

Dear colleagues and students,

On behalf of the dean, we would like to draw your attention to the elections for the Faculty Council of our Faculty BMS, which will be held from 28 May – 1 June. This year there will be elections for both staff-members and students.

We have two announcements in this message.

1. Electoral register
2. Stand for a seat in the Faculty Council

### **1 Electoral register**

The Electoral committee pulled up electoral registers for students and for employees on 6 March 2018. Only if your name is included in this register you can be a candidate for membership of the Faculty Council and are able to cast a vote in the election.

The electoral registers are present for inspection at Ravelijn (3250) during working hours and Cubicus (B320) from 9.00 – 12.30. You can check if you are on the list from today until 16 March.

Please check if you are registered correctly. You can appeal until 27 March by [email](#) reply.

### **2 Stand for a seat in the Faculty Council**

Both employees and students may stand for the Faculty Council. Students stand for one year, employees stand for a two year cycle. In the Faculty Council you will think along, co-advise and co-decide on faculty policy (the Education and Examination Regulations (EER), financial resources for education and research, agreement on the establishment of or ending of a chair).

To nominate yourself please present yourself not later than 11 April, 17:00 hour with a signed list and a signed statement of willingness. Your candidacy must be supported by five students or employees who are in the same register as you are. See for the forms and the electoral calendar and election regulations on the [webpages](#).

Make yourself heard ... and nominate yourself!

Note that you can nominate with an individual list or with a collective list together with likeminded nominees. Seats are allocated to the lists based on the number of votes cast on the list. In case of a vacancy in the midst of a cycle, the seat is offered to nominees from the same list first.

For further information on the [Faculty Council](#) see the webpages or turn to current members of the Faculty Council.
