

Hello! My name is Wouter and this year electable for the Faculty Council on list BMS United. I am pursuing a double degree in Public Administration and Computer Science, and over the last few years gathered quite some participation-related experience. Most significant, I am the current chair of the Faculty Council of EEMCS. I hope to be elected for the BMS Faculty Council as I believe we can improve the transparency within our faculty. Most notably, I hope to create more awareness among students about the possibilities to participate. Vote!

With the ten of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained during our board years. Our different backgrounds unite expertise, diverse experiences and interests in one enthusiastic team. We actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote for list BMS United!
