

Hello there! My name is Aarezo and I am a master student in BA and PSTS. I did my bachelor's in IBA with the double degree programme in Munster. Apart from my studies I am active within the honours community at the UT. Last academic year I did a part time board year at the honours association. Currently, I am a part of the university council, the central participation body at the UT, as part of the UReka faction. Aside from that, I am also a part of the programme committee of PSTS. In the university council, I am a chair of the financial and employee policy committee. During my year in university council, I saw the importance of student representation in participatory bodies at the UT and because of that I would like to contribute to student representation on a faculty-level next year!
