Write here your summary in no more than 400 words. Arial Narrow, size 10 pt. Align left. Use an empty line between each paragraph. Take this summary seriously as it is the presentation of your work to the outside world. Use one or two figures to illustrate your summary. Use adequate resolutions. Use figure captions as shown below. Tables can also be included. An example of the table layout is given below. Use table captions. Try to avoid references in the summary, but if the work is strongly related to a publication you can use the format as given at the bottom of this page.

Fill out the box with student name, graduation date and committee members in the lower left corner, all in Arial Narrow. The student name (first and last name, no initials) is bold 14 pt., the rest has size 11 pt. Affiliations are italic. Give titles separated by dots, no spaces. Use initials rather than first names. People from different affiliations are separated by an empty line. The bottom line in this box should line up with UNIVERSITY OF TWENTE in the footer. The box is separated 1 cm from the left side.

Table 1. Example of a table (Arial Narrow, 8 pt, caption italic, only horizontal lines)

Location	Parameter 1 [m]	Parameter 2 [m/s]	Parameter 3 [-]	Parameter 4 [s]
1	292.5	33.9	0.80	0.28
2	292.5	33.9	0.94	0.30
3	270	35.2	1.00	0.35

For each summary a different picture in the left margin will be used. This will be inserted by WEM after submission.

The responsible supervisor should approve your summary. Submit the approved summary digitally as a **word document** to Joke Meijer (j.b.g.meijer@utwente.nl). Examples can be found on <https://www.utwente.nl/ctw/wem/education/finished/>
