Background

My name is Rosan Verbraak, originally I am from a small village near Eindhoven in Noord-Brabant. I started with my study European Public Administration in 2016. After my first year I decided that I wanted to do something else so I did a board year at my study association Sirius. During 2017/2018 I was the Secretary and Commissioner ICT of Sirius, this has been one of the most informative and fun years of my life.

This year I will start with my study again as well as being a member of the Faculty Council of BMS. During my board year I became more interested in all of the faculty's affairs and I am very excited to represent all the fellow students in the Faculty Council!
