(Electrical Engineering, Mathematics and Computer Science)

## Bachelor programme Applied Mathematics

### Final examination: compensation 5

Please complete your personal information in the table below.

Student number	
Last Name	
First Names	

The undersigned student in the bachelor programme Applied Mathematics (AM) requests to apply the “compensation 5” regulations to the courses in the table below.

According to these regulations (see the “final examination regulations” or the “final degree audit” in the B-EER AM), they may have

- [AM student]  
no more than one grade of 5.0 for the study units in the first year and no more than one grade of 5.0 for the study units of the second and third years combined;
- [AM-TCS student]  
no more than one grade of 5.0 for the study units in the first year;
- [AM-AP student]  
no grades of 5.0.

Please mention the corresponding course(s) in the following table.

Course(s) with a grade of 5.0
