

Cycling No Limit S.L., a Spanish startup located in Barcelona, is looking for interns for the year 2016/2017 to perform the following tasks:

- Creation of cycling tracks (road bike, BTT and city bike).
- Participation in the planning of international cycling and triathlon events such as Santander Triathlon Series or Barcelona Triathlon.
- Mechanic bike operations.
- Drafting of security protocols.
- Provide support to the planning of a professional team's season.
- Provide support to photo & video sessions.
- Provide support to the digital marketing campaigns (Facebook, Instagram, AdWords, etc.)
- Provide support to content creation in social media.
- Management of company images.
- Provide support to stock control and inventory.
- Shop customer service.
- Online customer service.

We are looking for students of the following bachelors: business, sports, sports management, design, communication or similar degrees. A good level of English is a must; other languages is a plus. The students must be outgoing, proactive and with general knowledge about cycling and triathlon.

The internship can last for all the year or only few months depending on the student. Usually, the internship will be in Barcelona but in some cases there will be national and international trips to attend competitions and other events.

This is an unpaid internship. In case of trips outside Barcelona, the company will cover all the student's expenses.

Please send your Resume to [maria@cyclingenolimit.com](mailto:maria@cyclingenolimit.com).
