

Hello! My name is Jitske, a third year IEM BSc student and I am on the list BMS United for the Faculty Council of BMS. Over the years, and especially last year as Commissioner of Educational Affairs at Study Association Stress, I have acquired a lot of insights on how the UT functions. During my board year, I had the pleasure of closely working together with the staff of BA, IBA and BA. Among other things, this showed me the dedication of the staff members but also the continuous room for improvement in favor of the students. I believe there are always things we can, and must, do better and want to do this together with BMS United.

With the ten of us, we want to make a difference by using the knowledge and experience related to educational and organisational processes that we gained during our board years. Our different backgrounds unite expertise, diverse experiences and interests in one enthusiastic team. We actively contributed to achieving changes in educational procedures to make sure students are better represented in influential advisory bodies throughout our entire faculty. On top of this, the understanding that we built up of the way our faculty is organised now, made us realise that we as students can and have to act to further improve the current status of student involvement.

Vote for better student involvement, vote for list BMS United!
