## START APPLICATION

You apply for the study programme of your choice via Studielink. The Studielink platform will ensure that your details are correctly submitted to the University of Twente.

## OSIRIS

### OSIRIS APPLICATION

Your details will automatically be placed in our Student Information System 'OSIRIS'. You will receive login credentials by mail and will be asked to upload documents and enter additional information in order to finalize your application.

### CONFIRMATION OF APPLICATION

Immediately following your application, you will receive confirmation by e-mail so you know your application has been received. If you are still required to submit documents, you will receive additional instructions via e-mail about what you need to do to complete your application.

### ADMISSION

We first check whether we have all the information we need to assess your specific application. We will then determine whether you can be admitted to the study programme. Once you have submitted all relevant details, the admissions committee will assess your application. It may take some time before you hear whether you have been admitted.

### ADDITIONAL INFORMATION

If we require further information from you during the application process, we will of course let you know! If you receive no further communication from us, this means we have all the information we need to assess your application.

### ACCEPTED

You will be sent an e-mail with an admission notice for either a Master's degree programme or a Pre-master, together with instructions for the conformation of your application.

### CONDITIONAL

You may be sent a conditional admission. This means that you do not yet comply with all the requirements for the study programme of your choice yet. The correspondence sent to you will explain what further actions you need to take for final admission. You may be required to pass a further examination.

### REJECTED

In some cases you may not meet the admission requirements for the study programme of your choice and your application will be rejected. This will be explained in the letter that is sent to you by mail.

### ARRANGE PAYMENT

You can arrange payment of tuition fees via Studielink.

### ENROLMENT

When your tuition fees have been paid and you have submitted all necessary documents, a final check will be carried out. Once everything has been approved, we will enrol you for your study programme. You can check the 'status' of your enrolment in Studielink. If we have any further questions, we will get in touch with you. Make sure you keep a close eye on your mailbox.

### STATEMENT OF ENROLMENT

You will receive a statement of enrolment and your student card by post.
