Onderwerp: OLC-TW: advice 191508409 Final Project (116)
Bijlagen: FinalProject-OSIRIS.txt

To: Jan Willem Polderman, Programme Director AM
From: Programme Committee AM (OLC-TW)

The OLC-TW has noticed that the OSIRIS description of the AM-Final Project (191508409) does not contain any learning goals. We have drafted these and advise to adapt them accordingly. We note that they are only formulated in English as that is the language of instruction, even though that is mentioned differently in OSIRIS.

With kind regards,

Hil Meijer,
Chair Programme Committee AM
