 How will the requested support improve the likelihood of success in acquiring funding?

4.4 What are the potential 'spin-off benefits'?

e.g. network building, likelihood to feed into future other calls; create input for publications.

4.5 Project Timeline
