

Programming

1. Students who did not complete 201000094 Programming with Structures before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in extra teaching activities and take a resit in quarter 1 of 2014-2015. (40 studenten)

Mathematics

2. Students who did not complete 191567030 Introduction to Statistics and Probability before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in the teaching activities of module 4 Art, Impact and Technology and complete Introduction to Statistics and Probability in quarter 4 of 2014-2015. (46 studenten*)
3. Students who did not complete 201200111 Systems and Signals NM before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 New Media and take a resit in quarter 1 of 2014-2015. (14 studenten)
4. Students who did not complete 191567020 Systems and Signals ST before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 Smart Technology and take a resit in quarter 1 of 2014-2015.
5. Students who did not complete 201000084 Strategies and Protocols before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can take a resit in quarter 2 of 2014-2015. (25 studenten)

Projects

6. Students who did not complete 201200105 Ambient Screens before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in project activities of module 6 Interaction and complete Ambient Screens in quarter 2 of 2014-2015. (12 studenten)
7. Students who did not complete 201200106 Hybrid Worlds before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in project activities of module 8 Hybrid Worlds and complete Hybrid Worlds in quarter 4 of 2014-2015.(61 studenten*)

Smart Technology

8. Students who did not complete part 1 of the 15 EC course Smart Technology (i.e. 201300150 Introduction to Electronics) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 Smart Technology and take a resit in quarter 1 of 2014-2015.
9. Students who did not complete part 2 of the 15 EC course Smart Technology (i.e. 201300150 Sensors) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 (ST) and take a resit in quarter 1 of 2014-2015.
10. Students who did not complete part 3 of the 15 EC course Smart Technology (i.e. 201300150 Communication Technology) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching

activities of module 5 (ST) and in the teaching activities of module 8 Hybrid Worlds and take a resit in quarter 4 of 2014-2015.

11. Students who did not complete part 4 of the 15 EC course Smart Technology (i.e. 201300187 Control Systems) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 (ST) and take a resit in quarter 4 of 2014-2015.

New Media

12. Students who did not complete part 1 of the 15 EC course New Media (i.e. 201200113 Sound Engineering) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 New Media and take a resit in quarter 1 of 2014-2015.
13. Students who did not complete part 2 of the 15 EC course New Media (i.e. 201200113 Graphics) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 (NM) and take a resit in quarter 1 of 2014-2015.
14. Students who did not complete part 3 of the 15 EC course New Media (i.e. 20120011 Game Development) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 (NM) and take a resit in quarter 1 of 2014-2015.
15. Students who did not complete part 4 of the 15 EC course New Media (i.e. 201200113 Data Visualization) before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 5 (NM) and take a resit in quarter 1 of 2014-2015.

Individual projects/assignments

16. Students who did not complete 201200114 Second Year Portfolio before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, should contact their tutor to arrange for completion of this unit in 2014-2015. (*70 studenten**)
17. Students who did not complete 201000196 Creative Exploration in Art Science and Technology before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, should contact the responsible teacher (Angelika Mader) to arrange for completion of this unit in 2014-2015. (*70 studenten**)

Other courses

18. Students who did not complete 201200110 Research Methodology before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in teaching activities of module 6 Interaction and complete Research Methodology in quarter 2 of 2014-2015. (*8 studenten*)
19. Students who did not complete 201200109 Web Services and Data Driven Applications before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in the teaching activities of module 8 Hybrid Worlds and complete Web Services and Data Driven Applications in quarter 4 of 2014-2015. (*21 studenten*)
20. Students who did not complete 201200107 Animated Narration before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can

participate in the teaching activities of module 8 Hybrid Worlds and complete Animated Narration in quarter 4 of 2014-2015. (*14 studenten*)

21. Students who did not complete 201300099 Innovation and Entrepreneurship before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in the teaching activities of module 7 Innovation and Entrepreneurship and complete Innovation and Entrepreneurship in quarter 3 of 2014-2015. (*32 studenten + 11 studenten*)
22. Students who did not complete 201200108 Startrix for CreaTe before 2014-2015 but who need to complete it in order to eventually take their Bachelor's degree in Creative Technology, can participate in the teaching activities of module 7 Innovation and Entrepreneurship and complete Startrix in quarter 3 of 2014-2015. (*66 studenten*)
