## Training courses

On 6 October you participated in the Grants week meeting with Aya van den Kroonenberg and Erik Prins. They gave you a lot of tips and information. Furthermore they mentioned some special UT courses which can be interesting for you. All UT-courses are on one website: <a href="Centre for Training and Development">Centre for Training and Development</a>.

Here you can find specialized courses such as: <u>VENI</u>, <u>VIDI</u>, <u>ERC</u> and <u>Competing for research grants</u>.

Good luck and best regards
On behalf of the Centre for Training & Development,

Marjolein Rietman
