	Credits *
Homologation courses	
_____	...
_____	...
_____	...
2 basic courses	
<input checked="" type="checkbox"/> 192110902 Advanced Database systems	5
<input checked="" type="checkbox"/> 192320820 Design science methodology	5
	10
At least three of the following courses	
<input type="checkbox"/> 201200044 Managing Big Data	...
<input type="checkbox"/> 192340041 Software Management	...
<input type="checkbox"/> 192110940 Secure Data management	...
<input type="checkbox"/> 192110961 XML & Databases 1	...
<input type="checkbox"/> 192111332 Design of Software Architectures	...
<input type="checkbox"/> 192320501 Electronic-commerce	...
<input type="checkbox"/> 192320850 Advanced requirements engineering (start module 5 ec)	...
<input type="checkbox"/> 192330301 Specification of information systems	...
<input type="checkbox"/> 192652150 Service-oriented architecture with web services	...
<input type="checkbox"/> 192320111 Architecture of information systems	...
	...
At least 20 ECTS of the following advanced courses	
<input type="checkbox"/> 201300074 Research Experiments wih Data and Information retrieval	...
<input type="checkbox"/> 192160400 Information retrieval	...
<input type="checkbox"/> 192320220 Advanced architecture of information systems	...
<input type="checkbox"/> 192135450 ADSA-Model Driven Engineering	...
<input type="checkbox"/> 192135400 ADSA-Product Line Engineering	...
<input type="checkbox"/> 201000326 Advanced requirements engineering (follow up modules 10 ec)	...
	...
Elective courses	
_____	...
_____	...
_____	...
_____	...
_____	...
	...
Graduation	
<input checked="" type="checkbox"/> 192199508 Research topics	10
<input checked="" type="checkbox"/> 191612680 Computer Ethics	5
<input checked="" type="checkbox"/> 192199978 Final project	30
	45

Total at least 120 credits ...
