

A Summary must/can contain (this content can vary depending on the type of thesis):

- (a title identical to) the title of the thesis
- main topic of the thesis
- purpose of the thesis
- research questions
- research design
- literature review (theoretical background)
- solution (design) (methods or interventions)
- methods used for validation of the design
- Discussion
- results, conclusions, or recommendations

Your supervisor has to agree on the summary.
If needed the summary may be anonymized.
