

How to add your Keywords in an Expert Finder?

- Select 'edit profile' in the Pure personal overview page.

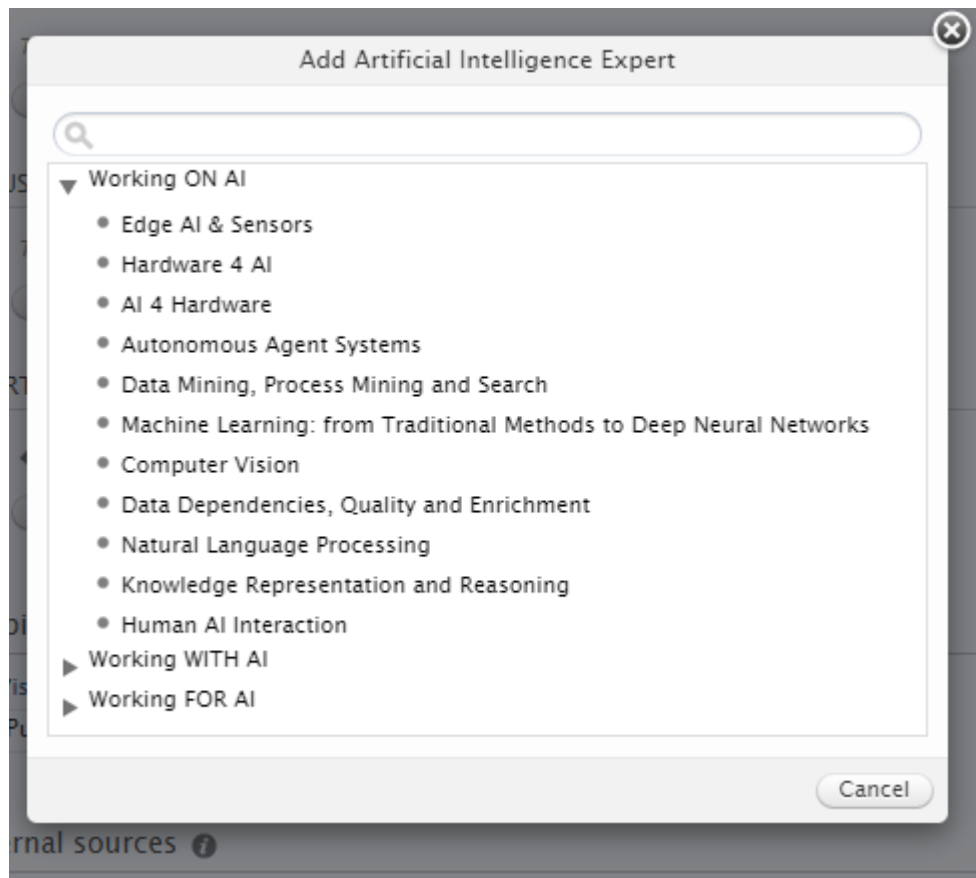

- In the 'Keywords' section, click the option 'Add Artificial Intelligence Expert' for the AI Expert Finder, or 'Add Transport Expert' for the Transport Expert Finder.

Below the screenshots are for filling out the AI Expert Finder, but it is the same process for the Transport Expert Finder.

- Choose one or more Artificial Intelligence Expert keywords in the pop-up screen.

- It is possible to change the order of the Artificial Intelligence Expert keywords in your profile by clicking the up or down arrows behind the keywords.

- When done completing the form, click Save at the bottom of the screen.

General principles
He articulated the principle of relativity. This was understood by Hermann Minkowski to be a generalization of rotational invariance from space to space-time. Other principles postulated by Einstein and later vindicated are the principle of equivalence, general covariance and the principle of adiabatic invariance of the quantum number.
