UNIVERSITY OF TWENTE.

Educational Science and Technology in part-time 2026-2027

IMPORTANT:
The contents of the part-time Pre-master and Master programmes are exactly the same as the full-time programmes; the only difference is that in the part-time mode the courses are spread out over a longer period because fewer courses are taken per quartile, and thus the study load is reduced.

There are no special regulations for part-time students in the programme and when enrolled in a course, the course must be followed in the same way as, and together with, the full-time students.

We certainly make an effort to stick to the preferred lecture days as mentioned, but this cannot always be guaranteed. Especially for courses that are shared with other UT programmes the schedule can deviate from EST preferences.

No rights can be derived from the choice for the part-time route.

- **Study load** for 2 year trajectory: on <u>average</u> 20 hours per week (however not equally distributed over quartiles in the first year, depending on following 1 or 2 courses)
- **Minimum 2 days, but preferably 3 days/week** are needed to complete the master within the part-time timeframe.
- **Lecture days in Master** (not always full days, but you must be able to come to the UT on these two days): **Monday + Tuesday**.
- No evening classes. Most classes are scheduled on campus and must be attended in person.
- **Statutory tuition fee ('wettelijk collegegeld')** rate **part-time** (per study year):
  in 2026-27 € 1.972
  In case of **Institutional tuition fee ('Instellingstarief')** for a **second Dutch** master (per study year): in 2026-27 € 18.200
- **Start** possible in September or February.
- Doing the master in part-time is **not** an option for **non-EEA** students because the visa for study purposes requires them to study full-time.
