

Year 2 @ CreaTe

Year 2 and module 5
information meeting

13th of June 2016

Year 2: deepening

Mod 5	Mod 6	Mod 7	Mod 8
Smart Tech (5a) New Media (5b)	Intelligent Interaction Design	Innovation & Entrepreneurship	Data: from the sources to Senses
Specialisation / deepening	User centered design, AI, HCI	Business, ethics	(big) data visualisation, protocols, ST/NM

People today

- General information Y2 and M5 (Erik)
- Smart Tech (M5a) (Edwin Dertien)
- New Media (M5b) (Job Zwiers)
- Smart Tech student perspective (Hinke Bosch + Roseydis Primera)
- New Media student perspective (Merel Meekes + Tina Wevers)
- Question time (teachers, 2nd year students incl. Felicia Rindt)

Module 5 NM & ST

Common denominators in both modules

Topic	EC
NM/ST Core courses	10.5
Math (Sys. and Sign. (ST) or Math for CreaTe (NM))	2
Literature Research Project	2
Professional Development (tutoring)	0.5
Total	15

Portfolio in module 5 (0.5EC)

- Tutoring/portfolio will be called professional development from this year on
- The tutor will have a name change too → mentor. You, as a tutee, will become a mentee
- From this year on the coordinator of mentoring will be Robin Aly
- Professional development (tutoring) continues in year 2 (0.5EC per module)

5

Project in module 5 (2EC)

Training in scientific research and methodology:

- **Individual** project
- **Research (literature)** project (not making but investigating)
- Formulate **research question**
- Perform **literature research**
- Report findings in a shared ST and NM **poster presentation**

6

Math in module 5 (2EC)

- Both ST and NM module are supported by a math course (Systems and Signals (ST) and Math for NM, resp.)
- Same Teacher (Paolo Frasca), content though differs
- Content is tailor made for modules

7

Smart Tech as prerequisite

The UT is one of the three Dutch, technical universities and thus many of the UT masters are technical in nature

For some 3rd year premasters (and thus masters) Smart Technology is required. This concerns:

- Embedded Systems (EWI)
- Systems and Control – Mechatronics (EWI)
- Electrical Engineering (EWI)
- Sustainable Energy Technology (CTW)
- Biomedical Engineering (TNW)

8

Register choice for ST/NM

- As used to you register in Osiris a few weeks (days) before start of module
- In addition, please also indicate your choice for NM or ST on our website (<http://www.utwente.nl/create/>)
- The form is here:
http://www.utwente.nl/create/program_second_year/second_year_specialization/
