SUBJECT
Course Description Internship 191508209 (AM)

The Programme Committee would like to see two textual changes.

In "Discussions with your supervisor", please replace "negotiate" by "explore".

In "Options for an internship" the remark about the moon should be removed, as this is too informal.

With these changes applied, the PC gives a positive advice for the new description.

Kind regards,

Hil Meijer,
chair Programme Committee AM
