

Transfer Pricing Technologies B.V.

Editor – part time

Transfer Pricing Technologies is looking for a student to support its activities for its e-learning platform [e-Bright](#) and its other knowledge services. You will be involved in editing, and possibly writing, courses for the online learning platform and developing Q&A's on transfer pricing at our office in Rotterdam (Rivium Business Park) or in Amsterdam. You will start as soon as possible and you will be available for at least 6 months.

e-Bright currently offers online courses on Transfer Pricing, Value Creation, Valuation Techniques and Governance & Control and is constantly developing more courses. We are looking for an editor to edit our courses and other knowledge services.

Job description

- Main task: (Language) editing of our produced material
- Possibly: Writing course material on transfer pricing/intangibles/audits/other
- Possibly: Updating existing course materials
- Possibly: Developing Q&A's on transfer pricing
- Possibly: Updating transfer pricing country summary reports
- Possibly: Doing research on these topics

We offer

- A part-time job in the field of your studies
- Flexible working hours
- Experience in an international environment
- Knowledge in the field of transfer pricing/intangibles/other
- A small team in which your opinion is taken into account

Student Profile

- Native English speaker
- Excellent writing skills
- No extensive knowledge of transfer pricing required
- Attention to detail
- Good computer literacy
- Flexible mindset
- Proactive attitude
- Creative approach
- Sense of responsibility
- Team player who is also able to work independently
- Immediate availability

Note: please make sure you have a (zoekjaar) work permit if you are a non-EU citizen.
