| BSC | MSC |
| :--- | :--- |
| M = Module education including <br> exams | L = Lectures and other |
| X = extra week compensation <br> for holidays | E= exam |
| H = Holidays |  |
| Faculty Day Kick-In education free |  |
| Open Day/ No lectures |  |
| A= Addition for finishing <br> modules | R = Resits MSc |
| S/A $=$ Self-study for and <br> Addition for finishing modules | S = Self-study for resits |

For examinations and resits in Q4 and summer the following applies

- Week 26: regular Msc examinations for courses in the fourth quartile.
- Week 27: resits for courses in the third quartile (and possible sooner) for (4TU-) master courses \& regular Bsc examinations \& project grading.
- Week 30: resits for courses in the quartiles and finishing Bsc modules.

Summer holiday region North: 12 July until 24 August 2025
N.B. This Academic calendar is the basis for the annual planning. The dean can by exception decide to make a change in the weeks $28-35$. The involved students must be timely informed about this-no written or digital examinations during the Kick-In in week 35.

- The start of the VU programme and 4TU is in line with the start of the regular UT programme
- The principles of the calendar are $3 \times 10$ weeks of education and in Q4 an extra educational week to compensate for the number of public holidays.

The fixed 4TU approach for the framework of the academic calendar is that the first 3 quarters consist of 10 weeks of educational planning. Regularly an additional lecture week is scheduled for the fourth quarter to compensate for many official public holidays in this quarter.

| Quartile | Teaching days | Public Holiday/ <br> Bridging Day | Winter Kick-Inn | Open Days/ <br> regional WO day | Effective teaching <br> days |
