	Course Name	Advanced Soil Mechanics	Building with nature	Georisk Management	High quality modelling	Hydraulic Engineering	Hydraulic Modelling	Hydrologiccal Modelling and forecasting	Long Waves and Tidal Morphodynamics	Mathematical Physics of Water Systems	River Morphodynamics	River Flow Processes	Wave-Dominated Coastal Systems
201800039	Building with Nature												
	Data Analysis in WEM												
	Hydraulic Engineering												
	Long Waves and Tidal Morphodynamics												
201800027	Mathematical Physics of Water Systems												
	River Flow Processes												
201800035	River Morphodynamics												
201800023	Water Quality												
202100124	Wave-Dominated Coastal Systems
