

Dear upcoming pre-master's (/transfer minor) Psychology students,

You will soon start your Pre-Master's programme Psychology. With this letter and the information in the attachment, we invite you to the Introduction day, and provide some key information about the Psychology study programme. This letter and the attachment contain a lot of important information, please read it carefully.

BMS Faculty Day, including Pre-Master Psychology Introduction: Monday 5 February 2024

During this all-day introduction you will receive all the relevant information you need before the start off your studies, including presentations about the educational systems, studying at the UT, and in the Psychology programme in particular.

9:30 – 10:30	General introduction to the Faculty of Behavioural Management and Social Sciences. The information that will be given during this presentation is essential if you are new to the UT. Location: Waaier 1
10:30 – 11:00	Break (walk to building the Cubicus)
11:00– 12:15	Campus Tour / Games. Location: Rubrix Cubicus Building
12:15 – 13:15	Lunch. Location: Spiegel 1 (SP1)
13:15 – 14:45	Presentation about specific information about the pre-master (/transfer minor) Psychology by the study adviser. You will take a look at your individual study plan and there is room to ask questions and to see if you still need to arrange some things to start of well. Location: Spiegel 1 (SP1)
14:45 – 15:00	Information from our study association Dimensie. Location: Spiegel 1 (SP1)
15:00	Winter afternoon by Dimensie with some treats and hot beverages. Location: Backside of the Cubicus Building

Psychology programme information

The start of the study programme is on the 6th of February 2024. You can find the timetable on rooster.utwente.nl under 'Add timetable' 2023/2024, search for the module/study programme **Psychology PM FEB 2024 2A**.

Registering for courses

Registering for courses can be done in OSIRIS. This can be done as from one month before until the day before the course starts (if your enrolment has been processed). You can ignore the message that the course is not part of your programme, and just continue. When you have registered for a course in OSIRIS, the corresponding Canvas page will also become available for you. Approximately a week before the courses starts the first information will be available via Canvas. For an explanation of these educational systems, see: [educational systems | Home EDU systems \(utwente.nl\)](#) or [Educational Systems University of Twente - YouTube](#). More explanation about registration, OSIRIS and Canvas will also follow during the presentation on Monday 5 February.

Please note however that you might not be able to register for courses yet if your enrolment hasn't been processed fully. You can, however, still register on 5 February, so we can arrange things then for you in case of problems.

Appendix

The appendix includes more essential information about the programme, study materials, laptops and other information that is important for studying at the UT. Please take your time to read it all carefully and prepare yourself!

In case there are any questions left, please do not hesitate to contact us via studieadviseur-MPS@utwente.nl.

We look forward to meeting you on Monday 5 February and we already wish you a pleasant and fruitful stay in the Psychology programme.

Kind regards
on behalf of the Psychology staff and study association Dimensie

Romee Olde Keizer and Marlou van Nus
Study advisers (pre-)Master Psychology
