

Hello everyone! I am Yorick Moleman and currently I am a Faculty Council Member and I am the BMS-representative within the board of the Organisation of Study Associations. In 2017-2018, I was the commissioner of Internal Affairs of Study Association Stress. Next year, I'd like to be part of the Faculty Council again!

Due to the knowledge I gained from being in the Faculty Council as well as being the representative of all Study Associations within BMS and being a former board Member of Stress, I know all ins and outs of the faculty and their students. It would be a shame if that knowledge got lost and therefore I want to keep on contributing to the Faculty Council. This continuity is important to make the faculty council more transparent and to have more student involvement. That's why I ended up on List Stress!

With the five of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained in our board year. A board year where we actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote for List Stress!

Kind regards,

Yorick Moleman
