

How to write a competitive proposal?

In the Grants Week session “How to write a competitive proposal for Horizon 2020?”, Dr Sean McCarthy (Hyperion.ie) spoke to UT researchers on the basics for getting to know the funding scheme, and the ways about developing a competitive bid. Dr McCarthy’s presentation is not available in pdf, but handouts from the session are still available: just get in touch with the EU-Office (eu-office@utwente.nl) if you’d like an extra copy. Let us also know whether you would like to have access to the Hyperion book on the theme.
