

**REQUEST FORM STUDY PROGRAM AT FOREIGN UNIVERSITY**

This form is to submit a request to the Examination Board of the Chemical Science and Engineering Bachelor Programme to fulfil the minor part (15-30 EC) by study at a foreign university.

Please also fill in the form: Request Board of Examiners BSc. You don't need to fill in Section B of this form (detail description of your request).

<b>Student name</b>	
<b>Student number</b>	

Hereby I request to include the below uniquely identified courses (of the foreign university) to be part of my Chemical Science and Engineering Bachelors Programme.

**Please note that your final grade list from the foreign university must include a signature of the responsible person of the foreign university and a stamp of this university in order to be able to process the results in Osiris. The sufficient results will be processed as 'pass'.**

I declare that I will have met the minimum requirements (see programme-specific part of the EER) for starting with the minor before departure.

**Specification of location:**

<b>Name of university</b>	
<b>Department of faculty</b>	
<b>Residence and country</b>	
<b>Date of departure</b>	
<b>Date of return</b>	
<b>Contact (e.g. study advisor)</b>	

[illegible]

**Total number of EC's**

11

**\*Be sure to include full course description of all above listed courses in an appendix to this request.**

**Date and signature Examination Board**

[illegible]
