E-mail: k.oberschmidt@student.utwente.nl

Telephone: 053-489 3611 (Secretarial office)

Background

I started studying Psychology at the UT in 2013. In 2017 I finished my bachelor's. I am currently doing my Master's in Health Psychology and Technology and Health Sciences.

During my bachelor's I have been a board member in two associations. In the academic year 2015/2016 I was chairman and commissioner of educational affairs of study association Dimensie. The year after that I was the BMS representative of Overleg Studieverenigingen (Umbrella association of the study associations). This function, next to my experience as commissioner of educational affairs, sparked my interest in the organization of the faculty. Therefore, I feel that I am qualified to represent the BMS students as a member of the faculty council.

Other activities

Active member of study association Dimensie
