PREPARE

RESEARCH FUNDING WEEKS

RESEARCH FUNDING WEEKS 2024: GET READY, GET MOTIVATED!

If you are a **researcher in search of more funding acquisition expertise**, looking for your first grant or for a more competitive edge to your efforts; or if you are **support staff** committed to help the research community on their acquisition efforts: the **Research Funding Weeks programme was made for you**.

Join us from 21 to 30 May for focused and interactive sessions, built from the perspective of the pains often felt when getting started with research funding. Next to the content-specific sessions oriented by UT grant experts, you will also find a satellite programme from Faculties and research support units, tailor-made to specific communities. At the end of the day, you will be equipped with practical tips and tools to use in your funding efforts and become more aware of the valuable resources available around you.

FEEDBACK

HOME (EN)

VENI INFO-SESSION

RESULT

Increasing your chances in acquiring a VENI grant by:

- Learning about the procedures and the evaluation criteria for the NWO VENI grant.
- Importance of your CV for the VENI grant.
- The support offered at the UT in preparation for a VENI.

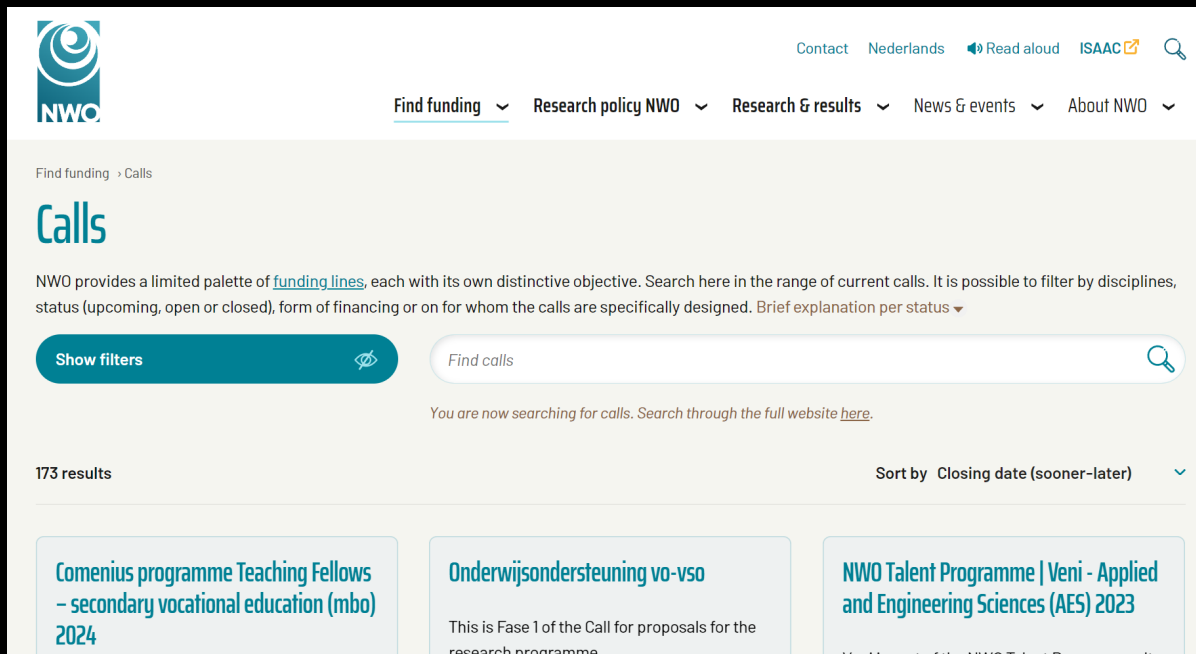

CONTENT OF THE COURSE

This Info session will give you insight into a VENI Talent Scheme application's procedures, evaluation criteria, and important aspects. The VENI application consists of two phases: the first step is the submission of the pre-proposal (early September 2024) and, if selected by the NWO committee, a full proposal (January 2025).

LINK IDEA TO OPPORTUNITY DEVELOP PROPOSALS

The screenshot shows the NWO Calls website. The header includes the NWO logo, navigation links (Contact, Nederlands, Read aloud, ISAAC), and a search icon. The main navigation bar has links for Find funding, Research policy NWO, Research & results, News & events, and About NWO. The page title is "Calls". Below the title, a paragraph explains that NWO provides a limited palette of funding lines, each with its own distinctive objective. A search bar with the text "Find calls" and a "Show filters" button is present. Below the search bar, it says "You are now searching for calls. Search through the full website here." The results section shows "173 results" and a "Sort by Closing date (sooner-later)" dropdown. Three funding opportunities are listed: "Comenius programme Teaching Fellows – secondary vocational education (mbo) 2024", "Onderwijsondersteuning vo-vso", and "NWO Talent Programme | Veni - Applied and Engineering Sciences (AES) 2023".
