SUBJECT
Teaching- and Examination Regulations (OER) B-AM 2017-2018

The Programme Committee has taken notice of the new upcoming law, especially concerning the validity of exam and partial test results. We find that the new adapted text for article 3.6 reflects this fully with the description for the separate units of modules 5, 11 and 12.

We give a positive advice on the TER BSc-AM 2017 with the new article 3.6.

Kind regards,

Hil Meijer,
chair Programme Committee AM
