

# Employing international students. An overview of all procedures.

Are you considering offering an international student a (part-time) job or internship? Many employers would like to, but are hesitant because they are not familiar with the procedures.

- *Which regulations apply to this international student?*
- *How long will the application procedures take?*
- *What are the risks?*

Find the answers to these and many other questions in three new EP-Nuffic fact sheets, with an overview of all procedures, for employers, internship coordinators, career counsellors and students.
