- NVAO Naamswijziging Universitaire lerarenopleidingen (Dutch)

On 31 March 2017, the Executive Board of the VSNU, with the advice of the Interuniversitaire Commissie Lerarenopleidingen (ICL), agreed to a label reduction and name change for teacher education. An important reason for this decision was to provide transparency in the naming.

Name change of UT-lerarenopleidingen

The University of Twente intends to participate in this national development and to implement the decision of the VSNU Executive Board. A label reduction does not apply to the University of Twente since no studies are combined. However, the name changes do apply for our masters:

- 'Master Leraar Voorbereidend Hoger Onderwijs in Maatschappijleer en Maatschappijwetenschappen' (60EC) will be changed to 'Master Leraar Voorbereidend Hoger Onderwijs in de Mens- en Maatschappijwetenschappen' The new name broadens the label to other schoolsubject such as economics.
- 'Leraar Voorbereidend Hoger Onderwijs in Zaakvakken' (120 EC) will be changed to 'Master Educatie in de Mens- en Maatschappijwetenschappen'
- 'Master Science Education and Communication' (120 EC) will be changed to 'Master Educatie en Communicatie in de Bètawetenschappen'.

The UT Teacher Education Program Committee has positively advised on the proposed name change.

Your consent

We ask the Faculty Council for consent to change the names of the UT-lerarenopleidingen masters from February 2018.

Kind regards,
