

Hey! My name is Alina and I am Business Administration Master Student. In my five years at the university, I have experienced a lot of different sides of the UT. Currently, I am a member of the university council on behalf of UReka. Before that, I have been active in lots of different fields. To me, it is really important that every student feels welcome at the university and is supported in their education and career development. Last year I worked on some topics including quality of education during corona times and integration of international students. Getting involved helps me make a difference at the UT.

With the ten of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained during our board years. Our different backgrounds unite expertise, diverse experiences and interests in one enthusiastic team. We actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote BMS United
