

Hello everyone! I am Yorick Moleman and currently I am a Faculty Council Member within BMS. In the past I have been Commissioner of Internal Affairs within Study Association Stress and the BMS representative within the board of Organisation of Study Associations. Next year, I would like to be part of the Faculty Council again!

Due to the knowledge I gained from being in the Faculty Council as well as being the representative of all Study Associations within BMS and being a former board member of Stress, I know all ins and outs of the faculty and their students. It would be a shame if that knowledge got lost and therefore I want to keep on contributing to the Faculty Council. This continuity is important to make the faculty council more transparent and to have more student involvement. That is why I ended up on BMS United!

With the ten of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained during our board years. Our different backgrounds unite expertise, diverse experiences and interests in one enthusiastic team. We actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote BMS United #5, Yorick Moleman.
