

Master programme Civil Engineering and Management 2017-2018

Construction Management and Engineering	Transport Engineering and Management	Water Engineering and Management	Integrated Civil Engineering Systems																																																																																																
PROFILES																																																																																																			
Markets and Organization in Construction	Transport Planning and Modeling	Integrated Water Management	Civil Engineering Structures																																																																																																
<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>Profile Courses (minimum 30 EC)</th> <th>EC</th> <th>Quartile</th> </tr> </thead> <tbody> <tr> <td>Research Methodology & Academic Skills (mandatory)</td> <td>7,5</td> <td>2</td> </tr> <tr> <td colspan="3">at least 3 of the following 4 courses:</td> </tr> <tr> <td>Planning and Process Management</td> <td>7,5</td> <td>1</td> </tr> <tr> <td>Legal & governance aspects</td> <td>7,5</td> <td>1</td> </tr> <tr> <td>Project Management</td> <td>7,5</td> <td>2</td> </tr> <tr> <td>Collaborative Design & Engineering</td> <td>7,5</td> <td>3</td> </tr> </tbody> </table>	Profile Courses (minimum 30 EC)	EC	Quartile	Research Methodology & Academic Skills (mandatory)	7,5	2	at least 3 of the following 4 courses:			Planning and Process Management	7,5	1	Legal & governance aspects	7,5	1	Project Management	7,5	2	Collaborative Design & Engineering	7,5	3	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>Profile Courses (minimum 30 EC)</th> <th>EC</th> <th>Quartile</th> </tr> </thead> <tbody> <tr> <td>Transport Research Project (mandatory)</td> <td>7,5</td> <td>any</td> </tr> <tr> <td colspan="3">at least 3 of the following 4 courses:</td> </tr> <tr> <td>Planning and Process Management</td> <td>7,5</td> <td>1</td> </tr> <tr> <td>Transport Modeling</td> <td>7,5</td> <td>2</td> </tr> <tr> <td>Land Use and Transport Interactions</td> <td>7,5</td> <td>3</td> </tr> <tr> <td>Sustainable Transport</td> <td>7,5</td> <td>4</td> </tr> </tbody> </table>	Profile Courses (minimum 30 EC)	EC	Quartile	Transport Research Project (mandatory)	7,5	any	at least 3 of the following 4 courses:			Planning and Process Management	7,5	1	Transport Modeling	7,5	2	Land Use and Transport Interactions	7,5	3	Sustainable Transport	7,5	4	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>Profile Courses (minimum 30 EC)</th> <th>EC</th> <th>Quartile</th> </tr> </thead> <tbody> <tr> <td colspan="3">at least 4 of the following 5 courses:</td> </tr> <tr> <td>Hydrology</td> <td>7,5</td> <td>1</td> </tr> <tr> <td>Water Footprint Assessment</td> <td>7,5</td> <td>1</td> </tr> <tr> <td>Design Project Water II</td> <td>7,5</td> <td>2</td> </tr> <tr> <td>Tools for Water Policy Analysis</td> <td>7,5</td> <td>3</td> </tr> <tr> <td>Integrated Water Management</td> <td>7,5</td> <td>4</td> </tr> </tbody> </table>	Profile Courses (minimum 30 EC)	EC	Quartile	at least 4 of the following 5 courses:			Hydrology	7,5	1	Water Footprint Assessment	7,5	1	Design Project Water II	7,5	2	Tools for Water Policy Analysis	7,5	3	Integrated Water Management	7,5	4	<table border="1" style="width: 100%; border-collapse: collapse;"> <thead> <tr> <th>Profile Courses (30 EC)</th> <th>EC</th> <th>Quartile</th> </tr> </thead> <tbody> <tr> <td>Sustainable Building</td> <td>7,5</td> <td>1</td> </tr> <tr> <td>Morphology (pr.know: Marine Dynamics)</td> <td>7,5</td> <td>2</td> </tr> <tr> <td>Research Methodology & Academic Skills</td> <td>7,5</td> <td>3</td> </tr> <tr> <td>Hydraulic Engineering</td> <td>7,5</td> <td>4</td> </tr> </tbody> </table>	Profile Courses (30 EC)	EC	Quartile	Sustainable Building	7,5	1	Morphology (pr.know: Marine Dynamics)	7,5	2	Research Methodology & Academic Skills	7,5	3	Hydraulic Engineering	7,5	4																		
Profile Courses (minimum 30 EC)	EC	Quartile																																																																																																	
Research Methodology & Academic Skills (mandatory)	7,5	2																																																																																																	
at least 3 of the following 4 courses:																																																																																																			
Planning and Process Management	7,5	1																																																																																																	
Legal & governance aspects	7,5	1																																																																																																	
Project Management	7,5	2																																																																																																	
Collaborative Design & Engineering	7,5	3																																																																																																	
Profile Courses (minimum 30 EC)	EC	Quartile																																																																																																	
Transport Research Project (mandatory)	7,5	any																																																																																																	
at least 3 of the following 4 courses:																																																																																																			
Planning and Process Management	7,5	1																																																																																																	
Transport Modeling	7,5	2																																																																																																	
Land Use and Transport Interactions	7,5	3																																																																																																	
Sustainable Transport	7,5	4																																																																																																	
Profile Courses (minimum 30 EC)	EC	Quartile																																																																																																	
at least 4 of the following 5 courses:																																																																																																			
Hydrology	7,5	1																																																																																																	
Water Footprint Assessment	7,5	1																																																																																																	
Design Project Water II	7,5	2																																																																																																	
Tools for Water Policy Analysis	7,5	3																																																																																																	
Integrated Water Management	7,5	4																																																																																																	
Profile Courses (30 EC)	EC	Quartile																																																																																																	
Sustainable Building	7,5	1																																																																																																	
Morphology (pr.know: Marine Dynamics)	7,5	2																																																																																																	
Research Methodology & Academic Skills	7,5	3																																																																																																	
Hydraulic Engineering	7,5	4																																																																																																	
Profile Electives - Free to choose any of the 35 CEM-courses (pay attention to the required prior knowledge) - Below: list of CEM-courses that fit best in this profile (in addition to profile courses) - Below: courses from other programmes that fit in this profile <i>(If you include courses from other programmes, we recommend you to make a selection, such that the majority of the programme is still formed by CEM-courses)</i>	Profile Electives - Free to choose any of the 35 CEM-courses (pay attention to the required prior knowledge) - Below: list of CEM-courses that fit best in this profile (in addition to profile courses) - Below: courses from other programmes that fit in this profile <i>(If you include courses from other programmes, we recommend you to make a selection, such that the majority of the programme is still formed by CEM-courses)</i>	Profile Electives - Free to choose any of the 35 CEM-courses (pay attention to the required prior knowledge) - Below: list of CEM-courses that fit best in this profile (in addition to profile courses) - Below: courses from other programmes that fit in this profile <i>(If you include courses from other programmes, we recommend you to make a selection, such that the majority of the programme is still formed by CEM-courses)</i>	Profile Electives - Free to choose any of the 35 CEM-courses (pay attention to the required prior knowledge) - Below: list of CEM-courses that fit best in this profile (in addition to profile courses) - Below: courses from other programmes that fit in this profile <i>(If you include courses from other programmes, we recommend you to make a selection, such that the majority of the programme is still formed by CEM-courses)</i>

* an "approved university" is any university in The Netherlands (not HBO-schools), or any international university that is partner of the UT or of the faculty of Engineering Technology.

For a list of partner universities, see: <https://www.utwente.nl/ctw/student-mobility/partners/>

For courses from other universities: contact your track-coordinator. The Free Electives should be at MSc-level and should have no overlap with other courses in your programme.

** For the procedure of how to start the course Preparation Master Thesis and your MSc-thesis project, see: https://www.utwente.nl/cem/master_programme/graduate/
