

My name is Laura Lamers (she/her) and I'm a second-year BMS-signature PhD student. In my project, I study the concept of dignity at work in the context of Algorithmic Management. I do this in a multidisciplinary setting in collaboration with IEBIS(HRM), PA and the Philosophy department. My position as a PhD student, working with multiple departments within our Faculty, provides a unique opportunity to echo the needs and wishes of BMS PhD students. It would be my pleasure to represent the PhD community within the Faculty Council!
