It is possible not to apply for a scholarship. You will not have to fill out information. It is also possible that you are not applicable for a scholarship, because, for example, you will graduate internal or in the Netherlands. If you want to apply for a scholarship you have to fill out the scholarship questions.

If you apply for a scholarship it is possible to receive the Twente Mobility Fund, Erasmus+ or Holland Scholarship. The mobility online tool will allocate you to the correct scholarship based on your scholarship questions. It is also possible to be allocated to the pipeline 'without scholarship' if you do not fit the requirements or delivered your application passed the deadline.

If you have questions regarding the scholarship, you can contact the scholarship officers: studyabroad@utwente.nl

If you are allocated to one of the scholarships, you can use the TMF, Erasmus+ and Holland Scholarship manuals for these steps.
