SUBJECT  
Advice Structure report Professor Health Psychology and Persuasive Technology

Dear dean,

On 22 June 2018 (BMS 218.478), you asked for advice about and consent with the structure report for a Professor in Health Psychology and Persuasive Technology.

The Faculty Council concluded that the suggested chair fits well in the BMS under Steam plans. The Council also concluded that the structure report was well-supported by various groups inside the faculty. The structure report pays attention to the role of the new chair in various educational programs and to the possibilities to attract external funding for research. We therefore want to express our full support for this structure report.

Kind regards,  
On behalf of the Faculty Council BMS,

Henk van der Kolk

Henk van der Kolk  
Chair Faculty Council BMS
