

Hi there, I am Huub, a MSc BA student, and together with nine other students I am on the list BMS United for the Faculty Council of BMS. After filling many positions within the BMS faculty, ranging from being a member of Programme Committees, a board member at Study Association Stress, a student member in the Faculty Council, and even being the Student Assessor, I just cannot get enough of improving the student representation within our beautiful faculty. I am looking forward to supporting the members of the Faculty Council with my extensive experience next year, to get more out of your vote for us!

With the ten of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained during our board years. Our different backgrounds unite expertise, diverse experiences and interests in one enthusiastic team. We actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote for list BMS United!
