

Hey there! My name is Daan and I am currently the commissioner of educational affairs in the board of study association Stress. During my board year, I learned that I really like to think along with the program managements of the studies Stress represents. As I have regular contact with the program managements, it is easy for them to ask me for my student perspective. In some way, I have been representing all students of (International) Business Administration and Industrial Engineering and Management during my board year. For next year, I would like to step it up a notch and represent you, the students of BMS, in the faculty council by joining List Stress!

With the five of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained in our board year. A board year where we actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote for List Stress!
